**The Handier the Better**

THE handier the telephone, the better it will serve you. If you have to leave your desk every time you wish to telephone, you waste valuable time.

If you have to leave your desk to answer a call, you not only waste your own time, but that of the person who called you.

Telephone service is a quick service, and every moment saved by having your telephone handy tends to increase the value of the service not only to you, but to others.

The public library will be closed both afternoon and evening on Wednesday, May thirtieth, Decoration Day. All books falling due on that date will be accepted the day following with no fees.

**ELM PLACE SCHOOL**

Miss Lucille Shaw has retired for one week as she is ill with the German measles.

The 1A children gave a very delightful entertainment on last Thursday afternoon when they presented "Hansel and Gretel". Much credit is due the children and their teacher for the way in which this play was presented. The piano accompaniment was given by Miss Jewett, and Miss Truoy sang some incidental music. Among the prominent characters were: Harrison Walthor, Hansel; Mary Grote, Gretel; Walberg Miller, mother; Page Beiers, father, and Robert Umbach the witch.

The pupils of Elm Place are in the midst of an exhibit of the museum and other graphic materials used for teaching purposes. Among special interests in the collections is that of a set of sixteen flags illustrating the history of the United States flag, this set having been made for the school a few years ago by the ladies of the D. A. R. The flags of five of the allied nations also appear in the exhibit.

An Endeavor to Lessen Divorce

Barratt O'Hara, former Lieut. Governor of Illinois, Judge Marcus Kavanaugh of Chicago and other prominent in civic, state and federal life, have united in an effort to root the divorce evil. Mr. O'Hara, president of the Society for the Preservation of the American Home, is making his initial attack on the home destroying agency through the medium of a photoplay spectacle "Should She Obey" now being shown at the La Salle Theater in Chicago.

Findings of the Nevada investigators and of the studies of the Illinois Vice Commission, headed by Mr. O'Hara, when he was the second executive of Illinois, are incorporated in the dramatic theme of "Should She Obey," the spectacular photoplay. Mr. O'Hara personally supervised its production.

This process in no way destroys the nutritive value of the Milk. It does however, destroy harmful germ life that Milk may contain.

We say "May" because there is always a chance that Milk "may" contain harmful bacteria no matter how carefully handled before it reaches us. So to Safeguard you we Perfectly Pasteurize it—then cool it—then automatically bottle and cap it. So it comes to you untouched by human hands.
