# REO

## It's Like Buying a Gold Dollar for 90 Cents

**AT ITS PRESENT PRICE** (\$875 f. o. b. factory) Reo the Fifth is the greatest buy in the market.

**WHY, JUST CONSIDER!** That was the price when cost of manufacture was vastly less than now.

**AND YOU'VE SEEN** Prices advance all along the line since then.

**THE REO FOLK** have steadfastly refused to add a dollar to the list price of Reos as long as there was any margin of profit at all at standard prices.

**BUT WE ARE WARNED** that there's no certainty how long this price can be maintained.

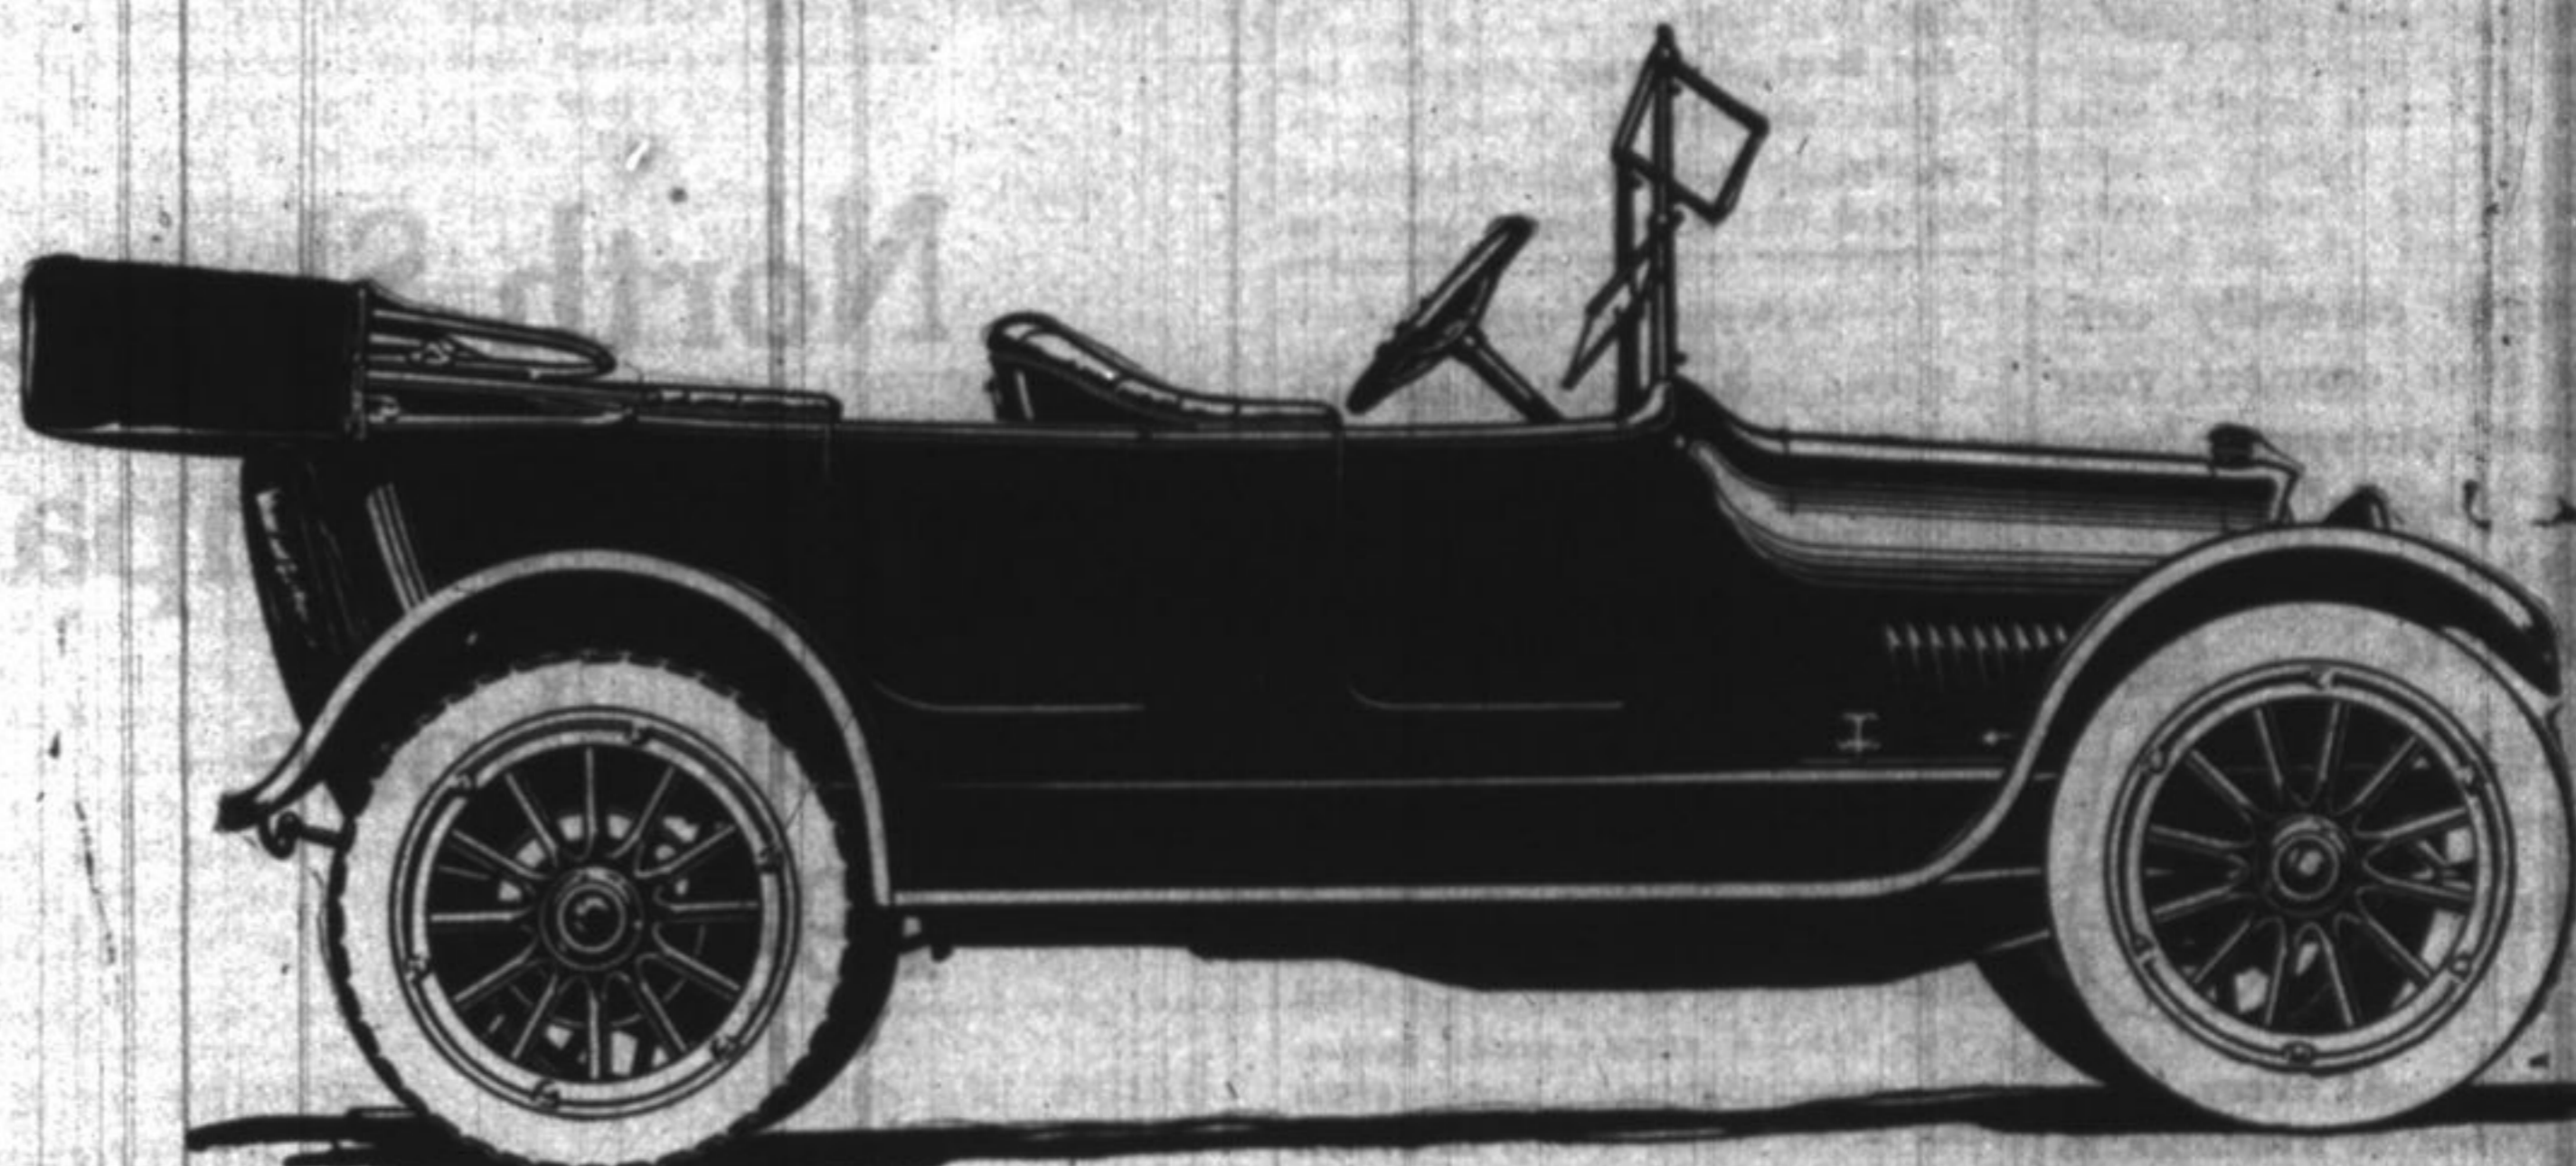

**COSTS ARE INCREASING** all along the line and there's no relief in sight. So it may be necessary any day to add \$75 or \$100 to the present price of all Reo models. Others have Reo may have to.

**SO ONLY WAY** is to secure your Reo now—order and set a definite date for delivery.

**TODAY** won't be a minute too soon.
