LAKE COUNTY AND NEARBY NEWS NOTES

ANNEX FOR CO. HOSPITAL?

Annual Good Roads Meeting Jan. 27th. Joseph Reed Has Arm Severed. Arden Shore Gets Offer?

Good Roads Meeting Jan. 27
The annual meeting of the Lake County Good Roads Association will be held in the Chamber of Commerce rooms, third floor, Coon Building, 127 North Genesee St., Waukegan, Saturday afternoon next at 2 o'clock.

Election of officers for the ensuing year, together with the adoption of policies to be pursued by the Association, including an amendment to the by-laws providing for a larger and diversified membership, will be some of the important questions to be decided.

The proposed county good roads bond issue and the promotion of a Lake County forest preserve will also be thoroughly discussed and some definite action will be taken in regard to same. It is therefore requested that everyone not only attend this meeting as a member of the Lake County Good Roads Association, but secure, as well, authority to represent any of the local associations or clubs with which you might be affiliated, in order that you might be able to return to them with a definite proposition on either one of these two important subjects.

Arden Shore Gets Offer?

An unconfirmed report is current that the Arden Shore Association has received an offer from a syndicate represented by McGuire & Orr, for the property used as a fresh air camp lying along the Waukegan road just north of Lake Bluff.

The tract has a frontage of 300 feet on Lake Michigan and is a mile in depth. It comprises twenty acres and was purchased some eight or ten years ago for \$10,000. The consideration offered by McGuire, so the report goes, was \$100,000 or \$5,000 per acre. The offer was refused, however, as Mrs. Bowen, president of the association, thinks the land is worth more.

Has Right Arm Severed

Joseph Reed, aged 43, foreman of the Chicago and North Western railroad roundhouse in Waukegan, lost his right arm and had a close call to death when he fell in front of a locomotive at the roundhouse about eight o'clock Friday night. The wheels of the engine severed the right arm between the elbow and wrist.

At this moment Mr. Reed slipped and fell. Fearing he would fall directly in the path of the engine he threw out his arms to save himself. His right arm extended across the track. Before he could withdraw it and the engine could apply the brakes the ponderous wheels had crushed off the foreman's arm.

Old Resident Passes Away

W. H. Appley, whom many persons in Lake County have given the distinction of being the first white child born in Lake County, died at his residence in Libertyville last week, aged 72 years.

Mr. Appley was without question the oldest auctioneer and handler of farm sales in the county, or it is stated that he had been engaged in auctioneering work since 1864. He kept at it continuously until he retired a few years ago.

Annex for County Hospital

The next important step of the Lake County board of supervisors will be the erection of a contagion annex to the Lake County general hospital.

It is possible that a committee will be named at the March meeting to procure plans for the erection of an annex to the Lake County general hospital. Nine tenths of the members of the board of supervisors believe that such an annex should be erected. They believe that Lake County can well afford to spend \$10,000 or even \$20,000 in the erection of a home where people suffering from scarlet fever, diphtheria or even some of the more contagious diseases can procure the proper care and treatment.

At this hour there is but one public institution in Lake County that will administer to the wants of those suffering from contagious diseases, and that institution is located in Lake Forest.

MEET FRIDAY NIGHT

Members of Association of North Shore Municipalities to Meet Department Heads

Meet Friday Night

The Directors and Members of the Association of North Shore Municipalities will hold a meeting at the City Hall, Highland Park, on Friday evening at 8 o'clock, for the purpose of getting an interchange of ideas and suggestions pertaining to the work of the Association. By resolution adopted by the Association, at a meeting held December 18th, an invitation is being extended to the Heads of the various Departments, of each of the Municipalities having membership in the Association, to join in this meeting.

"FIRST AID" EXAMINATIONS

Dr. Bergen's Class Has Completed First of Three Courses. To Await Certificate From Washington

Dr. L. M. Bergen's class in "First Aid" was examined last evening and those passing the examination will be given a certificate from Washington, D. C. There are ten in the class and fourteen lessons have been given. These lessons constitute the first of three courses. At the end of the third course the class members are full fledged "First Aiders."

The results of the examination will not be known for several weeks as the papers must go to Washington, D. C. for correction.

LOCAL THEATRE SHOWS

Charlie Chaplin in "The Rink", Thursday, and Marguerite Clark in Miss George Washington, Saturday

Moving pictures will be shown as follows for next week, Sunday, Clara Williams in "Three of Many" and a Frank Daniels comedy; Monday, Vaudeville and "The Iron Claw"; Tuesday, "Broken Chains," with Ethel Clayton and Carlyle Blackwell, Hearst Selig News and Tweedle-dum Comedy; Wednesday, Bessie Love in "The Heiress at Coffee Dan" and a Hughie Mack comedy; Thursday, "The Last Sentence", an Edison Production, and Charlie Chaplin in "The Rink," Friday, "The Years of the Locust", Saturday, Marguerite Clark in "Miss George Washington," with Burton Holmes Pictures.

