

Quality First

After Nov. 30, it will cost you just \$70 more to buy a 7-22 Chalmers. But the price on the 5-passenger 3400 r. p. m. Chalmers remains (for the time being) \$1090 Detroit

Until midnight of Nov. 30 you can get a 7-22 Chalmers for \$1280 Detroit—a car of rare ability, fascinating in body equipment, and, like a beautiful woman, of exquisite charm.

After that date the price becomes \$1350 Detroit—\$70 more. The \$70 is just a few dollars less than the increase in cost of manufacture of this car since its appearance in June.

To those who have longed for the 5-passenger 3400 r. p. m. Chalmers—and have not yet possessed one, just a word of warning: the price remains unchanged just now—\$1090 Detroit; we do not know how long this low price will continue. We reserve the right to increase the price without notice.

Only those who are buying materials such as go into high-grade automobiles can begin to realize the steady, upward trend of the materials market.

Just one condition today prevents a rise in price of the 5-passenger 3400 r. p. m. Chalmers—the fact that these cars are being made on a factory "work order" dating back several months.

Since the "work order" went through materials have jumped in cost again. When the current "work order" is completed and if materials remain at their present level or rise higher, only one course will be possible, an increased price.

Those who have been driving Chalmers cars know how diligent has been the Chalmers effort to set down cars of the quality kind.

They will understand how impossible it would be for Chalmers to dodge the increase-in-materials issue and maintain the prevailing price on the 7-22 Chalmers.

Lower the quality of the Chalmers car? Never. The Chalmers men take great pride, not only in the money the car makes for them, but in the car itself. And pride, as everyone knows, is a thing that can never be compromised.

It would be like Tissot trying to paint a picture to fit a price.

As long as there's a name "Chalmers", there will be a quality car, and as long as there's a quality car there'll be a price fixed—not by the Sales Department—but by cost accountants.

And there'll be a fair deal. Chalmers says these two 3400 r. p. m. models will be continued into next season. You can bank on that. So that a Chalmers car you might buy now will be exactly like the one you would buy next spring.

Remember the \$70 you can save now by anticipating the rise in price. There's an old Scotch proverb that says "A dollar saved is a dollar earned". \$70 buys a good suit of clothes, a good pair of shoes, a good hat and some good gloves. Also it just about pays your dues at the club for a year.

Or, if it's a 5-passenger 3400 r. p. m. Chalmers you want, our advice is to get one now.

We are not sure the price is going up and we are not sure that it isn't.

POLO AT ONWENTISIA SATURDAY

Match Game Between Onwentisia Club and Miami Valley Club of Dayton, Ohio. Polo at Onwentisia Saturday. On Saturday, October 14th, there will be a match game of polo at 2:30 on the grounds of the Onwentisia Club at Lake Forest between the Onwentisia team and that of the Miami Valley Polo Club of Dayton, Ohio. The Dayton team won the Chagrin Valley cups at the polo tournament in Cleveland in July, defeating the Onwentisia team and at the same time the Onwentisia team won the Westmoreland cups, defeating Pittsburgh, which had previously de-

feated the Dayton team. The teams seem to be evenly matched and consequently a close game is anticipated. Admission to the grounds is entirely free and there will be ample space both for the parking of automobiles and for those who may walk so that all can have a good view of the game. That match is open to all residents of Highland Park and vicinity and all are invited to attend this thrilling game. The players representing Dayton will be: No. 1. Geo. H. Mend. No. 2. F. B. Patterson. No. 3. H. L. Talbatt, Jr. No. 4. J. D. Platt, Jr. The team representing Onwentisia will be composed of: No. 1. P. L. Coonley. No. 2. B. H. Rader. No. 3. John D. Towne. No. 4. Earle H. Reynolds.
