

SOME of our patrons are not sure as to just what they should send us in order to get our new Finished Family Laundry Rate of 36 pieces for 5½¢ each, 60 pieces for 5¢ each and 100 pieces at 4¢ each. To make it clear to everyone we give the following explanation:

These low rates were adopted to make it cheap enough for every family to send us their entire laundry work and have it finished complete. This allows you to send your dresses, skirts, waists, underwear, blankets, etc., at the above rate but we must receive all your flat work, handkerchiefs, stockings etc., as well. The reason is to give you the opportunity to do away with any laundry work at home and make it fair to all.

Families that have accepted this plan are greatly pleased and recommend it to their friends. We want you to try it.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

INTERIOR VIEW—LIVING AND DINING ROOM.

This house is artistic both as to the exterior and interior. Dark brown siding with white trim and the main roof sweeping over the front piazza give a very graceful effect. The living room and dining room are finished in dark oak, with beamed ceiling. Ionic columns extending to the ceiling give a classic and substantial effect to the division between the living and dining room. Both rooms are well provided with windows, those of the entrance being leaded. Size, 40 feet wide by 32 feet deep. First story 9 feet in the clear, second story 8 feet, basement 7 feet. Cost to build, exclusive of heating and plumbing, \$4,000.

Upon receipt of \$1 the publisher of this paper will furnish a copy of Saxton's book of plans, "American Dwellings." It contains 310 designs costing from \$1,000 to \$6,000; also a book of interiors, \$1 per copy.

A BROAD COLONIAL STAIRCASE.

Design 1077, by Glenn L. Saxton, Architect, Minneapolis, Minn.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

INTERIOR VIEW—A COLONIAL STAIRCASE.

The interior view shows a colonial staircase leading to landing and then up to the second story. This staircase is in a hall from 8 feet to 10 feet wide. The balusters, risers and the paneling on the side wall are in white enamel. This panel work is about three and one-half to four feet from the floor. The cap to same, also the railing of the staircase and the treads of the stairs, are of mahogany, which makes a very pleasing combination. The doors and casings throughout are all in white enamel. The finish throughout is birch, with white enamel over same, with birch or maple floors. Size, 34 feet wide by 30 feet deep. Cost to build, exclusive of heating and plumbing, \$7,000.

Upon receipt of \$1 the publisher of this paper will furnish a copy of Saxton's book of plans, "American Dwellings." It contains over 300 designs costing from \$1,000 to \$6,000; also a book of interiors, \$1 per copy.

have a world-wide reputation for durability for the following reasons:
1st: Michelin Red-Rubber Tubes are composed of certain quality-giving ingredients which prevent them from becoming brittle or porous and which preserve their velvety softness indefinitely.
2nd: Michelin Tubes are not simply pieces of straight tubing with their ends cemented, but are formed on a ring mandrel to exactly the circular shape of the inside of the casing itself and consequently fit perfectly.
