CONCERT PAVILION IS CHANGED AT RAVINIA

CHANGE IN OPENING BILL

Patriotic Concert Planned for 4th of July, Children's Day and Student Artist Day Thursday and Friday

One could scarcely think that the concert pavilion at Ravinia Park could be made more beautiful than it has been—but it is. Recent construction has placed all the seats on a slanting floor, has put a wide landing at the back of the structure and a wide flight of steps leading to the pavilion. On the landing there are numerous flower boxes which add color and beauty to the building. The very artistic, but much in the way, posts have been replaced by smaller ones.

An important change in the schedule for the first two or three weeks of the Ravinia Park season is made necessary by the illness of Rosina Galli, the danseuse. Mme. Galli will not be able to travel for three weeks. On account of this the bill for Saturday evening, June 30th, will be "I Pagliacci" and "The Jewels of the Madonna."

Edith Mason, Morgan Kingston, Millo Picco, Francesco Daddi, Louis D'Angelo, Carolina White, Salvatore Giordano, Morton Adkins, Cordelia Latham will sing, and Gennaro Papi will conduct.

Wednesday afternoon, July 4, a grand patriotic concert has been planned and the evening will be given over to "Cavalleria Rusticana" with a patriotic interlude, consisting of the singing of "The Star Spangled Banner" by Mme. Marguerite Beriza.

The first children's day program consists of special concert numbers with selections by Millo Picco, who will sing the Largo al factotum from the Barber of Seville, and Mr. Francesco Daddi, who will give Neapolitan songs.

The first student artist day program will bring forth Miss Rose Lyon, and Miss May Pfeiffer.

ARMY AND NAVY CENTER TO OPEN JULY FOURTH

Store at 380 Central Avenue, to be Used Instead of Old Purdy Building as Announced

The committee for the Army and Navy Center in Highland Park asks for contributions of flags, phonograph records, magazines, straight chairs, screens, small writing tables, hair brushes, clothes brushes, rugs and liquid soap. An old davenport or a comfortable arm chair would also be very gratefully received. Please communicate with Mrs. George Jones (Telephone H. P. 355) concerning any contribution that you plan to make. The Army and Navy Center, which is to be a reading, writing and general recreation room for the boys under the flag, will be opened on July 4th at 380 Central Avenue, next door to the post office, instead of in the Purdy Building as formerly announced.

A money contribution of fifty cents or less is solicited from all those who desire to help in this excellent work. Money should be sent to Mrs. George Jones.

Mr. A. W. Fletcher has kindly loaned the use of the building for this purpose and is making extensive improvements for the comfort of the boys.

HOME GUARDS TO MEET THREE NIGHTS A WEEK

Marchers Getting in Good Trim for Fourth of July Celebration Parade

The Highland Park Home Guards will, until further notice, meet every Monday, Wednesday and Friday evenings at eight o'clock at the City Hall. Only a few evenings remain for drill before the 4th of July and everyone interested is urged to make an effort to attend those meetings, especially the new recruits, so that the organization will make a good appearance in the parade on Independence Day.

The Home Guards will meet at 9:30 on July 4th, at the City Hall for the parade.

HIGHWOOD LAD IN SUBMARINE BATTLE

Freddie Wilson of Neighboring Town Is Among Gun Crew Aboard Armed Liner

As yet the people of this community have not felt the effects of the war to any great extent, but when a few days ago word was received here that recently two boys from neighboring towns were among a gun crew on an armed American liner that apparently sent a submarine to the bottom, citizens begin to feel that things were getting pretty close to home. Freddie Wilson of Highwood and William A. Metzger of Lake Forest were among the gunners.

The following is the report made by O. J. Gullickson, chief boatswain mate in charge of the naval guard.

At about 6:30 p. m. the man on the forward gun platform shouted "Torpedo!" The torpedo hit the ship just abaft the beam; glanced and went around the stern and sank.

Immediately after a periscope was sighted off the starboard beam and fire was commenced with the forward gun at about 2,000 yards.

The ship was headed toward the periscope and all shots were falling very close to the periscope. Suddenly a shot from the forward gun hit just in front of the periscope, making the submarine submerge and a light blue smoke came up from the stern of the submarine.

NORTH SHORE D. A. R. IS ACTIVE PATRIOTICALLY

Members Subscribe for Liberty Loan and Aid Financially in Other Ways

The D. A. R. has enlisted the services of the members to help out in the Central Red Cross shop, which is held in the Elm-Place auditorium. The shop was originally opened for just three days a week, Monday, Wednesday and Friday, but the call becoming more urgent, it was decided to open it every day. On Tuesdays the D. A. R. is in charge and on Thursdays the Highland Park Woman's Club with Mrs. C. A. Winston-as first vice-president is in charge of the shop.

At a meeting held on June fourteenth at Mrs. Sandwick's home, it was decided by the members of the chapter to buy a Liberty Loan Bond, expending \$50.00 in the cause of Liberty. It was further decided to give \$30.00 towards the purchase of an ambulance, which the D. A. R. of Illinois is to purchase and present to the government.

