try by not requiring their hired men
to work more than 18 hours a day.

Bryan and Stone are now yelling
for preparedness-after-the-fact. Their

their reasoning powers were a little
slow.

The Kaiser says that his "will for

placing more reliance on Uncle
Sam's won't.

Germany hasn't declared war on

Even a confirmed pacifist can help,
without violence to his convictions,
by helping on the farm.

Eighty-one days since the begin-
ning of unrestricted warfare and
Germany's "best and sharpest" and
fondest weapon has not won the vic-
tory promised the Germans in two
or three months.

We take pleasure in noting that
the German socialist's separate peace
plans with Russia were met at the
border by Gen. Spurnski.

It begins to look as though money
might be the one thing, not only
scarcer than usual, but getting more
plentiful every day.

Germany has produced socialistic
literature long enough to make a re-
volution seem pretty nearly due.

The war bridegroom can enjoy
himself being a slacker until the
time comes to push a perambulator.

A wise submarine policy would ar-
range for the capture of provision

the food supply of the world.

The citizen who cannot understand
why a national emergency should in-

has been a problem in every civiliza-

Y. W. C. A. NEWS
The next meeting of the Mother's
club will be held Tuesday evening,
June 5th, at 8 p. m.

This will be an open meeting to
which all members of the Association
are cordially invited, except the jun-
iors. We are fortunate in being able
to have with us on this particular
evening our new field executive, Mrs.
Emma T. Byers, who has lately
come to the Chicago office and whose
field is the four states of Wisconsin,
Michigan, Indiana and Illinois. Mrs.
Byers has had a wide experience in
association work and comes to us
brimful of enthusiasm and energy.
Her address will be on Preparedness
and we feel certain it will be well
worth listening to. Besides this each
of the senior clubs will provide vocal
and instrumental music. Thus a
very interesting program is assured,
and it is hoped a large audience will
greet Mrs. Byers on this her first
visit to our association.

An Appeal From France
An appeal has come from Chicago
for more subscriptions to the Ameri-
can Society for the Relief of
French War Orphans. Since the last
retreat of the German army in north-
ern France the people of the evacu-
ated country are found to be in a most
desperate and pitiable condition.

The children have suffered espe-
cially homeless, fatherless, and
often motherless, they have endured
for three years untold horror and
privation. They need care and help
of every description.

It takes only \$2.05 a month to pro-
vide for one of these children. Other
work which is being done is im-
portant but nothing will be of such
permanent and far reaching benefit
to humanity as the care of these lit-
tle children. New York and Boston
have presented large sums of money
to General Joffre for this work when
he visited those cities. Chicago is
endeavoring to find guarantees for
the maintenance of 19,000 children
as a gift to him and his heroic army.
If you wish to help in this work ap-
ply to Mrs. Samuel Slade, telephone
527, for further information.
