REGULARS WIN 6 TO 1 OVER LACEY'S A. C.

WEST SIDE TEAM TAKE SUNDAY OFF

Both Teams to Play next Sunday. Regulars to Rub Against the Strong Avers A. C. from Lyons, Ill. Game called at 2:30

By Regular Fan

The Regulars again won by the score of 6 to 1. The game was marked by spectacular fielding and heavy hitting on both sides, but oh my, how our boys can hit that apple. Little Jimmie Leyden, Noisy Jimmie Collins and Big Boy Williams, who perform in the outfield, were the hitting stars and each had to travel far to capture some of the long drives made by the Lacey's as they were no weaklings at the bat, judging from the hits they made. Mitchell was in good form. Clarence Cross playing short, and Fiene at first carried away the fielding honors. Next Sunday the Regulars will meet the strong Avers A. C. from Lyons, Ill., and the fans will be sure to see a good hot battle. It looks as though Highland Park is in for a long string of victories, and also remember, fans, that they are playing the best teams obtainable. So do not belittle the visiting club if they are beaten, as our boys promise to beat everything this season, and are out for a perfect record and will meet the strongest teams in Northern Illinois, and also set a record that will never be forgotten by the fans, so let's all turn out and come down to Lincoln Ave. Sunday and root for the home boys.

"By Cupid"

The Home Warriors from the West Side camp did not play Sunday on account of the recent death of Mr. Duffy. But they intend after the little lay-off to come back strong this Sunday and annex a victory. The boys have gotten together a couple of times this week and they are developing good team work and ought to win the percentage of their big games which they have yet to play this season. For the benefit of some of our rooters who do not know the actual location, Central Park is four blocks west of R. R. tracks.

MEETING OF CITY COUNCIL

Pass Resolution of Condolence to Family of John C. Duffy

By Publicity Commission

At last meeting of the City Council, Friday, June 2, 1916, three commissioners and Mayor Hastings were present.

After the approval of last meeting's minutes, the resignation from the Library Board of Mr. R. G. Evans was tendered and accepted. Then there was read from the Board of Local Improvements, a petition having reference to a proposed subway at Cedar Street or grade crossing at Beach St. It was referred to the city engineer. The report of Accounts and Finances included the pay roll, amounting to \$722.44. A motion to accept this account prevailed.

A resolution of condolence addressed to the bereaved household of the late Mr. John C. Duffy was read and approved. It was thought that the respectful lowering of the city hall's flag during Saturday morning's funeral services would attest Mr. Duffy's faithfulness as a public official, while the closing of all business houses in the city at that hour would signify how universally he was beloved by his townsmen. Following is the resolution:

"Whereas it has pleased the Creator of All, that our esteemed fellow citizen, John C. Duffy, should be called to answer to the final roll call.

Be It Resolved, that we, the Mayor and commissioners of the City of Highland Park, extend to his family and friends an expression of our sincere sympathy in their bereavement and of our appreciation of his services in the past as a public official;

Be It Further Resolved that the City Hall be closed and the flag on the City Hall displayed at half mast during the funeral services on Saturday morning from 9:30 to 10:30 o'clock.

Messrs. James Economos and George Briggs, Jr., who come from Wilmette with a great deal of experience in the candy kitchen business and in the catering line will open a very modern and thoroughly up-to-date tea room in the Witten Building at 220 E. Above this kitchen on the first floor there will be the main store where afternoon tea will be served, and light luncheons can be served and purchased, thus enabling business men and picnickers to procure lunches already put up at very reasonable prices. There will also be an ice cream parlor on the second floor. The proprietors promise the best of service and invite the public to inspect their equipment at all times. They further plan to make their establishment, "The Highland Inn," a first class business, making their own ice cream and confections, and stand ready to serve the public in every way, making the business one that Highland Park may be justly proud of.

GROWING POPULARITY ADJACENT THE RIDGE

ELEGANT ESTATE ALONG THIS HIGHWAY

The New Bobolink Golf Course, now under consideration, when laid out will flank the City on the North.

By An Appreciative Observer

A week or so has intervened since our last ramble. We had not forgotten the advice of our Mayor, and when the day was at its best, we wandered along the Ridge. Looking towards the west, we saw everywhere the fresh green of springtime, softened by the blue haze which hangs over the valley. The growing popularity of the Ridge is attested to by the many beautiful estates along this highway, and in the more densely populated sections we saw the neat ivy-covered houses, surrounded by well-kept lawns and gardens abounding in varicolored flowers. Work has been begun on the new highway which will extend south from Central Avenue to the city limits, making a better connecting link with the neighboring towns. The new Bobolink golf course, now under construction, when laid out will flank the city on the north with its beautiful green stretches.

