An artistic and literary afternoon will be given at the home of Mrs. C. N. Kimball, Saturday, June twenty-third. The program will be divided into two parts, first musical readings, adapted to poetic folk tales and legends of the court and people of France from the heroic days of Jeanne D'Arc (1425) to the present day. Those appearing on the program are Madame Marie Lydia Standish and Mrs. Estelle Hibbard Osborne, at the piano. The second part of the program consists of a group of French songs by Mrs. Hannah Butler, and patriotic airs on the organ. The music has been especially arranged for Madame Standish and the reading texts have been taken from ancient manuscripts. They will be given in costume. An explanation in English will be given before each number. This very unique affair will benefit a rescued village of France. The hour is set for three o'clock.

Make Light Work of Ironing

A HEAVY ironing is a light task when you use a new Gas Iron. Your summer comfort demands that you free yourself from the heat and drudgery of ironing in a hot, stuffy kitchen with the old Sad Irons smoking on the kitchen stove. With a Gas Iron, pressing is a cool, easy task. Results are far better, the work is quickly finished. Telephone 194 and today we'll deliver a Gas Iron to your home. The cost is only \$3.50 including six foot hose.

DO YOU OWN A "ONE YEAR" CAR? PAY \$500 MORE AND GET A QUALITY CAR. \$1350 BUYS A CHALMERS.

In going over our records a few days ago we found that 80 per cent of the men who had bought Chalmers cars this year previously owned "one year" cars. Please pardon us for using a technical term such as "one year" cars. It is a name that has grown up among automobile salesmen and service men. It means, briefly, a car that looks well when new, runs well when new, but peters out towards the end of its first year. 10,000 miles is long life for the "one year" car. Chalmers has never sought the "one year" car trade. Chalmers has always sought the quality trade. Perhaps that fact explains our sales records. It evidently shows a rather decided tendency towards a better car, and we feel complimented naturally, that the trend is toward Chalmers. Our advice, could we only get hold of those who are buying their first car, would be to pay \$500 more and get quality. For what is worse than a cheap pair of shoes, a cheap hat, cheap food or cheap jewelry? Quality you never forget. By the way, have you ever sat behind the wheel of a Chalmers?
