

Quality First

A LITTLE MORE QUALITY ALWAYS PAYS

A friend of mine bought a lawn mower. I forget what he paid, but it was the cheapest he could find.

He cut his lawn twice, then took the lawn mower to the repair shop.

Every time he finished mowing the grass the cheap machine had to go back to the repair shop to be sharpened or tuned.

"That's the most expensive lawn mower I ever owned" he told me one day.

He had learned the lesson I've been trying to teach people about motor cars. **And that lesson is—the cheapest car is often the most expensive. It pays enormously to pay a little more.**

By paying \$1090 for a Chalmers, for example, you get a five-year car. A car that will do everything you expect of it for at least five years.

And at the end of that time it will be in fair condition.

The motor—it's the famous 3400 r.p.m. It will never worry you. Never cause you to lose your temper.

For it has been tested in the hands of 30,000 owners and found 99.21 percent perfect.

Caution: Don't take the cheap-lawn-mower attitude in buying motor cars.

LANGUAGE AND THE BIBLE.

The Book That Standardized All the Dialects of Britain.

Before the printing of the Bible there was no English language. It was the Bible that standardized all the dialects of Britain and that bound them together into a living speech, and it was the Bible that was the foundation of the education and culture of England. As the English historian Green says, "The English people became a people of a book, and that book was the Bible."

To a large degree the same is true of Germany, but it is not necessary to go back to the middle ages to find the Bible forming a nation's culture and fixing its language.

On many of the mission fields, especially in Africa, the language of the natives had never been reduced to writing until the missionary provided them with an alphabet in order that the Bible might be translated into their tongues. The Bible has then become both the language textbook and the spiritual guide of these African nations. In mission schools the world over the Bible is the language textbook. The people of the mission lands want their children to learn the western tongue, and they send them to the school. They learn the missionary's language, but in the learning they find the missionary's God.—Christian Herald.

EGGS IN HEATED RICE.

A Way the Chinese Have For Hatching Ducks and Chickens.

The Chinese method of hatching as many as 500 duck and chicken eggs in one sitting has not yet been adopted in this country.

Unhusked rice is used for the purpose, and when this has been roasted it is either cooled by a fanning process or the wind is allowed to blow through it until it is lukewarm.

The breeder then sprinkles a three inch layer of rice in the bottom of a wooden tub, and on this surface places about 100 eggs; another layer of rice about two inches thick is spread over them, and on this layer eggs are also placed, and the tub is filled in this way until there are six layers of rice and five of eggs, making 500 eggs in all in the tub.

Every twenty-four hours the rice has to be heated, and for this purpose the eggs have to be removed, the bottom layer this time being placed on top and the other layers one row lower down, the eggs that occupied the central position in the tub now being placed at the edges.

There is some difficulty in gauging the exact time at which the eggs will hatch, and unless care is taken some of the young ones are likely to be smothered. This is, of course, the point at which the ability of the expert is shown.—St. Louis Post-Dispatch.

Economical.

A good story is related of an English theatrical manager who by thrift and hard work had amassed a fortune. Previous to the production of one play the stage carpenters had to repair a trap, and the head carpenter went to the manager and informed him that it could not be done in the dark.

"Well, lad, thee won't have 't gas," answered the manager. "Here, tak' this and buy a candle."

And he handed him a halfpenny. The carpenter pleaded that they wanted two in order to get sufficient light.

"How long will 't job take thee?" asked the manager.

"About ten minutes," was the reply.

"Then cut 't candle in two," was the answer. "Thee won't have any more money."

Milton and Aerial Warfare.

Milton had a prophetic vision of war aeroplanes and Zeppelins when he wrote:

The towers of heaven are filled With armed watch that renders all access impregnable; oft on the bordering deep Encamp their legions, or with obscure wing Scout far and wide into the realm of night, Scouring surprise.

What if . . . this firmament Of hell should spout her catarrhs of fire One day upon our heads?

Modern war is a very apt example of fitting after events to a prophecy.

The Chippewyan Woman.

Ideals may vary, but it seems that the Chippewyan Indians also had a well rounded conception of "woman's sphere." "Women were made to labor," an old chief told the traveler Hearne. "One of them can carry or haul as much as two men can do. They also patch our tents and make and mend our clothing.—In fact, there is no such thing as traveling any considerable distance without their assistance."

A Change.

"We must economize," he said peremptorily.

"I'm so glad," his wife exclaimed.

"You take the announcement more good naturedly than usual."

"Yes; it's pleasant to hear you use the plural pronoun. Ordinarily when there is any economizing needed you expect me to do it all."