As we journeyed up past the spot where the school children recently gave their picturesque Shakespearean pageant, we could not help thinking of it as an ideal place for a city park or playgrounds. The elevation here is quite high. There is an abundance of lovely shade trees, and the view over the Skokie Valley, with its ever-changing mists and sunlight and haziness, make it as delightful a spot as could be desired. If only now we could have a new city hall, situated where the present one now stands, with the unsightly water tower moved either to the bluff near the water-works or to the rear of the present lot. Our growing town demands a city hall in keeping with its growing needs, and when we look at those of Wilmette, Lake Forest and other towns, we should not let our characteristic spirit of progress fall down in this instance.

HOSPITAL COMMITTEES TO MEET AT THE HIGH SCHOOL

OPENING DINNER WILL BE SERVED THIS EVENING

Every Person Who Donates Toward the Highland Park Hospital Fund During this Campaign Will be Given a Button Bearing Photograph of Elevation of Proposed Hospital

Owing to the limited accommodations at Witten's Hall it has been found necessary to change the place of meeting of the Highland Park Hospital Committees to Deerfield-Shields High School.

The opening dinner will be served at the High School this evening at 6 o'clock, and the dinners of Friday, Saturday and Monday evenings will be served at the same place.

Highland Park Hospital Campaign which opens tonight is the most important topic of conversation these days. The town is gay with flags and pennants advertising the great movement for the new hospital. A big street banner announces to the public that the campaign is now in progress; attractive pennants fly from every automobile, and even at this writing dozens of persons have been wearing the small Hospital button which proclaims the fact that the wearer has given to the Hospital fund. Every man, woman and child who donates towards the Highland Park Hospital fund during this campaign will be given one of the campaign buttons which bears a photograph of the elevation of the proposed Hospital. If you wear a button you are immune from all further pleas upon the part of the campaign workers. If you do not wear one you will probably be called upon from ten to twenty times a day from now until the close of the campaign by the energetic, active workers who are giving the next four days to this work.

In a conspicuous place down town there stands a great illumination sign board bearing a reproduction of the Hospital elevation in black and red. In the building reproduction there are

60 squares. Each square represents \$1,000. As the reports of the committees are turned in nightly the squares will be filled in for as many thousands as are turned in in that day's report. For instance, if \$10,000 is recorded the first day 10 squares will be filled in before the next morning. The sign is electrically illuminated and most attractive. It was made and painted by Irving Brand.

Mayor Hastings especially requests that every citizen in Highland Park will aid in spreading abroad the Hospital Campaign message by flying his American flag today particularly, and every other day during the campaign if the weather permits.

All of Highland Park apparently is interested in the great movement for the Hospital, and Monday night's enthusiastic meeting at the city hall was representative of every church, every organization of business men, every lodge, and every civic body in Highland Park. The women's meeting on Tuesday afternoon at Trinity Guild House was equally representative, and included committees from every one of the important organizations.

The Campaign opens tonight at Deerfield-Shields High School where supper will be served to all the workers at 6 o'clock sharp. Immediately following the supper the first reports of the Campaign will be given and the remainder of the evening will be spent in securing subscriptions of people throughout the city. The committees will meet again on Friday evening at 6 o'clock and on Saturday and Monday evenings at the same hour.

D. S. H. S. ALUMNI BANQUET JUNE 14TH

Will be Held at High School. Informal Dancing to Follow in Boys' Gym

The sixteenth annual banquet and business meeting of the Alumni Association of the Deerfield-Shields High School will take place on Wednesday evening, June 14th, at the high school. The banquet will be served at seven o'clock in the east building of the high school, and dancing in the boys' gymnasium will follow.

Miss Edmura of the Domestic Science Department of the high school has charge of the menu and a number of the domestic science girls will serve. Never before in the history of the Alumni Association has there been such a show of enthusiasm as there has been in the past year. It is the desire to have as many members as possible present on this occasion. The different committees are all working hard to make this affair, the last of the year, a most memorable one. The election of officers for the coming year will take place at the business meeting.

BIENNIAL CONVENTION IN NEW YORK

Highland Park Well Represented. Mrs. Francis D. Everett Elected Corresponding Secretary

The session of the Biennial Convention of the General Federation of Women's Clubs which met in New York from May twenty-fourth to June second has conferred much honor on Illinois, and certainly so our own city, Highland Park, when Mrs. Francis D. Everett was elected corresponding secretary of the great organization numbering two million women. Mrs. R. J. Beatty, Mrs. Bowen Schumacher and Mrs. McGregor Adams represented the Osoll Club, Mrs. Harriet Woodruff and her daughter Mrs. Goodhue, represented the Woman's Civic Club of Ravinia, and Miss Amy Rothschild represented the Highland Park Woman's Club. The fact that Illinois was represented by a larger delegation than any other state proves that Illinois women, as a whole, are actively interested in club life.
