It cannot be urged too strongly: the advantage of having your family laundry work done by a power laundry.

Your laundry work is called for regularly and delivered to you far better than washerwomen can possibly do it. Your laundry is absolutely sanitary, being laundered in well-lighted sanitary buildings instead of some-body's basement and there is no disappointment of your washerwomen failing to be there when expected.

Let us have a trial family wash to show you how well we do laundering. We promise you will be satisfied.

Announcing An Important Change in Our Store Policy

The use of comparative prices will be discontinued in all of our future advertisements.

The Warren-Meyer Co.

COMPARATIVE price quotations have a tendency of breeding exaggeration. No matter how vigilant one may be, no matter how severely one may censor the reports concerning the merchandise, misstatements are likely to occur.

THERE will be no change in our policy of offering special bargains. Our sale features will continue to be saving attractions of first magnitude, but in no case will we quote comparative values.

Our plain statement that the merchandise offered is an exceptional value at the price, will, in our opinion, have sufficient weight. This forward step is the result of an evolution that is creating a better understanding and a spirit of greater confidence between the merchant and the public.
