Elm Place School Notes

The graduating class consists of twenty-eight pupils and it will be interesting to note that in every class the boys outnumber the girls. This year there are eighteen boys and ten girls. The regular school work will close on Thursday afternoon of next week. On the following morning, June 16th, the pupils will assemble in the auditorium to receive honorable mentions and promotions.

Special exercises will be held on Wednesday afternoon, June 14th, in celebration of Flag Day.

On Tuesday afternoon and evening, June 13th, the annual exhibit will be held.

Miss William S. Parkes, formerly a fourth grade teacher in Elm Place who has been studying in the University of Chicago, visited the school on Friday. Miss Parkes will teach in an open air school this coming winter.

Among recent visitors at Elm Place were Professor O. Gillet, head of the Practice School, School of Education, and Professor Phitts, head of the Science Department.

Miss Gertrude Spaller, one of the promising younger artists of Chicago, has submitted color studies for proposed mural paintings in the hallway of the Kindergarten building. These will be on display in the present building during this week.

On Monday afternoon Elm Place played the last and final game of the

year with Deerfield Grammar School and defeated them with a score of 10 to 2. This game not only completed the games for this year, but also decided who would keep the "Reay Cup" for one year.

The "Reay Cup" was presented by Mr. William Reay of Deerfield, a member of the school board last year to the Grammar School teams, and whichever team won the most games during the year would keep the cup for one year. If this team was successful for three years they would have sole possession of the cup. Last year Lake Forest had the cup and this year Elm Place has the honor of keeping it.
