Moraine Hotel Notes

Among the late arrivals for a prolonged stay at the Moraine are Mr. and Mrs. W. N. Davis and family of Kansas City, Mrs. M. A. Loring and daughter, Mrs. Loring-Drouet of New York, Mrs. C. B. Kohlhausen of Racine, N. M., Mr. and Mrs. H. M. Sloan, Chicago, Mrs. H. C. Dodge and Mr. Paul C. Dodge of Chicago, Mr. and Mrs. F. H. Hamilton and son and Mrs. A. Z. La Motte of St. Louis, Mr. E. F. Brown, Cleveland, Mrs. C. L. Glass of Milwaukee, Mr. and Mrs. R. A. Pick and family of Chicago, Mr. John S. Leech, Bloomington Ill., Mrs. E. A. Boser of Milwaukee, Mrs. Clarence W. Edwards and Miss Edwards, Chicago, Mr. and Mrs. Martin Hirsch, Chicago, Mr. and Mrs. D. N. Hanson, Miss Rebecca Hanson and Mr. and Mrs. C. A. Wright of Chicago, Mrs. T. T. Crittenden and maid, Mr. H. H. Crittenden of Kansas City, Mr. Henry Woodland, Mrs. Morton Decker, Milwaukee, Mrs. Sherman H. Bouton and Mrs. O. C. Ely, Chicago.

The Moraine Gun Club which has been organized only about ten days has already become very popular and is receiving new members daily. This club is not confined to guests of the hotel and it is the intention of the organizers to make it a popular North Shore affair. Mr. Larke, the hotel manager, is the moving spirit and applications for membership may be made through him.

Several of the Grand Opera troupe now performing at Ravinia are at the hotel, among whom are Mr. Hageman the conductor, Miss Mabel Garrison, Mr. and Mrs. George W. Siemann, Mr. Henri Scott and Mr. Octave Duna.

The moving picture show given in the new tea room on Sunday evenings is becoming a very popular affair and is largely attended by the guests and their friends. The bathing beach, now that summer seems to have arrived, is also very popular and is generously patronized.

How to Quit Smoking.

Do not light the first cigar less than half an hour after breakfast. The more difficult this delay may be the more need there is for a cure. The retainer of this is only the first cigar with which we are dealing. Keep this up for a week, then lengthen the interval to an hour for another week, then make it one and a half hours, two, two and a half, and so on. If you have an "all gone" sensation, a longing for something, eat an orange or apple or almost any kind of fruit, but don't smoke until the time is up. The nerves, being deprived of their morning stimulant, are crying for nourishment, which nature is hastening to supply through increased appetite to supply digestion. By the time the first cigar is entirely eliminated the cure is effected with no serious derangement of the heart or digestive apparatus—Exchange.

Lost His Bearings.

It was an English skipper of the olden time who, having knowledge beyond the seeming needs, as he could read and use the charts, was dispatched to Rotterdam. The skipper had never been to Rotterdam before, so after getting over the bar and well away to the east he produced his charts and made a learned inspection, but the charts had been a long time in the locker and circumstances combined to alarm him extremely. He went up on deck and called to his mate. "Put her about; the rats have eaten Holland!"

A Reasonable Proposition.

Bumper: You owe me \$20,000, which you say you can't pay. Why don't you marry Miss Oldgirl? She's worth twice that amount. Jumper: No, I can't do that. But you might marry her yourself and pay me the difference. Flegende Blaetter

their bow. Numerous irregularities cause them to meander about in apparently wasteful ways, and man's carelessness has added to these troubles by allowing driftwood and loose earth to form dams and sandbars.

All of these things help to hold the flood of waters back and cause either flooding or swamps, which not only occupy land that could be more profitably used for farming, but also form fine breeding places for mosquitoes and other obnoxious pests. Incidentally they cause an annual loss running into millions of dollars per year.

In this day of enlightenment such things are both wasteful and, one might add, criminal, especially so in view of the fact that almost instant relief may be had by a few well placed charges of dynamite. Not only will these blasts straighten out the kinks and bends and remove ledges and sand bars, but they will deepen and improve the channels as nature has really intended. Incidentally by straightening the winding course of a creek much area of tillable land can be obtained and farm operation in many instances made much easier.

Those Husbands!

He—Where does your wife carry her street car fare? His Neighbor—In the other woman's purse. Honest though you'd think she wanted to pay it. Judge

It breaks all records in speed—makes perfect ice cream in 3 minutes.