ELECTS NEW OFFICERS

First Church of Christ, Scientist, Names New Readers and Six Directors, Thursday Evening

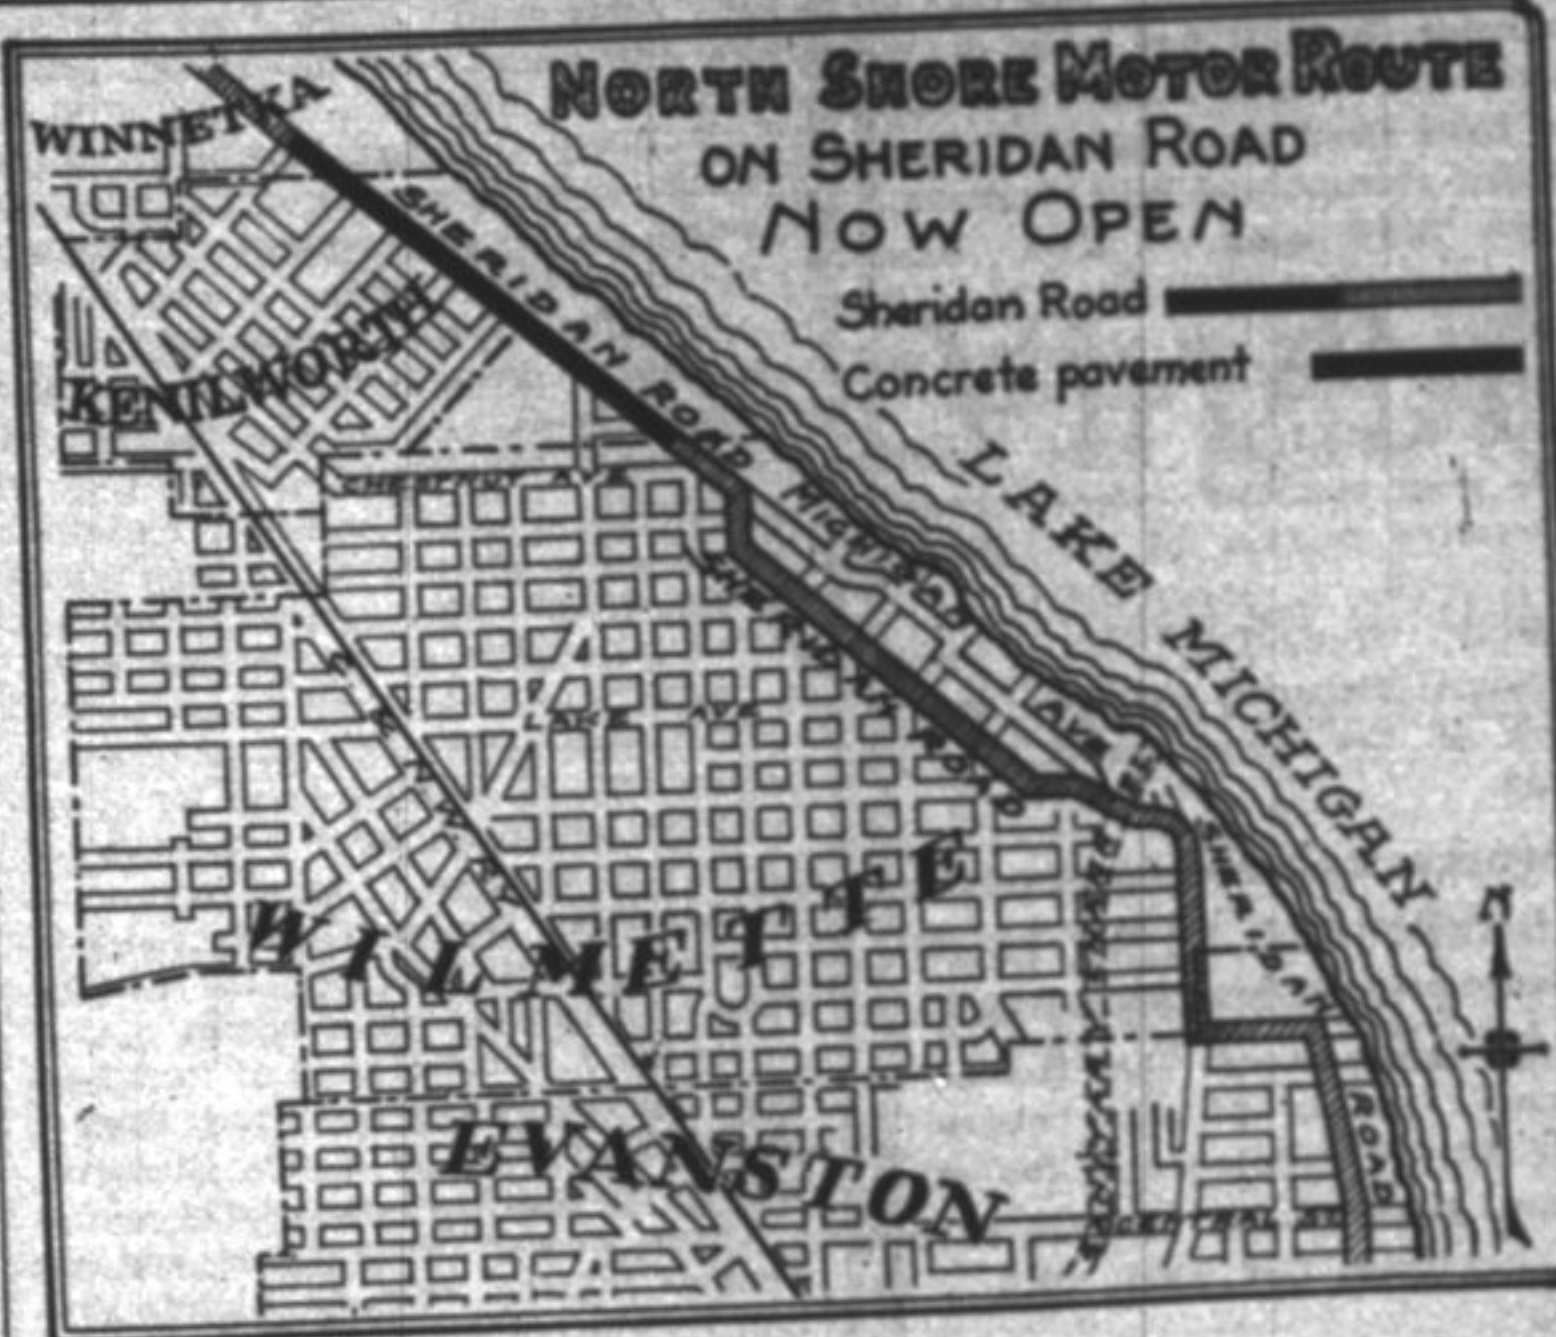

At the annual meeting held at the church, Thursday evening, the members of the First Church of Christ, Scientist elected the following officers, as readers for a term of three years: Mr. J. L. Proctor of this city as first reader and Miss Florence Underwood of Lake Forest, as second reader, and a board of six directors for a term of one year, Mrs. George D. Forest of this city, Mrs. George D. Forest of Hubbard Woods, Mrs. Adah Ballinger, Mr. Robert P. Walker, Mr. L. E. Stanhope of Winnetka and Mr. George D. Forest of Hubbard Woods.

CHRISTIAN SCIENCE LECTURE

Virgil O. Strickler, C. S. To Speak at Highland Park Church February First

On Thursday evening, February first, there will be a lecture on First Christian Science at the First Christian Church of Christ, Scientist, Highland Park at eight o'clock. The lecturer is Virgil O. Strickler, C. S., a member of the Board of Lecturership of the Mother church, the First Church of Christ, Scientist, in Boston, Mass. The lecture is free and the public is cordially invited to attend.

ANOTHER LINK IN SHERIDAN ROAD

Sheridan Road is now open from Chicago City Limits all the way to Glencoe. It was necessary a short time ago to make a detour in Wilmette because that portion of the road was not yet open to traffic. This portion has now been completed, the first man to pass the barrier being Frank T. Scheidehelm, treasurer of the Sheridan Road Improvement Association and Cashier of the Evans-ton State Bank. Mr. Scheidehelm has been active in bringing the road to its present condition.

Sheridan Road thru Winnetka was temporarily repaired last summer but a new road is practically assured thru this village as the assessment roll which calls for an improvement with concrete, similar to that in Kenilworth is awaiting only the confirmation of the County Court. This will bring the improved road to Hubbard Hill just north of Winnetka.

Glencoe citizens will hold a preliminary meeting next week to draft resolutions calling upon the Village Board to prepare plans and specifications for the improvement of Sheridan Road thru that village.

Highland Park recently had a public hearing concerning the Sheridan Road pavement which includes that portion of Sheridan Road from the south end of the present concrete pavement to the county line.

