Shore-Acre is a very beautiful piece of property situated on the bluff overlooking Lake Michigan on Sheridan Road, and is most artistically laid out with flowers of every description. At this time the most gorgeous peonies of pink, white and red are being displayed. There is also a very beautiful display of poppies and roses. From the very beginning of spring until late autumn this property is one mass of flowers. Shore Acre is such an attractive place that it would be impossible for one to do justice to a description of it. One must see for himself in order to appreciate the beauty of this garden of Eden.

The optometrist, or eyesight specialist, is the man to take care of weak and overworked eyes. We are optometrists with many years' experience. We examine the eyes, write the prescription and make the glasses—for one charge, a reasonable one.
