BAPTIST CHURCH

William N. Thomas, Ph. D., minister. Children's Day was observed at the Baptist church last Sunday. It was an interesting children's service, in which all who had part acquitted themselves finely. Superintendent McNally with his aids deserve great credit for the program of music and speaking presented. The children were surrounded with bouquets and potted plants as they presented their parts.

At the close of the program each of the children was given a potted geranium.

No one who could have seen and heard these things would have believed the rumor that the Baptist people were thinking of closing the church. They have had no thought of it. They are planning to do larger work.

The Wednesday night meeting is maintained with interest continuing the study of the Acts. Lesson in the ninth chapter next time. Sunday school at ten o'clock; preaching at eleven o'clock and Communion after the sermon; evening service at seven thirty. Evening subject will be some thought on "Immortality. Is there a future life?"

FIRST UNITED EVAN.

Corner Green Bay Road and Laurel Avenue. C. G. Unangst, Pastor.

The third sermon in the series on God's method of testing the human races will be delivered next Sunday morning at 10:45. Subject: "Man in Authority over the Earth" or "The Test of Human Government." The following questions will be answered. Is there scriptural authority for administering capital punishment? Would a Universal language be an unmixed good today?

At 7:45 p. m. the subject will be "The Ministry of the Prophet Isaiah."

The Bible school meets at 9:30 as usual and will study the lesson found in Isaiah 6, "Isaiah's call to Heroic Service."

Christian Endeavor at 6:45 will consider the topic "Little Things that make or Mar." Mrs. Earl Fritsch will have charge of the meeting.

It is desired that all who can, bring their Bibles to the Wednesday evening prayer meeting, that they may mark them for future reference.

A thorough canvass of Highwood and the north end of Highland Park is being conducted by the Ladies Aid Society, under the management of Mrs. Charles Boyd, to solicit membership in the American Red Cross. This work is being earnestly carried on, and every little part that all may do is a help in this, the supreme need.

Starting a Telephone Talk

WHEN you have called for a number on the telephone and you hear a voice say, "This is So and So, Mr. Such and Such speaking," you know at once whether you have the right number or not.

On the contrary, if the voice says "Hello! Hello!" you are in the dark, and you are obliged to waste time in ascertaining the identity of the person calling.

When called to the telephone always introduce yourself at once. It saves all preliminary questioning, and avoids confusion.