These improvements will be further steps in the linking of Chicago and Milwaukee, the aim of the Sheridan Road Improvement Association, which several months ago held impressive ceremonies at the State line at which Governor Phillips of Wisconsin and Congressman Foss of Illinois spoke heartily in favor of a permanently paved highway, giving uninterrupted passage from Chicago to Milwaukee.

FIVE MILE DRY BILL UP TO LEGISLATURE

TO PROTECT NAVAL CADETS

Churches of Lake County to Hold Anti-Saloon League Field Day Sunday, February 4th

By George McGinnis
Supt. of Anti-Saloon League of Illinois
The churches of Lake County will hold an Anti-Saloon League field day with a League speaker in every cooperating church on Sunday, Feb. 4. All who believe in good citizenship are urged to attend church on that day and hear the message from the men in the trenches on the firing line.

The passage of the five mile dry zone bill to protect the Great Lakes Naval Academy will make Waukegan dry forever and prevent the conflict over the wet and dry question every two years under the local option law.

The passage of an anti-shipment law in the legislature this winter, preventing the shipment of liquor from wet territory into dry within the confines of the state, will remedy in large measure the blind tiger nuisance. The recent decision of the Supreme Court of the United States upholding the constitutionality of the Webb-Kenyon law which enables a dry state to prevent the shipment of liquor to parties within the state, will have its influence on the passage of our anti-shipment law.

We are also seeking a blind tiger law which will enable any properly qualified officer to go into any public place where he has suspicion that liquor is being sold and confiscate it. We are also after a county option law to permit people to vote upon the saloon question by counties. To cap the climax, we will ask the legislature to give the people of Illinois a law permitting a referendum on the saloon question to the people of the state.

There is every indication that all of this legislation can be secured this winter. We may dodge it and ignore it as much as we will. The great issue before the American people today is saloon or no saloon.

We have nothing to say about last Saturday's bowling match between The Press and the City Hall Teams, but we hear shouting from the other side of the street.

LOCAL BUSINESS MEN PLAN PAY-UP WEEK

JOIN IN NATION-WIDE MOVE

The General Plan is to Encourage Everyone to Pay Up All of Their Accounts

At a special meeting of the Highland Park Business Men's Association last Thursday evening, it was decided to conduct a local campaign in connection with the nation-wide "Pay-Up Week," which is to be held during the week of February 19 to 24.

Pay-Up Week is a national campaign to encourage everyone to square up old accounts and start off with a clean slate. The idea was started by the Merchants' Trade Journal of Des Moines, Iowa, and it appealed to the merchants all over the country so quickly that it soon became a nation-wide plan. The members of the Illinois Bankers' Association adopted the plan and urged all of its members to take it up. It was thru the local banks that the campaign was started here.

The Highland Park Business Men's Association also took up the plan and called the general meeting which was held Thursday night. At the meeting it was decided that the association should carry out the plan thru its organization, and that every merchant in the city be asked to join in the movement and carry it to a successful conclusion.

The general plan is to encourage everyone to pay up all of their accounts. It has been found that it is just as possible to create a desire to pay bills thru carefully worked out, direct advertising and plans, as it is to create a desire for merchandise thru advertising. In other words, it is just as possible, by nation-wide advertising, to create a national desire to pay debts as it is to open a market for a new product thru a national campaign.

It must be remembered that the plan is to be carried out in the most friendly spirit. It is the aim of the merchant to avoid all feeling that the campaign is just a system of "dunning" the debtor on a large scale. They want the co-operation of the debtor and they are only too glad to make it easy for him to settle up old accounts of long standing.

TWENTY-FIVE YEAR SERVICE

Wednesday, January 31st, Marks end of Quarter of Century for Dr. P. C. Wolcott's Rectorship

The twenty-fifth anniversary of Dr. Wolcott's pastorate will be observed on Wednesday, January 31, the day upon which he was elected rector of the parish in 1892.

There will be a celebration of the Holy Eucharist at 10.45 o'clock to which the clergy of the Diocese have been invited and at which Bishop Anderson will make an address. The members of the congregation and their friends are asked to attend this service and to meet Bishop Anderson and Bishop Griswold afterward.

The Ladies of Trinity Guild will serve luncheon to the visiting clergy in the Parish House after the service and there will be several informal speeches by prominent clergymen who are old friends of the rector's.

In the evening from eight to ten there will be a reception to Dr. and Mrs. Wolcott in the Parish House to which all their friends are cordially invited, the ladies of the Guild have arranged for music and refreshments.

