ner handles, waxed finish **10c**

ARTHUR W. VERCOE
Candidate for Assistant Supervisor

PAUL L. UDEHL
Candidate for Town Collector

Announcement

We take pleasure in announcing that the business men shown here have agreed to become candidates on the "Conservative Ticket" in the coming township election, Tuesday, April 4th. In presenting them to the voters of Deerfield township, we believe we have a group of good capable men. Men who have worked for years, without compensation on various committees for "A Greater Deerfield". They have always been in favor of every forward and progressive movement that would make our community a better place in which to live.

We believe this entire ticket deserves the support of every good citizen, and we also believe that every good citizen should take an interest in the coming election.

None of these men, with the exception of one, have ever held a public office with compensation, but have served the public in many ways without pay. Let's "Get Together" and show our appreciation by giving them a generous vote.

Following is a short sketch of each candidate:

ARTHUR W. VERCOE, Candidate for Assistant Supervisor, has lived in Highland Park for five years and during all that time has been an ardent worker for a better community. He is president of the North Shore Trust Co., treasurer of the Rosehill Cemetery Co., and is a member of the East Park Board. He is a property owner and has always been ready to assist in every forward movement. He deserves your support.

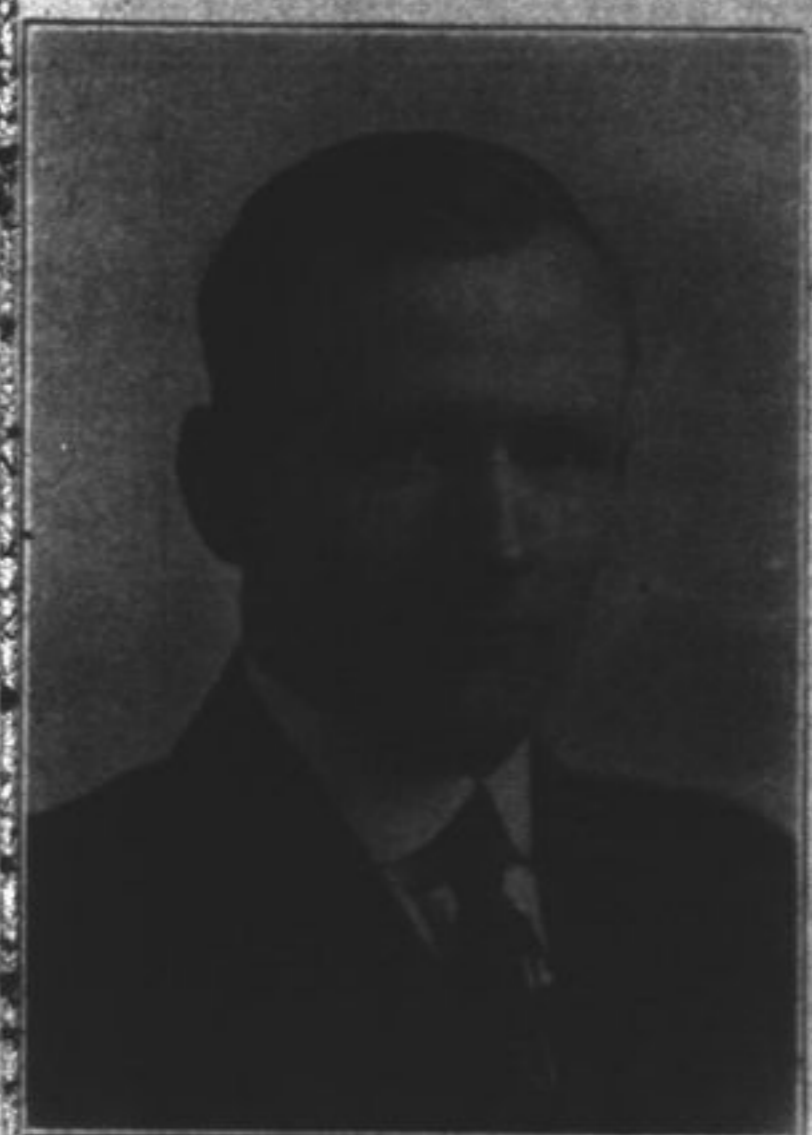

LYLE GOURLEY, Candidate for Town Clerk, has lived in Highland Park about five years. He is a young man of exceptional character, is captain of the Young Men's Life Saving Crew, and is at present serving on the Publicity Committee of the Civics Commission. He is a property owner. Has never shirked a public duty. He deserves your support.

