### NEXT WEEKS OPERAS AND CONCERTS

Theresa Van Grove To Dance on Thursday, Punch and Judy Show, and Piano Players Also to Appear on Program

Some people don't care for the opera "Martha," but, judging from the large number of people who witnessed the splendid production on Saturday evening, there is a large army of people who do like the opera. The pavilion was crowded with enthusiastic people, and the benches outside were filled to their capacity. The following was the cast: Martha, Mabel Garrison; Nancy, Margaret Jarman; Lionel, Orville Harrold; Plunket, Henri Scott; Sir Tristan, William Schuster. Richard Hageman conducted. The Kitchen, Forest and Fair scenes were given.

Kennedy, who is in charge of these programs, always gives the public a very amusing and entertaining hour preceding the concert. The children's day program is to be, Vaudeville Among Ourselves, and a Punch and Judy Show. Program follows:

## RENEW OLD ACQUAINTANCES

Plan to Stay at Home on Highland Park Day, Thursday, August 10th. Invite Your Friends

Highland Park Day will be celebrated this year on Thursday, August 10. This day is now being looked forward to each year by most of our citizens as an annual event of interest, pleasure and recreation. A day when old acquaintances are renewed and new ones formed.

The committees are arranging features to provide a pleasant holiday for all Highland Park citizens and the strangers within our gates.

All the Association asks for is good weather.

Lists of games and prizes and articles given with the free prize drawing contest, and parade prizes, will appear in the Highland Park Press issues of July 27, or August 3.

From information at hand the Baby Welfare and Red Cross Committees will have exhibits of their work and prizes will be awarded by Baby Welfare Association at this time.

Be with us on August 10, and we promise to show you a good time.

On account of the number of different things that the citizens of Highland Park have been appealed to for subscriptions, the business men hesitate to solicit funds, but any voluntary subscriptions will be accepted and used for a fireworks display and may be sent to Mr. Chas. Zwetow, chairman of the drawing contest.

## HIGHLAND PARK DAY FLOWER SHOW PLANS

### HIGHLAND PARK CLUB TO BE SCENE

Fritz Bahr and Business Men's Association Offer Prizes for Best Flower Display. No Postponement on Account of Weather

July 16th, 1916. To the Editor of the Highland Park Press:

Dear Sir:—Herewith is the Schedule for the Second Annual Flower Show to be held on Thursday, August 10th.

The President, Mr. Wm. R. Tapper, and the directors of the club have again granted the use of the new ball room for this occasion. The classes have been considerably increased, thereby giving the smallest garden holder an opportunity to compete.

Mr. Fitz Bahr offers a silver cup for the best display of Annuals and the Highland Park Business Men's Association will donate special prizes. To gardeners of private estates in Highland Park there will be an extra prize for the best display of flowers or foliage, arranged for effect. This will be in the center of the room and must not occupy less than twelve square feet of space. An appeal is made to parents to encourage children to compete in their special class. The best bouquet or basket of garden grown flowers for children under 14 years old. We are assured many ladies will again offer beautiful baskets of cut flowers.

By special request we have no exhibit of wild flowers.

All exhibits must be on display not later than nine o'clock on the morning of the show, when judging will commence. There will be no postponement on account of weather.

Thanking you and all those who are helping and are so very generous in offering to send the best they have from their gardens, thereby encouraging what we hope will, in the future, become a permanent annual display, I am,

Yours very truly,

Arthur Newbold.

## RIFLE CLUB NAMES THREE MEETING NIGHTS

### TO HAVE REGULAR ARMY FORMATION

Shooting is to be Held Under the Rules of the National Rifle Association that they May Qualify for Medals of the Association

The meeting of the Highland Park Rifle Club held Monday night, was attended by what might be termed a fair amount for a hot night. All the officers were present and trial shooting was held with the target rifles recently secured from the Remington Arms Company. It was agreed that the club quarters would be open on Monday, Wednesday and Friday nights from 7:30 to 10 o'clock. That the organization would be formed in squads of eight. Each squad to have one corporal, one sergeant to be appointed for every three squads and so on, the regular army formation. Permission has been secured to shoot at Fort Sheridan and in all probability on the Naval Station range, but this shooting cannot take place until individual members of the club have qualified on the indoor range, both as to the knowledge of the handling of gun and marksmanship. It is also necessary that certain foot movements and manual of arms be undertaken so that squads can be handled properly and under proper direction on the range. This is all vitally important, because if the various rifle clubs throughout the country attempt to use ranges on a rabble formation, somebody will get hurt and stringent rules of prohibiting or limiting the use of these ranges will be put into force.

Executive Officer Meyers will appoint the corporal to each squad and an instructor will be on hand on the various nights to instruct on the proper handling, aiming and firing of rifles and ammunition. It will probably take some time to get these through, but the club will no doubt be better prepared to handle them than at this time.

To be a member of the club, the initiation fee is \$1.00 and dues 50c a month, payable quarterly. Cartridges are furnished by the club by the box of 50 for 35c and shooting is held under the rules of the National Rifle Association and members will comply with these rules that they may qualify for the various team and individual medals of this association. As the funds and interest continue to show in this organization, they expect to furnish club rooms in the appropriate manner.

## "POST NO BILLS"

Especially on Chicago Telephone Company Poles. Help Linemen to Avoid Accidents

The posting of bills on telephone poles has become so much of an annoyance that the Chicago Telephone Company will paint signs on its poles prohibiting their use for this purpose. Many poles along the highways are covered with a veneer of tack heads, which makes it difficult for the linemen to sign their climbers into the wood. As a result of this practice, many linemen have sustained severe falls and others have received serious cuts from protruding tacks.