Wishing Them a Safe Voyage.

Mabel and George after much quarreling over the arrangements for their honeymoon have decided to take the trip in an airship.

"Well, I trust that when they get above the clouds they won't have a falling out."

What makes us discontented with our condition is the absurdly exaggerated idea we have of the happiness of others.—French Proverb.

For Congressman at Large
STEPHEN H. CUMMINS
SPRINGFIELD, ILL.

A Man Who Has Helped Many Republicans to Success Now Seeks Nomination for Congressman at Large—A Successful Lawyer and Noted Speaker.

Stephen H. Cummins, candidate for Congressman at Large, is Illinois' latest offering, and those who know Mr. Cummins are certain of his qualifications.

STEPHEN H. CUMMINS

Mr. Cummins was a candidate two years ago, but was defeated by a narrow margin, his total of votes surprising the "old line politicians."

His ability as a campaign orator has helped the Republican party to success in many campaigns and was one of the staunch supporters of Senator Sherman.

When the clouds began to gather he did not desert the Republican party, but stood firm and voted for President Taft. On account of his loyalty to the party he deserves the support of every true Republican.

Mr. Cummins has attracted the attention of the country as an author in his book, entitled "Lincoln, the Lawyer," which has brought him into prominence both in state and nation.

A son of a Mexican soldier, he is a self-made man, has been in turn a farmer's boy, country school teacher, newspaper reporter, cashier of a bank, assistant Attorney-General, a successful lawyer, and a loyal Republican from boyhood.

He has been intimately acquainted with every Governor and United States Senator since the days of John A. Logan, who by the way complimented Mr. Cummins for his part in the election of General Logan to the United States Senate in his memorable contest in 1885.

Endorses full suffrage for women, and favors the Budget System of Appropriations, the abolition of the "Pork Barrel," a Protective Tar Bill, Preparedness and the "Rural System of Credits" to aid the farmers.

His wide acquaintance and experience with public men and questions will make him an influential member of Congress.

Mr. Cummins owns and operates two farms in Sangamon county and takes pride in his knowledge of the farmers' problems.

Primary Sept. 13, 1916.

ALASKA FREEZER

"The Freezer with the Aerating Dasher"

The most wonderful of all freezers. By means of its astonishing aerating spoon it whips air into every particle of the freezing cream, making ice cream that is a revelation in texture and delicacy.

It breaks all records in speed—makes perfect ice cream in 3 minutes.

Requires much less labor and uses less ice and salt than any other freezer.

See it before you buy a freezer.

James G. Welch

Candidate for Republican Nomination for States Attorney, at the Primaries, September 13, 1916

Will address the people of Highland Park and vicinity on the issues of the campaign at

Witten's Hall, Tuesday Evening September 5th
8 P. M. SHARP

You are invited to attend. A free discussion of the vital questions which have developed regarding the State's Attorneyship is in the interests of public policy. Wednesday Evening, September 6th; at 8 o'clock Mr. Welch will address the Citizens of Deerfield and vicinity in the Deerfield Public School Building.

Tuesday Evening, September 5th, Mr. Welch will hold an open air meeting at Highwood. This meeting will begin at 7:30 sharp.

Women as well as Men will be welcome at all these meetings.

Lake Forest Country School

Day and Boarding School for Younger Boys Preparatory for all Secondary Schools

Small Classes, Individual attention, Modern Languages, Manual Training, Supervised Athletics in Afternoon. Boys in charge of instructor on trolley to and from School. Term begins September 25, 1916.

For Particulars, Address:
Ralph Harlan Pierce, Headmaster
LAKE FOREST, ILLINOIS

To the voters of Lake County.

In my candidacy for State's Attorneyship of Lake County, I am pledging my efforts when elected to straighten out our County Treasurership situation.

The bulk of the money in our county treasury is deposited in the Waukegan National Bank. This money is drawing only 2%. The money of the city of Waukegan is deposited in the Security Savings Bank and pays 3% interest.

Thus our county money draws 1% less than Waukegan's money, in other words, a Waukegan bank borrowing from Lake County at 2% and lending it to Lake County Tax Payers at 6%.

If I am chosen as your State's Attorney, I shall notify the County Treasurer to deposit the County money in the bank which is the highest responsible bidder from the stand point of interest. If the County Treasurer does not do this, after a reasonable time, I shall present the facts to the Grand Jury, and ask that he be indicted for misconduct in Office.

By demanding higher interest on County funds, I will save you between \$10,000 and \$20,000.

James G. Welch

Candidate for State's Attorney, Subject to the Republican Primaries, September 13, 1916