PAUL L. UDELL, Candidate for Collector, has lived in Highland Park almost six years. He is a young man of good character, and has always been found working for the best interests of the community. He, with his brother, has supported, through the columns of THE PRESS, every progressive movement in the community. He has served on numerous committees that stood for a "Greater Deerfield". His business experience, both here and in Chicago, makes him a capable man for the office he seeks. He is Superintendent of THE PRESS, is buying a home here, has a little girl in school and fully expects to make his permanent home here. He deserves your support.

WILLIAM E. BRAND, Candidate for Assessor, has lived in Highland Park practically all his life. Years ago he served as Assessor and Collector. Was Postmaster under Harrison and Cleveland. Has served on several progressive committees. He is in the real estate business and is fully familiar with real estate values which will make him a valuable man as assessor, and we might say he is a conservative man. He deserves your support.

Be a good citizen, both Men and Women, "get out" and vote Tuesday, April 4th, for men who stand for a "Greater Deerfield"

PLANTING FEVER

Only healthy people can get this disease, the symptoms are as follows; you find yourself looking through seed catalogues, you have a desire to order Fertilizer for your lawn and Grass Seed, hardy flowering plants, shrubs or trees, spring is here once more you feel like getting into the soil and dig, sow and plant.

If there is one time when nature doesn't look quite as attractive it is now, before things get green, it isn't really nature who is at fault but rather ourselves, things have accumulated all through the winter months, a general house cleaning outdoors is in order, the lawn, drive, walks, shrubbery and flower beds need fixing up the trees need attention, no end of work.

You are one of the fortunate ones to have a home in the country, what a wonderful spot we happened to land on, where is there a more ideal place to live in than Highland Park, this is Heaven right here. You can't help but get a dose of planting fever.

Plan and plant and keep it up, beautify your home grounds, the money you spend for doing it is absolutely nothing compared with the pleasure you get out of it, every cent spent for a lilac or honeysuckle bush or little elm, a peonia root even a holly bush will just increase the value of your grounds that much.

You purchase a beautiful expensive vase, a mahogany hall clock or a grand old piece of furniture to adorn your home with, but all of that is lifeless, a week after you possess it and you don't know you have it, nothing more to look forward to, compare this

with the garden, all your friends out in the hardy flower border who bloomed last summer went to sleep in the fall only to wake up again this spring grander than ever, truly a companionship worth while.

What could there be more soothing for the tired brain after a day of hard mental work than an evening spent out on the lawn under beautiful trees, surrounded by the perennial flower borders, or what could fit you better for the new day than watching the Birds, playing in the fountain you had built for them, while having your breakfast or a half hour among the posies before you catch the 8:09, you can't enjoy these privileges in the elaborate hotel or flat of the city.

No recreation on earth compares with gardening, are you getting your share of it? Are you going to have a better lawn this year than you had last, are you going to plant more flowers, more shrubs, are you going to get busy, in other words have you the planting fever? If so, get, Dr. Bahr the specialist, he has a lot of diplomas for transforming gloomy grounds into cheerful ones, let him increase your fever and make a chronic case out of it and you haven't any sign of planting fever yet, consult him any way, he will help you get it for your own good, the good of the town and the whole country, call him up at 44-78 or 85 and get your first treatment free of charge.

FRITZ BAHR

At our store next door to the Postoffice you will find not only Flowers, but everything you will need or want in Garden or Flower Seeds, Bulbs for summer blooming, Fertilizer, Dickinson's Grass Seed in the original packages, Insecticides, Sprayers. Come over and get acquainted.