Not being satisfied with what they had done, and wishing to aid humanity still more the members of this North Shore chapter of the D. A. R. gave \$36.50 to the support of one French orphan. The government has been able to aid in the support of these orphans, but at the present time there is a deficit, and private institutions, organizations and individuals are aiding financially. This support is sent to France and does not mean that the orphan is brought to this country for support.

The D. A. R. will also have charge of the Rest Room for the July fourth celebration.

Miss Conella Barlow of Delevan, Wis., formerly of this city was present on this occasion.

BOARD OF SUPERVISORS WON'T REVOKE LICENSE

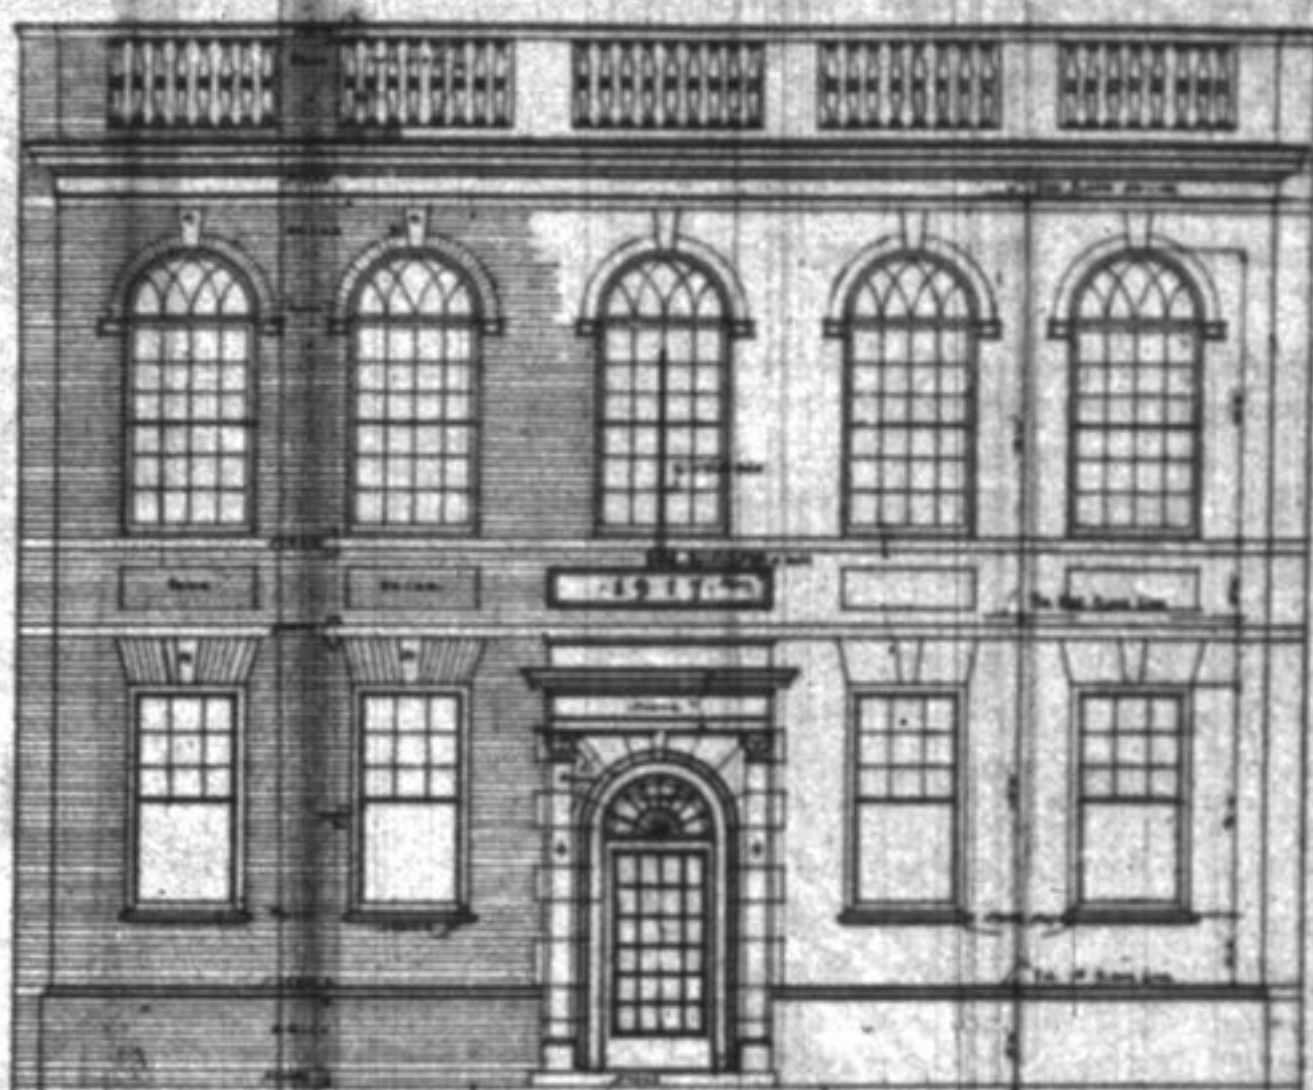

Interests of Saloon Keepers Were Considered in Preference to Soldiers and Sailors

Great dissatisfaction exists in army circles over the manner in which Colonel Nicholson and Captain Moffett have been treated by the Lake County board of supervisors, at Waukegan.