In many cities the posting of bills on telephone poles is prohibited by ordinance. Such an ordinance exists in Highland Park. Where such protection is not extended, the company asks the cooperation of the public in keeping the poles free from unsightly signs and thereby making the work of its linemen less hazardous.

## THREE FILE PETITIONS SATURDAY

Watch for States Attorney in First on the List. Brockway and Russell Follow

When County Clerk Lew A. Hende arrived at the courthouse Saturday morning, he found three candidates ready with petitions. James G. Welch was first one there. He has had a man zealously guarding the county clerk's door for several days, holding down a chair there to assure him first place in line of candidates for state's attorney.

L. O. Brockway, circuit clerk, filed his petition and Charles E. Russell, county surveyor his. These men will be given first place on the ticket for their respective groups.

## NEARBY NEWS NOTES OF LOCAL INTEREST

### WAUKEGAN POPULATION OVER 20,000

Another Herd for Crab Tree Farm. Auto Victim at Antioch. North Chicago Day Set for September Fourth

Waukegan Over 20,000  
Waukegan has passed the 20,000 mark. This is the statement of F. K. Bumstead, compiler of directories and authority on population.

Mr. Bumstead has finished the compilation of the Lake county directory and announces that the volume will be off the press in two weeks. The book contains names of all the adults in the county, and it is upon this basis that the estimate of population is based.

He estimates North Chicago's population as 5,455 which when compared with 3,321 in 1914, shows a wonderful growth there. Highland Park is reckoned to have 7,040 within its confines.

### Another Herd for Crab Tree Farm

Crab Tree Farm, which was desolated of its full blooded dairy stock last fall when the cattle became infected with the hoof and mouth disease, is to be resumed. Mrs. Scott Durand, the wealthy society woman, who has operated the plant, is happy again.

Two of the original herd were spared by the government inspectors and ten prize-winning Guernseys have been purchased. One of them, Governor Ruette, cost Mrs. Durand \$3,500 and she paid \$1,000 for the Governor of Sheen.

At the time the foot and mouth epidemic caused the government to slaughter Mrs. Durand's herd she had one of the finest herds of blooded cattle in the world. At the time Mrs. Durand was so crushed by the death of her herd that she asserted she never would attempt to collect another herd. She said it had taken her years to collect the herd she had and she did not have the heart to collect another one.

### North Chicago Day Sept. 4th

At a special meeting of the Progress Club held Thursday night a new and lusty infant was born. Mothered by nearly a hundred representative citizens and fathered by the new spirit of progress which is making itself felt in the city the infant, which has been named North Chicago Day and whose birth will be celebrated September 4th, starts life with its future practically assured.—Times-Review.

### Auto Victim at Antioch

Ralph Spafford, 40 years old, a piano tuner, residing just north of Antioch, was killed almost instantly Saturday at 4:26 p. m. when the Ford touring car which he was driving was struck and demolished by a south-bound train on the Soo line in that village. The accident took place within fifty yards of the victim's home.

### WILL ORPET IS FREE

Jury Reaches Decision to Acquit Student of the Charge of Murdering Marion Lambert. Cost County \$20,000

Will Orpet is free. He was acquitted of the charge of murdering Marian Lambert, by the jury which returned the verdict at 7:46, being out just four hours and fifty-one minutes.

Only three ballots were taken, the jurors standing eleven to one for the start, Samuel Bradbury of Waukegan holding out for a prison sentence. On the third ballot Bradbury yielded and the vote was unanimous—not guilty.

For the first time during the trial tears sprang to Orpet's eyes as the verdict was read before Judge Donnelly. He bit his lip, though, and controlled himself heroically. He never looked so much like a small boy, and it seemed as if he had awakened gently from some dream.

The famous trial ended just two months from the day it started and with an approximate cost to Lake county of \$20,000, itemized as follows:

Cost of veniremen	\$ 8,000.00
Sum paid Joslyn	3,000.00
Bailiff salaries	1,920.00
Court cost	2,500.00
Sum paid 12 jurors	2,160.00
Sum paid court reporters	2,000.00
Approximately	\$20,000.00

Week in Connection with Symphony Concerts and Operas.

Have you seen these graceful dancers at Ravinia Park? If you have not, don't deny yourself the pleasure any longer, but remember that they are to dance three nights a week during the season and accordingly plan to go there some evening.

This charming girl dancer, for such she is, having just bidden goodbye to her teens, began her search for art at the age of eight years. Her instruction was given at La Scala, Milan, Italy, and after years of diligent study and application she is recognized as Premiere Danseuse Etoile. At the age of fifteen she came to this country and joined the ranks of the Chicago Grand Opera Company, Campanini having discovered her and her wonderful art. Since that time she has danced with the Chicago Grand Opera Company, three years, and with the Metropolitan Opera Company, two years. Next year will find her again with the Metropolitan Company.

All her years of study have necessarily been years of sacrifice, and even now the dancer finds herself bound down, as it were, to her art, not being able to enjoy sports, or any pastime which necessitates overtaxing her feet. How strange this would seem to the versatile American girl, who enjoys a smattering of all sports. However, Mlle. Gall's art is perfected now, and she, with her partner, Sig. Giuseppe Bonfiglio, are big draws in features at Ravinia. All her dances are her own origin and suggest something of pantomime rather than just dancing. The stage settings for the dances are very pretty and colorful, and with the costumes of the dancers make a charming little picture. Alessandro Scuri in the orchestra pit, conducting the fifty men of the Chicago Symphony Orchestra, furnishes the music for the dancers.
