"Yes, Madam."

"This is Mrs. Modern speaking. I called at your showrooms yesterday and looked at the new Cabinet Gas Ranges you have on display. I want you to send out to my residence at once that beautiful Range with the glass panelled doors, the self lighter, the porcelain splash back and tray, and the warming oven.

"We will be very glad to send out the Cabinet Range and have it installed for you today, Mrs. Modern."

"Thank you. I decided last night that I would have this new Cabinet Range and enjoy the kitchen independence, and the freedom from cooking drudgery which I have so long wanted. You know the Fourth of July is Wednesday and I want to declare my independence too.

"That's the spirit, Mrs. Modern. The Range will be out on time. It will be a great comfort and convenience to you this summer."

"Oh, I realize that. In fact, I'm waiting with my preserving until the Range is installed. My friends say it is so easy to make good preserves on a Gas Range, and I know from experience that the other way is so unsatisfactory."

Why don't you declare your independence from solid fuel stove troubles as Mrs. Modern has done. Just telephone 194 or call at our showrooms.
