Chalmers accomplished the feat with ease. It did it because of the quality of its motor, the excellence of its design, the thoroughness with which it is built.

One can say as a certainty that in the twentieth century no one will be able to boast that he has created anything absolutely new in fashions. The crinolines of the Empress Eugenie were a reminiscence of the panniers of Marie Antoinette, and long before her time, in the orient, women had conceived the idea of enlarging their skirts by means of hoops.

Ruined by Jestings. The Antiochenes themselves brought about the ruin of the beautiful city of Antioch, the ancient capital of the Greek kings of Syria. These people were famous for their biting and scurrilous wit as well as their ingenuity in devising nicknames.

Discouraging. Mistress—Sarah, I saw the baker man kiss you today. I really shall have to take the bread in myself in future. Sarah—'Twouldn't be no use, ma'am. He wouldn't kiss you, 'cause he promised he'd never kiss anybody but me!—Pearson's Weekly.

The Division. He—So young March and his father are carrying on the business? She—Yes. The old man runs the business, while young March does the carrying on.—New York Globe.

An Unanswerable Argument. The poor relation had not been invited to the formal function at the great house, but he went to the door in spite of that oversight.

"Where's your card?" inquired the first gentleman in waiting. "Haven't got any," responded the poor relation meekly. "Nobody can get in without a card." "Well, I'm nobody," murmured the poor relation, but the first gentleman in waiting could not grasp the delicate humor of it, and the poor relation was turned away from the inhospitable door.—Exchange.