On Sunday, February fourth, which will be the anniversary of Dr. Wolcott's first service as rector of the parish, he will briefly review the twenty five years of his incumbency. On this day and not on Wednesday, the 31st, the members of the congregation are requested to make their communions, and to make the day one of thanksgiving for the many blessings which pastor and people have received during the past quarter century of unbroken happy relations.

ABRAM WOODRUFF HALSEY

One of Secretaries of Foreign Mission Board Will Speak at Presbyterian Church, Sunday

Next Sunday morning, at the eleven o'clock service in the Highland Park Presbyterian Church, Rev. Abram Woodruff Halsey, D. D., L. L. D., of New York City, will deliver the sermon. Dr. Halsey is one of the Secretaries of the Foreign Mission Board of the Presbyterian Church, a man of national and international repute, and one of the greatest authorities of the church on conditions abroad as related to the church. What a bishop is in other churches, that Dr. Halsey is in the Presbyterian Church: one of the ablest men in the denomination. It has been many years since one of such high authority in the denomination has spoken in Highland Park, and many days since the people of Highland Park were given such a great opportunity of hearing one so familiar with the conditions abroad. It is by special invitation of the Pastor and Elders of the church that Dr. Halsey speaks next Sunday; and a signal honor to this church that he is to visit it. The public is most cordially invited to hear him.

ESTHER E. PEARSON

A rare treat will be given all music lovers Tuesday evening, January 30, when Miss Esther E. Pearson, the Chicago Soprano, will be heard in a program of varied songs at Witten Hall. Miss Pearson has attained the position she now holds by reason of a beautiful soprano voice, an abundance of temperament, and an art gained from serious and unlimited study from the best of American teachers. Mr. Avern Scofield, violinist is an artist who never fails to electrify his audience, hence the program will be most interesting. Mr. Stanley A. Martin will play the accompaniment.

SECOND TERM OF NIGHT SCHOOL OPENS FEB. 5

NO CHARGE FOR TUITION

There Will be Two Evenings a Week, Monday and Thursday, From 7:30 Until 9:30

Considerable inquiry has already been made regarding the evening courses or the second half of the winter at the Deerfield-Shields High School.

The work will begin on the evening of the fifth of February and, as before, will be given two evenings a week, Monday and Thursday, from 7:30 till 9:30. No charge is to be made for tuition, regardless of age.

The courses to be given the second half year will be largely individual work of such character that students not in attendance during the first ten weeks or in attendance only part of the time, will be able to enter the classes.

Industrial arts, commercial, and physical training courses offer opportunities to many students. The course in Woodwork gives opportunity to gain skill in the use of machine and hand tools. The Mechanical Drawing consists of both architectural and machine drawing. There will be but one class in Domestic Science, meeting one night for dress-making and millinery and the other night for cooking and household management.

The course in Agriculture and Horticulture will have special regard to spring planting, the making of flower beds, testing of grass seeds, planting of shrubbery, etc.

In Business English there will be practice in letter writing and correct expression, spelling and grammar. The Commercial Arithmetic is designed for business men and contractors. Penmanship will be offered during the second term.

Students who were unable to begin a course in typewriting during the first ten weeks will no doubt find room the second term. Beginners are taken in this course just as in the others.

Those who completed the first ten weeks of Bookkeeping acquired sufficient knowledge and skill to keep the accounts of a small business. During the second ten weeks beginning students may expect to do the same. Those who have had the first ten weeks may go on to secure additional work in this subject.

A special effort will be made to increase the numbers in the men and women's Physical Training classes. There will be floor work, games and swimming in each class; the work will be adapted to individual needs so far as possible.

The courses in Spanish and Mechanics and Electricity will not be continued during the second term unless additional numbers call for them. If any group of students desire courses other than those offered, arrangements will be made to take care of them if the numbers warrant.

The fact that these courses are free regardless of age, should appeal to many students. It is expected that larger numbers will be in attendance the second term than were present during the first.

"AROUND THE WORLD"

Elmendorf at Orchestra Hall, Will Speak Sunday. Next Week, "Old German Towns."

Jules Verne's "Around the World in Eighty Days", once thought the extreme romance of prediction, will be shortened to two hours by Dwight Elmendorf, the veteran traveler and lecturer, when he presents his new travel talk, "Around the World", at Orchestra Hall on Sunday afternoon, January 28th.

Continuing his regular series of travel talks on Wednesday and Friday evenings, and again on Saturday afternoon of next week, Mr. Elmendorf will present "Old German Towns", paying special attention to those associated with the lives of the great German musicians, Bonn, Wetmar and Eisenach, where the names of Beethoven, Liszt, Wagner and Bach are as sacred to the towns as Shakespeare is to Stratford-on-Avon.
