

A Business Man for Representative

H. B. EGER

LIBERTYVILLE

He is a successful business man. He has been Mayor of his city, Supervisor of the Town of Libertyville for eight years, Chairman of the Board of Supervisors in 1915, and President of the Illinois Association of County Clerks, Supervisors and Commissioners in 1915. He is reliable, fearless and in favor of economy in government and an advocate of Good Roads. The expense of government at Springfield has more than doubled in the last few years. A little economy and efficiency, if put on the roads, would soon build the best system of roads in the Country.

McHenry County having a much smaller vote than Lake County have had both of the Republican representatives for years. If the voters of Lake County would unite and cast their vote for Henry B. Eger, the only Republican Candidate for representative of Lake County it would assure a Republican representative for this County.
