FIRST UNITED EVAN.

Rev. C. G. Unangst, Pastor
The services on last Sunday were very good and well attended. The presence of a new organ, which everyone seems to be pleased with, added much to the enjoyment of the sermons.
Next Sunday morning at 10:45 a representative of the anti-saloon league will be present to speak to the congregation.
In the evening at 7:30 o'clock the pastor will preach on "Faith Dispelling Fear". There is always plenty of good singing to season these services.
The Christian Endeavor meets at the usual time, 8:30 and will discuss "Visions and Tasks". This is to be Christian Endeavor Decision Day.
"Jesus the Saviour of the World" is to be the lesson study in the Sunday School at 9:30. The lesson is found in St. John 3:1-21.
Visitors are heartily welcomed at all of these services.

\$1,000 Bill in Collection

A \$1,000 bill mixed indiscriminately with greenbacks of the \$1 and \$5 variety and lost change galore caused officials of the First Church of Christ, Scientist, of Wilmette, to gasp when it fluttered down out of the collection plate as they were counting last Sunday's collection. The bill had been placed on the plate by an anonymous giver, who had not even taken the trouble to put it in an envelope.

"It's the biggest bill we have ever received," said an official of the church today, "although we frequently receive \$100 bills. Last Sunday two \$50 bills were placed in the collection. Cashier's checks for \$500—made out that way so the identity of the giver does not become known—are not unusual. People seem to like to give when they can do it anonymously."—Chicago Daily News.

Y. W. C. A. NEWS

The Annual Meeting of the Young Women's Christian Association was held Thursday evening in the Assembly Room of the Association. The reports from both the members and the leaders were full of interest and were inspiring to the hearers, many of whom were unaware of the extensive work being done by the Association thru the volunteer Leadership. Too much cannot be said of these leaders who give their time and effort so willingly.

Mrs. George Campbell presided at the meeting which was opened with a piano solo by Miss Kathleen Krueger followed with a prayer by Mrs. Norenberg. Reports were then given by club members, Irene Stevens, Darlene Jones, Elizabeth Larson, Julia Stipe, Alice De Young and Edith Lindstrom, all of which were very interesting, and were listened to with a great deal of pleasure. The Leaders from different clubs were then called upon and gave outlines of the work done the past year and also the work they are planning for the coming year. The earnestness of these reports demonstrated the splendid leadership the Association is enjoying. The Leaders who responded were the Misses Holke, Phillips, Goeltz and Cushing. Mr. Carl Pfantstiel told of his work among the boys' clubs of Highwood in their study of electricity which is one of our most attractive features. The Annual report of the Treasurer was given by Mrs. Fred Clow and the General Secretary's report was given by Mrs. Searcy. Miss Orva Stine then gave some very enjoyable readings which brought forth well merited applause. Cake and ice cream was served by the girls.

The Bluebird Club gave a sleighing party Tuesday evening followed by lunch and a social time at the Headquarters.

The Telephone Exchange girls gave a sleighing party Friday evening followed by a supper and social time at the Y. M. C. A. Rooms.

Miss Alice Davidson has shipped two crates of oranges to the Association which are to be disposed of for the benefit of the Y. W. C. A.

Come early and get this delicious Florida fruit and help the Association.

Miss Anna Carbury were very much grieved to learn of her death which occurred at Elgin at the home of her parents on Monday of this week. Miss Carbury had been elected to teach in the fifth grade at Elm Place for this school year, but was obliged to withdraw in October on account of failing health. She was a young woman of unusual worth and had many friends in Highland Park.

Elm Place, co-operating with Lincoln Avenue and Ravinia Schools, will observe Friday, Feb. 9, as Institute day, and there will be no school for the pupils that day. Prof. Meriam of Columbia, Missouri, will give a general address in the Elm Place on Friday morning, and Friday afternoon will conduct conferences which Auditorium on Thursday evening, and all the teachers of Elm Place will attend.

At assembly Friday morning last, honorable mentions for excellence in various phases of school work were announced, and the members of the eighth grade graduation class gave their closing exercises. Doris Oliver gave the history of the class, George Bahr read the class prophecy and Estella Frakes paid tribute to each of the members of the eight B class in a humorous stanza.

Friday evening the graduating exercises were held. The pupils of the eighth grade assisted by the seventh grade pupils gave an unusually fine musical program which impressed everyone with the valuable opportunities the pupils have in receiving musical instruction from Miss Jewett. Dr. J. Paul Goode delivered an illustrated lecture on Hawaii which was considered one of the finest lectures of the kind ever given in Elm Place School. Rev. R. Calvin Dobson represented Mr. E. B. Metzler, President of the Board of Education who was unable to be present, and prefaced the presentation of the diplomas to the members of the class, with a happy and helpful address.
