## 54 of the 64

Statistics of a big life insurance company show that beginning with 100 healthy Americans, we find 64 living after 40 years, and 54 of the 64 dependent upon relatives, friends or public charity.

This is indeed food for serious thought. Will you be one of the 54? Emphatically, No. Banish the thought-to-day by planning and providing at least a modest competency. Persistent, systematic saving will do it.

Begin to-day with one productive dollar at the

### Presbyterian Church Notes

Despite the rainy day, the observance of Self-Denial Week, closing last Sunday, brought to the Treasurer of Sunday, brought to the Treasurer of Benevolences over \$200, to be used in supplementing the offerings of this church to Foreign Missions on account of the disturbed conditions in the foreign field incident to the war. It is expected that other offerings will be received during the week before the books close.

On account of the rain last Sunday evening, the stereopticon lecture on missionaries was postponed until next Sunday evening, when Mr. Greene will address the young people's meeting at half past seven o'clock.

Invitations have been issued to all members of the church and all regular subscribers to the current expenses of the church, to attend the annual church dinner in the parlors of the church next Monday evening at 6:45 o'clock, when reports for the past year's work will be given, officers elected and an evening of fellowship and music enjoyed. This is the first time that this meeting has taken this form, and it is hoped to make it an annual event in the life of the church.

Next Sunday morning the pastor will speak on the fifth petition of the Lord's Prayer, "Forgive us our sins as we forgive our debtors." And at 4:30 o'clock will be held the last Vesper service of the season. The program will be found in another place.

The regular meeting of the Christian Endeavor Society, will take place at seven-thirty o'clock Sunday evening. Mr. George Greene will lead the meeting and has taken the subject "Great Home Missionaries," which will be illustrated by stereopticon pictures.

The last Vesper program of the year will be held at the church next Sunday afternoon, at 4:30. The program includes Pilgrims' Chorus' Wagner; Concert Overture in C Minor, Hollins, bass solo, "Judge Me, O God;" Buck, violin solo, Andante Religioso, Thome, Sherzo, Faulkes, "Im Garten, Goldmark, bass solo, "Do Not Ask O Lord," Spross (with violin obligato). Toccato in A, Frysinger. Soloists are to be Mr. Samuel Ross, bass; Mr. George R. Jones, violinist, and Mr. Allan B. Benedict, organist.

### High School Notes

Reports of academic work done at Northwestern University, Evanston, by Deerfield graduates have been posted on the bulletin board. Mary and Miriam French, Joseph Gibson, Paul Barker, and Evelyn Taylor are among those who have had their reports thus posted. The reports show exceptionally good work.

Councillors, who in the past have had charge of order in the halls and locker rooms, before school are placed on duty now all day, to guard the student and school property. The duties of these councillors are to keep order in the halls and to have charge of the passing lines at fire drills.

Dr. Henry West of the University of Cincinnati visited school Saturday. Dr. West is getting ideas on the group plan of building, such as used at Deerfield.

A number of the high school girls took the teachers' examination, held at Waukegan, Thursday and Friday of last week. The girls had taken the teachers' course the first semester and were well prepared for the examination.

Inter-class indoor track meets are being held today and tomorrow.

