FORD

THE UNIVERSAL CAR

320,817

Have been built and actually delivered to retail buyers since August 1st, 1916. These figures--320,817--represent the actual number of cars manufactured by us since August 1st, 1916, and delivered by our agents to retail buyers.

This unusual fall and winter demand for Ford cars makes it necessary for us to confine the distribution of cars to those agents only who have orders for immediate delivery to retail customers, rather than to permit any agent to stock cars in anticipation of later spring sales.

We are issuing this notice to intending buyers that they may protect themselves against delay or disappointment in securing Ford cars. If, therefore, you are planning to purchase a Ford car, we advise you to place your order and take delivery now. Immediate orders will have prompt attention. Delay in buying at this time may cause you to wait several months.

Enter your order to-day for immediate delivery with the authorized Ford agent listed below and don't be disappointed later on.
