

TAKE YOUR ADVICE

Your Fine Rugs Must be Cleaned and You, of Course Want Them Cleaned Well, Without Harming Them.

It is far better to have your rugs dry cleaned, as you would a fine suit of clothes, with gasoline, rather than have only the surface scrubbed with soap and water which only half cleans them leaving the dirt in the warp to work up later.

Dry Cleaning takes out every particle of dirt, kills all moths and makes your rugs like new.

We can refer you to numerous parties that have had us dry clean their rugs and are highly pleased with our work.