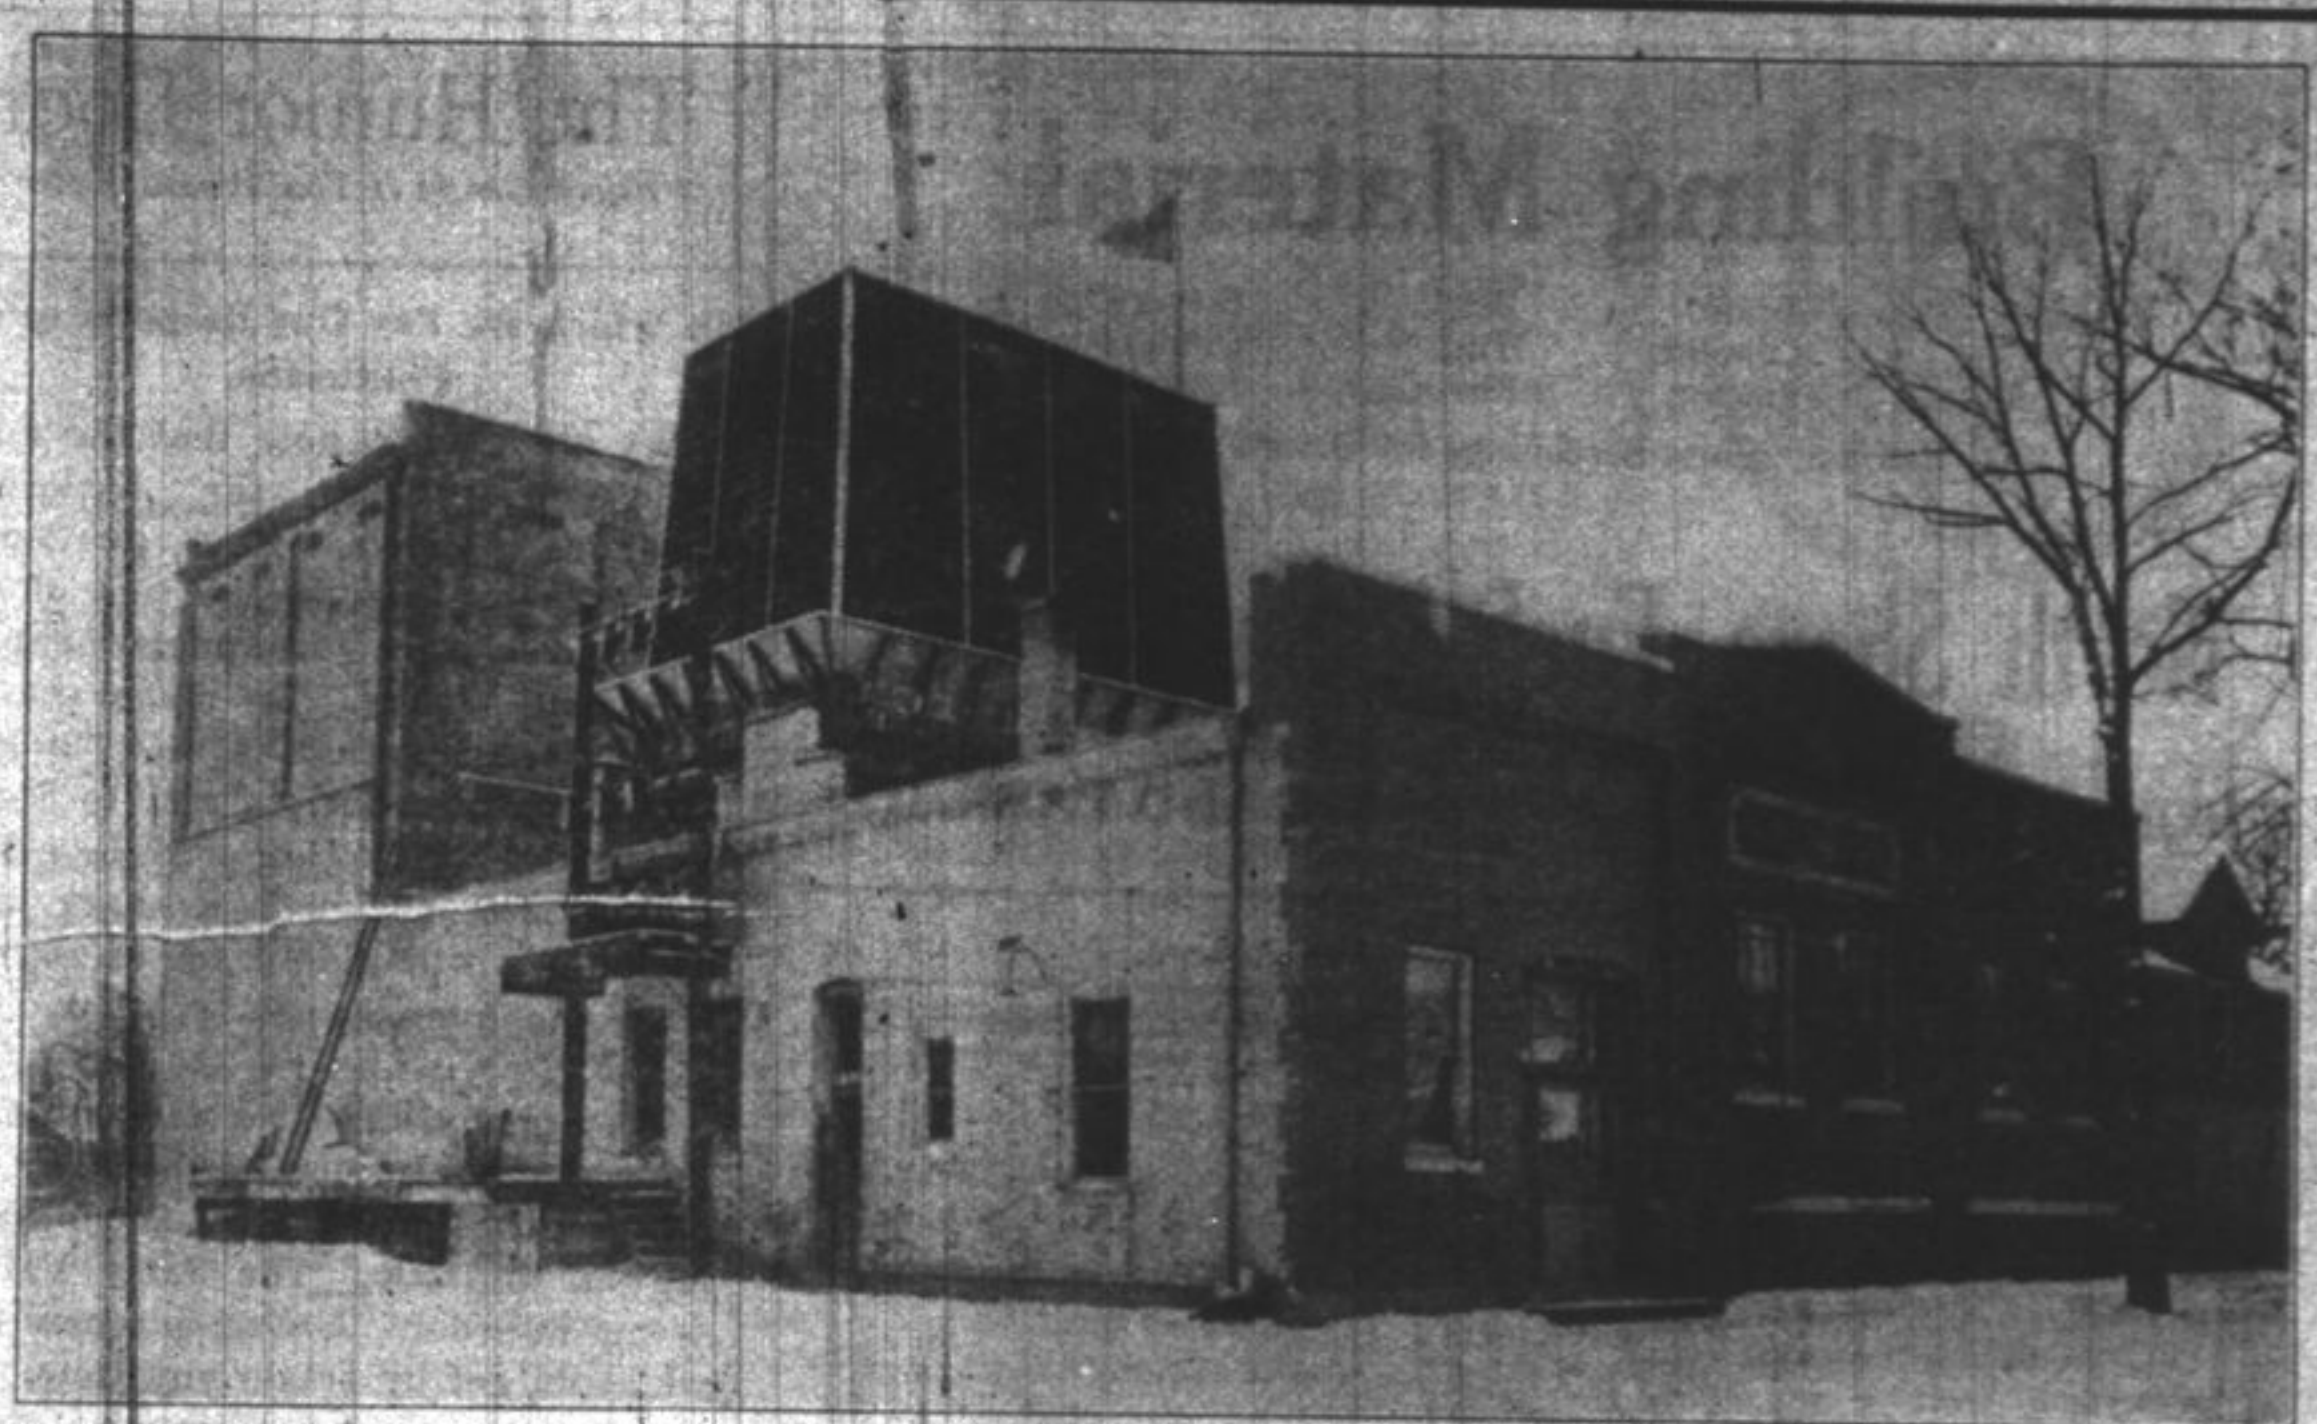

### Additional Society

A number of people gathered at Club at luncheon at the Exmoor Club evening for the regular monthly card party.

Miss H. R. Loudon of N. Sheridan Road entertained the Embroidery Club luncheon at the Exmoor Club yesterday.

The last regular meeting of the Chapter of the Westminster Guild was held Tuesday afternoon at the Frank C. Clark residence. Miss Mildred Calk led the devotionals, Mrs. Carl Booth read a few entertaining selections and the study was in charge of Mrs. B. A. Hamilton, Mrs. C. W. Childs, Mrs. F. A. Watkins, and Mrs. Raymond Flinn. The next meeting will take place Tuesday afternoon, April eleventh, at the home of Mrs. Francis Bard.

Purity Ice & Refrigerating Co. Highland Park, Ill. Gentlemen:

The sample of water which you submitted to us for analysis taken from our Water Purifier and Filter showed that it contained four grains of lime per United States gallon. The mud, silica, organic matter and bacteria was all removed, that the water is absolutely pure and the ice that you are making is better than any that is made in the city of Chicago or any suburban town.

Very truly yours, The Greer Chemical Co. Roland C. Greer, Gen'l Mgr.

### Up-Stairs

Passed on beyond our mortal vision, All heedless of our falling tears, Unconscious of our desolation.

