### Imperial Cleaners & Dyers

Phones: Store 265 Res. 671

### Vacuum Cup Tires

A tag on every tire which guarantees 6000 miles

But it's a rare instance when this mileage is not far in excess of the guarantee.

A real no-skid tire. Holds the car to the road whether wet or greasy. If it does not, returnable and money refunded, after a reasonable trial.

Oil Proof, too. Contact with oil or grease leads to no deteriorating effects.

### LINCOLN SCHOOL

The P. T. A. and the Lincoln School Alumni are planning an Alumni banquet to be given on Saturday evening, May twenty sixth for the present 5 grade class and the members of the Alumni who are at present in the High School. It will be given at Lincoln School and a good time is being planned.

The kindergarten class will close on June first. The other grades will not close until about June fifteenth.

The children of the school are working hard on their gardens which are located on the north east section of the school ground. The third and fourth grades are putting in two hundred tomato plants, while the fifth and sixth grades are putting in beans, carrots, and corn. A small patch of potatoes is also being put in as an experiment. The children of the lower grades are planting a border of marigold and calendulas around the garden. A great deal of interest is being taken in the planting and it is planned to sell the vegetables in the fall and with the money received, purchase books and other supplies which are needed for the school.

### HIGH SCHOOL NOTES

By the Students

Deerfield's base ball team dropped another contest to Oak Park, Saturday, May 12. Oak Park was clearly superior and excelled the local team in every department of the game. The score was 10-2.

The track team was entered in the Lake Forest inter-scholastic meet which was held last Saturday at Lake Forest Academy, but failed to place in any of the events.

The Commencement exercises this year will be held in the gymnasium of the school, and will consist of features interesting to all students and patrons.

The plot of ground opposite the high school has been prepared for planting and will soon be in use.

On Tuesday afternoon the girls of Miss Anthony's session entertained their mothers and the women of the faculty in the English Club Room where they presented a very interesting program in the form of music and readings. At the close of the afternoon the girls served dainty refreshments which they themselves had prepared.

Friends of the high school are invited to attend a school exhibit, and a reception to be given by the P. T. A. on Friday evening. The reception will be held in the Girls' gymnasium from eight to eight-thirty. From eight-thirty to nine-thirty exhibits will be on display in the various class room; these exhibits represent the work done during the school year. An informal dance will be held in the Boys' gymnasium from nine-thirty to ten-thirty. Bring your friends up to spend the evening with us.

### A Volunteer Muster

Continued from Page 1

of sixteen learning "about face." With equal seriousness the schoolmaster, the lawyer, the carpenter, and the business man line up shoulder to shoulder.

They all like it immensely. Major Hine is proving an excellent drill master. Next Wednesday night they will step off to the throb of a drum. If the weather gets warmer they will take to the open and make the football field their parade ground. Somehow it puts a man in sympathy with the great things of our age to line up with the men this way. Good feeling and friendships will ripen, too, as feet keep time and hearts beat with common sympathy. Of course the draft is likely to catch some of those who drill; and it will not find them quite so fit for the awkward squad as they might be without the good drilling.

Lake Forest to the north and Winnetka to the south each have larger companies than we at Highland Park. Travelers returning from the east report a still greater interest in the home guard movement there. This voluntary muster cannot but do good. One or two nights of drill a week may not take men very far in military efficiency, but the psychological effects are far-reaching. Football coaches know well that if their team is to win it is largely because the will to win is in every student's heart whether he belongs to the squad or not. The team is lifted on this tide of general enthusiasm to will and to endeavor far beyond their normal power. Let us get such a tide of military enthusiasm running in this country to carry our boys to victory. Let him who has red blood come out and drill with the men next Monday night at 8 o'clock. Column right! March!

### CARD OF THANKS

We wish to thank our many friends and relatives for their kindnesses during our recent bereavement. Edward R. Cole and family.