The board granted four saloon licenses in Half Day and when Colonel Nicholson and Captain Moffett appeared before the board in protest, they promptly tabled a motion to revoke. The interests of four saloon keepers were considered in preference to 5000 officers in training, 8000 young seamen and their country at war.

The Highland Park members, Mr. A. W. Vercoe and Mr. T. M. Clark, both made commendable speeches in protest and gave their votes against the course adopted.

FRONT ELEVATION OF NEW CITY HALL

FRONT ELEVATION

Let us herald the escutcheon symbolic of business enterprise and edification that our City's administration have long linked with their untiring efforts to ameliorate our aspiring city of Highland Park.

Diverting from the time being from road improvements and bridge constructions and city ordinances they are not going to leave unturned a single stone that will mar their ever-increasing and glorious efforts to prove the worth of their talents and ability.

We take much pride in announcing that the ancient spectacle of a city hall that has gradually warped our intelligence of a municipal building will no longer irritate or cause us lament.

The achievement that our present Mayor and Commissioners are now bringing about is the construction of an addition to the City Hall Building and renovation of the old structure so as to combine facilities for larger office room, which is sadly need owing to the present cramped conditions, and giving a very neat and admirable appearance inside and out.

We feel that we must applaud the masterly manner in which this undertaking is being transacted. The money to cover this expenditure will be taken from the general funds relieving the property owners of any increased financial obligation, and by strict economy and conservation in all the departments of the city's government this procedure will be made secure and we can all congratulate ourselves on the judicious wisdom and discretion of our Mayor and Commissioners who by such a feasible plan have manifested that they have at heart the welfare of the property owners and the citizens of our city.

HAVE YOU A SPARE BED ROOM IN YOUR HOME

Let it Out Over the Fourth to Guests of Officers in Training

Any householder having spare rooms over the Fourth of July would confer a favor by phoning the manager of the Moraine Hotel. A great many of the families of officers at the training camp at Fort Sheridan wish to visit the camp and cannot be accommodated at the hotel, and it would show a spirit of patriotism to make their visit possible. The visitors can have their meals at the hotel where it would not be practicable to take care of them in private houses. The visitors are very willing to pay a fair price for such accommodations as can be obtained.

CENTRAL RED CROSS SHOP RECEIVES GENEROUS GIFT

Inspiration Social Club Makes Offer of Forty Dollars to Worthy Cause

Last Friday the Central Red Cross Shop received from the Inspiration social club, through its president, Mr. Thomas E. Young the sum of forty dollars, the proceeds of the rummage sale conducted by the club, the preceding week. The committee in charge of the Red Cross Shop wishes to publicly acknowledge this splendid and generous gift and to assure those who had any part in the task of raising the money that it is most deeply appreciated and will be spent to the best possible advantage.

D. A. R. AND WOMAN'S CLUB IN CHARGE OF RED CROSS

Organizations Assume Duty on Tuesdays and Thursdays. Every One Must Help

The committee in charge have decided to keep the Central Red Cross shop open every week day except Saturday, the D. A. R. has assumed charge of the work on Tuesdays and the Highland Park Woman's Club on Thursdays. The shop is open from nine to four every day, and the need being most urgent, it is only proper to urge every woman to help. The fact that the two organizations have charge on these different days, should of course not bar any woman from going to do her part, whether a member of either society or not. This is no time to consider "club differences."

FINAL PLANS BEING MADE FOR JULY 4th CELEBRATION

MILITARY AND NAVAL PARADE TO BE BIG FEATURE

Honorable William Mather Lewis to be Orator of the Day. 30-Piece Band from Naval Station and Highland Park Band to Furnish Music.

Independence Day—the Fourth of July—is our paramount national anniversary. Celebration of it, this year of all years, in a manner befitting its high import, is urged by every consideration of time and circumstance.

Our country has been forced into war to protect its nationhood and to preserve in the world those principles of liberty and democracy of which the Republic was born. The time is apt for impressive application of those principles to the problems and circumstances of this hour.

Therefore, the Illinois State Council of Defense recommends serious purposeful and broadly patriotic observance of the Fourth of July in every village, hamlet and school district of Illinois—our citizens, be they many or few, can be bled or a flag flown.

Highland Park, always alert has risen to the occasion and through the efforts of a general committee has planned a thoroughly patriotic celebration, an outline of which was laid out at a meeting held at the city hall Tuesday evening.

The day's celebration will begin with band music at the city hall at 9:30 while the parade is being marshaled by Capt. D. H. Morgan.

The parade will start promptly at ten o'clock from the city hall.

The Park Board announces that it has now come into full possession of the beach north of the water-works and that it is now open to the public.

As all arrangements for the care of bathers are complete on the old beach, where there are caretakers and life saving appliances, bathing will be confined to that beach for the present, but the new beach may be used for purposes other than bathing under the usual restrictions, the principal of which is that parties shall clear up any papers and other litter that they may bring to the beach.