Unnoting all our lonely years, And while in silent grief we lingered, Came tender voices unheard before;

"Weep not; the one whose loss you sorrow Has gone upstairs, and shut the door."

Passed on, beyond our mortal vision, But now the thought is robbed of gloom;

Within the Father's many mansions Still dwelling in another room, The one whose going left us lonely, Is scaling heights undreamed of yore

And guided on by Love's unfolding "Has gone upstairs and shut the door."

In Memory of Floyd Dean Aynsley, who passed on one year ago, March 30th, 1915. -5-adv.

### Parents and Teachers' Association

The next regular monthly meeting of the South Division Parents and Teachers' Association will take place Wednesday afternoon April 5, at 8:30 o'clock. Mrs. W. S. Hefferan, of the Illinois Congress of Mothers' Parent-Teacher Association, will speak. Every one who is interested in the association is cordially invited to attend. A social hour will follow.

### TREES IN BOOKS.

Probably the Most Curious Collection of Volumes in the World.

There is perhaps one of the most curious collections of books in the world to be found in a small town, on the continent of Europe, says the London Tit-Bits. It is really a botanical collection. Outwardly each volume presents the appearance of a block of wood, and that is what it actually is. But an examination reveals the fact that it is also a complete history of the particular tree which it represents.

At the back of the book the bark has been removed from a space which allows the scientific and the common name of the tree to be placed as a title for the book. One side is formed from the split wood of the tree, showing its grain and natural fracture. The other side shows the wood when worked smooth and varnished. One end shows the grain as left by the saw and the other the finely polished wood. On opening the book it is found to contain the fruit, seeds, leaves and other products of the tree, the moss which usually grows upon its trunk and the insects which feed upon the different parts of the tree. These are supplemented by a full description of the tree. In fact, everything which has a bearing upon that particular tree secures a place in the collection.

### Carrots.

Carrots were first introduced into England by Flemish gardeners in the time of Elizabeth, and in the reign of James I they were still so uncommon that ladies wore bunches of them on their hats and on their sleeves instead of feathers.

### Much Entertained.

Said Cholly—I have just been looking over a volume of revised statistics. Quoth Aky: Well! Cholly—I had no idea there were so many interesting ways of breaking the law.—Louisville Courier-Journal.
