The messages from the Captain of the Aquitania and the Mauritania were received Sunday morning with much interest. Everyone was anxiously waiting for the news of their ship. The message from the Aquitania reads as follows: Our crew is keeping up the past record of contentment. The Aquitania is silently but smoothly sliding thru the water of the Mediterranean Sea as though she was aware of her destination. Thanking all the Sunday School workers of the Ebenezer Church for their able support. I am yours,
Captain of the Blues

The officers and passengers of the Mauritania are enjoying the climatic change. They say it's warming up quite a bit, since entering the straits. Next Lord's day at the usual time, ten o'clock, roll call, special music and singing. "Sixteen people by special request of first class passengers will have charge of the program. Come, see and hear.
Yours truly,
Captain of the Mauritania.

Mr. Welch has just announced that he was married on November 8th, the next day after his election at South Bend, Ind., to Miss May Squires, daughter of Mr and Mrs. E. H. Squires of Ravenswood.

PRESBYTERIAN BAZAAR

came the books over which Mrs. Beatty and Mrs. Schofield presided. Their booths looked like a library and many very good books could be found at twenty-five cents Mrs. John McBean had the cake table, and she and her committee wore chef caps and sold the most delicious cakes, cookies, and jellies. Mrs. Eugene Wilson with her one hundred aprons was sold out before noon and could have sold double that amount. At Mrs. Geers table one could find all kinds of useful articles for the good housekeeper. Miss Everett sold many warm comforters at the same table. The fancy work table with Miss Charlotte Yoe in charge had all kinds of fancy bags and other articles and many will receive Christmas presents which were purchased here. The most artistic booth was Mrs. Tyler's fitted up like a French boudoir with all the dainty negligees, slippers and pillows suitable for the boudoir. The baby table came next with Mrs. Ruffner in charge. That was as dainty and attractive as could be, and one could get almost anything for the baby. The dolls were beautiful and everybody missed Mrs. Adams who was ill and could not be present, the her committee did well and sold many a doll to delight the small girl on Christmas day. Miss Catherine Yoe had the flowers and they were lovely. Plants in hand painted flower pots and cut flowers were among the attractions. Mrs. John Tuttle presided at the candy booth which was placed in the centre of the room. All kinds of candy were sold. In the hall Mrs. Moore had charge of checking the coats and Mrs. Jacoby and a group of small girls had the fish pond. Mrs. Greene was kept busy after school hours serving ice cream cones. At noon a delicious luncheon was served by Mrs. Charles Drake and her committee.

All together it was a most successful affair and it is hoped that the receipts will be between 1800 and 2000 dollars

CITY COUNCIL MEETING

shall's being easily and always accessible.

In regard to overhanging signs, it was thought best before taking action, to plan a conference between business men using such signs and the Department of Public Health and Safety.

In the report of accounts and finances, bill totaled \$1602.12. Mayor Hastings appointed Mrs. Powell, our visiting and school nurse, a member of the Board of Health.

An ordinance was passed providing for the paving of Cedar Avenue from St. John's Avenue to Sheridan Road, including a bridge spanning ravine in Cedar Avenue, also the paving of St. John's Avenue from Beech Street to Cedar; and Linden Avenue from Beech Street to Cedar.

The adjusting of some special assessments was postponed till next meeting when the absent commissioners should probably have returned.

Invitations to an informal dinner to be held Monday, December 8th at Moraine Hotel, have been sent to citizens who might be interested in the new "Association of North Shore Municipalities," and with Mayor Hastings' name on them, as president of the association, we may be confident of the worthwhileness of the occasion.

COMPLETE ROAD SURVEY

Contract of Two Miles of State Aid Road to be Awarded in Spring

Charles Russell, superintendent of roads in Lake County, together with his assistants, completed the survey for the new state aid road in Lake county Monday afternoon. The survey has been sent to the state department for approval.

The new state aid road, which will take in the improvement of about two miles of road on Grand avenue, west of Waukegan, will extend from the point where the state aid road now stops to a point near the St. Paul railroad tracks. It is expected that the contract will be awarded next spring and that the work will start as soon as the weather permits.

Getting Out in Front

The man who invented the word "booster" hit upon something that caught the popular fancy at once and now there is hardly another word that is so overworked. A booster implies one who gets under and pushes upward or one who gets behind and pushes forward. It is all right as far as it goes. But isn't a fellow who gets out in front and pulls, just a bit better than the fellow who gets behind and pushes? We need men out in front and we need their pulling powers. Boosters can follow on behind, their shoulders to the wheel and their backs braced against the end-gate. But the man out in front, pulling with all his might, is the chap who steers the chariot of Progress the way in which it should go.

What is Pasteurized Milk?

Pasteurized Milk is Good Clean Milk heated to approximately 145 degrees Fahrenheit and held at that temperature for 30 minutes, then cooled suddenly.

This process in no way destroys the nutritive value of the Milk. It does, however, destroy harmful germ life that Milk may contain.

We say "may" because there is always a chance that Milk "may" contain harmful bacteria no matter how carefully handled before it reaches us. So to Safeguard you we Perfectly Pasteurize it—then cool it—then automatically bottle and cap it. So it comes to you untouched by human hands.
