ARCADY FARM PURE BUTTERMILK is not only a thirst satisfying beverage but it is also a food and a medicine. Physicians recommend it continually in their practices for it promotes digestion and prevents intestinal disorders. One doctor has declared that a bottle of pure buttermilk is better than all the prescriptions written for *Dyspepsia*.

The ARCADY FARMS produce two types of buttermilk, the ordinary buttermilk or the plain type and the **Bulgarian Buttermilk**. The later is especially desirable on account of its therapeutic value and is used extensively as a remedy for stomach disorders.

Our buttermilks are pure rich buttermilks in the truest sense. They are wonderfully uniform and possess a delightful smooth creamy flavor. You will like ARCADY FARM BUTTERMILK—order today through our local office.
