

### Our Way of Doing Family Work By the Pound

FAMILIES sending us their entire wash are very much pleased by this way of charging for their work as it enables them to send us everything, including the small pieces, blankets, quilts, rugs, etc. It's a convenient way of having your family work laundered. Try it next week. Don't injure your rugs by having them beaten or scrubbed. Let us dry clean them with Naptha.

It kills all germs and moths and makes your rugs as clean as when new.

At one time drugs were put in the eyes as necessary for fitting glasses.

Some have believed that a knowledge of medicine was necessary to prescribe and fit glasses.

The success in relieving eye strain depends entirely on the skill of the practitioner, such skill having nothing to do with a knowledge of medicine, law or astronomy.

Optometry, being based upon exact science, involves a knowledge of theoretic and practical optics which are not incorporated subjects in the collegiate or state examination of medical eye specialists.
