

It cannot be urged too strongly the advantage of having your family laundry work done by a power laundry

Your laundry work is called for regularly and delivered to you far better than washerwomen can possibly do it. Your laundry is absolutely sanitary, being laundered in well-lighted sanitary buildings instead of some-body's basement and there is no disappointment of your washerwomen failing to be there when expected. When prices are high it is a great saving to have your laundry work rough dried or finished complete at our special rates. You will find it to your interest to send us all your laundry as the greater the number of pieces the lower the rate is.

Let us have a trial family wash to show you how well we do laundering. We promise you will be satisfied.
