

EASTER SUNDAY

Will there be a Lily in your home next Sunday? Will there be flowers on the breakfast and dinner table? What could you have more appropriate to help celebrate Easter Sunday with than flowers?

Maybe that you want to surprise the good wife, mother, sister or sweetheart of yours with a Flowering Plant, a Basket arrangement, a box of Flowers, or a Corsage Bouquet on Easter morning. Don't you think it would be appreciated? Why not do it?

Think of the sick friends, that's what flowers were meant for—to cheer up—you couldn't do anything nicer than to remember them on Easter with just a few Posies.

How about those many miles away from you? It really doesn't matter where they may be in the the good old U. S. or Canada, we can reach them in just 2 or 3 hours at the longest. Anything in the way of a Flowering Plant or Cut Flowers with your card and good wishes on it.

As members of the National Society of Florists and the

Florists Telegraph Delivery Association we can telegraph your order any where even to Europe in spite of that fearful war over there. Absolute satisfaction or money refunded—you can't ask any more.

We deliver free any where along the North Shore from Chicago to Milwaukee including both of these cities—that is service to be proud of—no it doesn't matter about the size of the order—all we want is to get you in the habit.

Think it over. Think of the happiness and joy you can spread out on next Sunday and how pleased you will be yourself with that thought. Don't let this Easter pass without having sent Flowers somewhere, and give us a chance to help the good work along.

Both our store next door to the Post Office and the Greenhouses on West Laurel Ave., are just full of good things, in fact there are no better anywhere, don't care where you go. Our prices are reasonable and you couldn't possibly deal anywhere, where you would be treated with more courtesy or where people are more real anxious to please you than we are
