

Your Fine Rugs Must be Cleaned and You, of Course Want Them Cleaned Well, Without Harming Them.

It is far better to have your rugs dry cleaned, as you would a fine suit of clothes, with gasoline, rather than have only the surface scrubbed with soap and water which only half cleans them leaving the dirt in the warp to work up later.

Dry Cleaning takes out every particle of dirt, kills all moths and makes your rugs like new.

We can refer you to numerous parties that have had us dry clean their rugs and are highly pleased with our work.

Let the Man do the Washing

Rub the clothes and turn the wringer by hand, and 99 out of the 100 would have an electric machine before the second wash day. We have sold over 200 of the Eden Electric washing machines from our Wilmette stores, not one of the owners would take a \$1,000 for their machine if they could not get another. All the electric machines are selling about the same price. If we knew of a better one than the Eden we would have it. You can own the Eden by paying \$5.00 down and 17c a day on the balance.
