LET'S pass prosperity around by paying our bills—not just a few of us but every man and woman in this community : : :

HIGHLAND PARK CLUB

The entertainment committee is planning an attractive program for March. On the third John Kendrick Bangs will give "We, Us and Co." Another amateur vaudeville is promised for some evening in March. The popularity of the skating pond has reached a great height owing to the continued cold weather. Tonight Harry C. Ostrander will give "Ninety Minutes Around the World." The lecture will be illustrated by slides and motion pictures and will begin at eight fifteen. Motion pictures tomorrow evening will be Andrew Mack in "The Ragged Earl." The pre-Lenten dance will take place on Tuesday evening.

EXILE ATHLETIC CLUB

The Exiles continued their winning streak and won another double header on last Saturday night. The lightweights defeated the Winnetka Orioles 32-27. The Exiles held the small end of the score until the last five minutes when a rally was started and twenty points scored, winning the game by only five points. The heavyweight game started out to be a close game, there being no scoring during the first five minutes of play. The Exiles then hit their stride and had things their own way, the Maroons being unable to break up the fast teamwork of the Exiles. The game ended with the Exiles in the lead, 48-14. The Exiles will be unable to play at the Deerfield-Shields high school gym next week, so will travel to Evanston. Games have been arranged for the 24th of February, and the Exiles will again put on some fast basketball.

Choose An Oil Heater Wisely
 Let us help you—for oil heaters are different—some are better than others. The one sure best for 20 years—the one that produces the most heat for the least cost, is the one with this trade-mark. Heats a cold room in a "jiffy"—to the remotest corners. The heat is clean and odorless. Costs only one cent an hour, to use—

**Price of this Chalmers today, \$1090
 Price beginning March 1st, \$1250
 Net Saving, \$160**

YES, THIS IS THE CAR
A 5-passenger beauty, saves you \$160, if bought today

Not all people prefer this kind of car. Perhaps only eight out of ten people do. To make sure that it will suit you and yours, come and let an experienced and highly intelligent man show you some of the many things that stand out and make a Chalmers a Chalmers.

Take the Motor, for Example
 It is the most famous and most used of all Chalmers motors. It has high power capacity. That, certainly, is a logical and extremely sensible type of motor to own. It is never under a strain. At 45 and 50 miles an hour it is using only a part of its power.

It Saves Itself
 And in so doing, saves many a dollar. Conservation of energy means conservation of fuel. Watch your gasoline bills go down when you drive this Chalmers! Better see the motor first. It is the most important thing. But in your enthusiasm, don't miss one other feature—the dimensions of the body. There are four inches more room in the front compartment than you really need, and eight inches surplus leg room in the rear compartment. Note the rear seat cushion. It is three inches wider than it needs to be. Every dimension in the body seems decidedly generous.

These Are Mere Hints, However
 It would be quite impossible to describe the 6-30 5-passenger Chalmers, and you have no way of knowing whether this Chalmers suits you without seeing it. That makes necessary a trip to the Chalmers salesroom! If this Chalmers does suit you, then you won't have to be reminded of the \$160 saving—the item is far too important. The 2-passenger Chalmers roadster, built on the same chassis, advances in price \$180 on March 1.
