

The Strain of Housecleaning

is due largely to the labor necessary to refresh your rugs, carpets and draperies. Perhaps last year you tried vacuum cleaning but this also proved unsatisfactory for it only removed the dust.

Why not solve the problem easily and economically by sending your floor coverings and draperies to the house of service where they will be thoroughly cleaned—not merely dusted—at a very reasonable charge.

\$200 or \$300 MORE, AND WHAT A DIFFERENCE!

I once bought a 98-cent razor. For two weeks I shaved with it. Then I bought another one. I paid \$3.50 and I still have it. Nobody can persuade me to part with it.

And I challenge anybody to convince me that a 98-cent razor is cheaper than a \$3.50 one.

No, gentlemen, the \$3.50 razor is cheaper by far. It costs more, keeps a keen edge, gives me a good shave every day and lasts a lifetime!

So with the Chalmers car. It costs a little more—perhaps \$200 or \$300 more than some other cars. And what a difference that \$300 makes!

The Chalmers keeps going day in, day out; year after year. It always looks the part. About all you need do is look after the gas, oil, water and grease cups.

And Chalmers gives five-year life. The average Chalmers owner keeps his car at least five years before he sells it second-hand or trades it in.

Quite a difference between the 3400 r. p. m. Chalmers and many other cars in that one respect.

Aside from all this—the performance of the 1917 Chalmers will make you catch your breath.
