WEST SIDE TEAM IN WINNING GAME SUNDAY

REGULARS DEFEAT TROUTERS, 8 TO 1

West Siders to Play Lake Forest Sunday. Regulars Play Universal Billiards, Sunday, and Pullman Sincertus, Tuesday.

To all you fans who failed to go to Central Park on Sunday, you missed a great game, and the way the home boys are going you may expect to see other such good exhibitions during the summer. This latest performance was marked by exceptionally good team work by the Holy Cross players, and the local boys. Bob Greenslade's pitching was one of the features of his team; time after time when the other team had men on base ready to score, Bob would fan them out; Bob's pitching alone was worth going miles to see.

At first it looked as if the visiting team would have an easy "walk away," but after the game was well started the local boys played real league ball. The local team failed to score until the sixth inning. There was a tie in the seventh inning and again in the ninth, just after the visitors had made one run. After some good playing on the part of the local team the game ended. Star plays were made by Maroney, Jim Duffy, Heiler, Emmett Duffy, Greenslade and others.

Next Sunday Lake Forest will play with the home team in the first game for the Lake County Championship. Lake Forest is made up of some fast players, having with them some of the college players. Lake Forest will bring a loyal delegation, and this team is deserving of just as large a one.

By Regular Fan

The Trouters came to town Sunday to avenge their former defeat, but were unsuccessful in their efforts, as the Regulars took them into camp by the score of 8 to 1. Tom McGuire was in his usual form and that was enough as he let the visitors

A COLUMN FOR THE USE OF EVERYBODY

OPEN LETTER BY ANDREW ELGOMFIELD

Writer Explains Needs and Advantages of a Harbor for Highland Park. Mr. H. B. Clarke Active in Movement

Fellow Citizens: Having no other means of addressing you I am trusting to the good nature and public spirit of the Highland Park Press for the use of its columns in bringing to your attention a matter which is important to our city and to every one of us who call this place home—the matter of suitable harbor facilities for yachts, motor boats and other pleasure craft.

Probably most of you know, as all of you should know, that Mr. Henry B. Clarke has personally undertaken the work and is personally bearing the expense of repairing and reconstructing the old pier so that it will afford some part of these facilities; this work is being carried on with such thoroughness that it will help materially toward giving us the harbor we need.

However, it would be too much to ask or expect from Mr. Clarke or any other individual that he should bear all of this burden unaided; it is up to us, I believe, to do our share, and that share cannot be less than the completion of the task which he has so well begun. That is the purpose of this communication—to enlist public interest and secure public support for this worthy and much needed public improvement; to get all of you to thinking about the many advantages of a yacht harbor for our city; to get you talking in favor of it and then to get you to working and putting up your money for it.

As most of you must know, there are a number of fine yachts owned in Highland Park. We also can boast of as fully as many motor boats and other small pleasure craft as any Lake Shore city of our size that suffers the same lack of harbor facilities. You all know that if you buy or build a yacht or motor boat and live at Highland Park, you can find no safe and suitable place to moor it unless you go to Wilmette or clear down to Lincoln Park, Chicago. Under these conditions, considering the waste of time in going to and from either of these other harbors, the wonder is that there are any yachts or motor boats owned in Highland Park. The fact that there are so many goes to show that the love of aquatic sports and enjoyments is so strong among us that we go in for them in spite of the great handicap of time and expense.

"LIGHTS ON" DANCE AND BAND CONCERT

ORNAMENTAL SYSTEM TO BE ON TONIGHT

Concert to be Held in Front of City Hall Followed by a Dance in Lagoon Bros. New Garage at Corner First St. and Laurel Ave.

Yes, the new ornamental street lights in the business district will be turned on tonight and to celebrate the occasion the Highland Park Business Men's Association have planned a band concert by the boys' band to be given in front of the city hall, to be followed by a dance held in Larson Bros. new garage at the corner of First street and Laurel avenue. Mr. A. A. Moses, representing the association, will present the new system to the city. The council has just completed plans for the maintenance.

The band concert will start at eight o'clock and the lights will be turned on at eight-thirty. It is hoped by the association that every man, woman and child in the community will be present to witness the turning on of this new system, for which the members have worked so hard for the past few months to install and pay for. There are still a few hundred dollars to be raised and it is hoped that on this evening enough money will be taken in at the dance to make the final payment.

The system, funds for which were raised by the business men, business property owners and private subscriptions, cost about \$5000 and is one of the most modern in the country. It includes fifty concrete posts, granite finish, on which is mounted the General Electric Co.'s new Novalux ornamental unit with a 250-candle power Mazda C. lamp. The posts are placed at intervals of one hundred and fifty feet on Central avenue from Green Bay Road to the east end of the business district, on Sheridan Road from Central avenue to Park, on St. John's avenue from Laurel to Elm Place and on First street from Laurel to Elm Place. The lamps are supplied by a two series circuit, one circuit will supply current for lamps at street intersections which will burn from dusk until one-thirty. The other will supply current for the balance of the lamps which will burn until ten-thirty.

The Business Men's Association are to be congratulated upon their untiring efforts for making possible this improvement, which is surely a forward step, and the city council for their co-operation in agreeing to maintain the system.

WILL SEE FOR OUR OWN SOLDIERS

Mrs. C. W. Buckley's Work Shop to be Busy Scene on Fridays

To Sew for Our Own Soldiers
Ever since the European war broke out, the women of this country have been busily plying their needles, and whirling the bandage rollers for the aid and relief of war sufferers in Europe. Now, however, since our own country has been called to arms, there has sprung up, almost magically, numerous bands of women who are ready to help in just the same way.

The first real evidence of this work to show itself in our city will be seen all day tomorrow, when a number of ladies are to gather at Mrs. C. W. Buckley's home. Mrs. Buckley has turned her gardener's cottage into a very attractive work house, and it is there that the ladies will gather, not only tomorrow but every Friday, to sew all day.

The ladies are to bring their luncheons, and hot coffee will be served. Any help will be greatly appreciated. Those interested are working hard to make this a well organized affair.

The Rogers Park Committee of the Ravinia Club will have a group of Rogers Park children in "The Sleeping Beauty" in Pantomime, with dances. Miss Laura F. Kennedy will have charge of the children's day programs for this year.

The new Student Artist day feature is that two Student Artists will appear instead of only one as last year. The day has been changed to Friday. All the North Shore, and especially our own city, Highland Park, is very fortunate to have Ravinia Park at its door; and the fact that the park is to open another season here, speaks better than can anything else of the satisfaction and pleasure, all North Shore finds within the gates of this delightful musical center. At Ravinia Park, the beauties of nature and the beauties of the musicians' art, mingle together, and form a most beautiful whole, which has charmed the North Shore for a number of years.

F. M. STEELE HOME IN MOVIES

"The Sting of Victory", a Southern Tale Enacted and Pictured

The Essanay Moving Picture Company has been taking pictures at the F. M. Steele residence on N. Sheridan Road, last week and this, the scenes enacted and pictured are to make up the photoplay, "The Sting of Victory," featuring Mr. Henry B. Walthall who played the part of a southern colonel in "The Birth of a Nation." The Steele residence seemed very much in its proper place, as the full skirts, and the blue and grey uniforms of the actors appeared before the camera.
