#### PROTECT OUR BIRDS

To the Editor:  
Illegal shooting of song birds has been very common for years in the Skokie and in the woods around Highland Park.  
Foreigners who are used to such destruction in their own countries, and some plain Americans are in the habit of shooting anything they can see, and in default of bigger game, bringing in messes of robins, bluebirds and other beautiful song birds for their Sunday dinner.  
William F. Edwards has announced his candidacy for constable at the April 3 election, on the express platform of stopping this shooting. The Fish and Game Act protects all the song birds, and fixed closed seasons and the constables are special deputy game wardens. It should be of great interest to all bird lovers, and people interested in the protection of our feathered friends, to know that they have an opportunity to elect a constable who will enforce the law, and it may be hoped those interested, and particularly the Women's organizations will turn out to help save the birds.

The girls of the Domestic Science class served the dinner. To Miss Morton, the Domestic Science teacher, much credit should be given for the quiet way in which the whole affair was handled, and for the delicious dinner served.

During the assembly period on last Monday, Mr. Henry A. Mason gave us much valuable information when he talked to the high school about his experiences in Russia during the summer of 1916.

The Girls' and Mothers' dinner will be given at the high school at six-thirty, Friday, March 30th. Plates are to be only thirty cents and at such a nominal price it is hoped that all the girls and their mothers will be there. A good time and a good dinner are assured.
