Y. W. C. A. NEWS

The Bluebird club and their leader Miss Margot Cushing returned from Druces' Lake Monday afternoon where they have been camping for the past ten days. They are very enthusiastic over the association camp and especially the Highland Park cottage which has been built by the Y. W. C. A. of this place for the use of the girls for a summer outing. It is a most delightful place and affords outdoor sports of all kinds under the guidance and direction of trained workers employed for that purpose. A pageant was given during the time the Bluebird club was in camp and it is needless to say the Highland Park girls took a prominent part in the production. The cottage for the next two weeks will be occupied by Miss Goelitz and her group, the Aster club, composed of the Misses Dora, Esther and Ella Krueger Mildred Goelitz, Mildred Heiler, Kathleen Krueger and Mary Fay. The other members of the club will join them next week.

EXMOOR CLUB

Exmoor members are planning a Red Cross and Navy Relief Benefit for August eleven. The affair will be an officers' ball and supper. The navy and army bands will furnish music for the occasion. Great preparations are to be made for this affair. This afternoon there is a tea dance for the young people from 4 to 7. A large company of officers from the fort are to be present.

"All American housewives are asked to can." But what if they can't. And if they can can, what if their husbands can't eat what they can.

WOMAN'S COMMITTEE  
Council of National Defense

Official News Notes on all War Work

Woman's Committee

The Lecture Extension Committee of the Women's Council of National Defense will present a series of lectures to be given every morning of the week, beginning July 30, the hour and place to be announced later. The work of the various branches will be presented by persons familiar with the subject. It is understood that Friday mornings will be devoted to "Red Cross" and "Allied Relief" work.

The following letter has been sent out from Miss Jessie Spafford, chairman of co-ordination.

Rockford has been selected as the site for the Illinois Cantonment. We believe that this location has been chosen because the military officials thought it a good one.

Rockford has been a "dry" town for a number of years and is surrounded by "dry" territory. Thus one great evil has been eliminated.

Rockford has never had a "red light" district, and we do not intend to have one now.

All Rockford is planning to welcome your boys and to do all that is in their power, for their pleasure and comfort. Committees have already been appointed for such service.

Red Cross

The latest knitting instructions in pamphlet form may be had at the Central Red Cross Shop at Elm Place School. These instructions include the special aviators helmets and mits for ambulance drivers and aviators. Expert knitters, please apply at the Central Red Cross Shop for yarn for socks. The following clipping from Red Cross Bulletin No. 6, explains the great need.

An important task for women is that of knitting socks for the enlisted men. Authorities assert that no soldier can get along without the hand-made socks in anything like comfort. Other equally well informed persons say that the demand for hand-knit socks by the boys of the army can never be supplied. The machine-made varieties have only the quality of cheapness to recommend them, since they are non-elastic and non-absorbent, two necessary qualities which the covering of a soldier's foot must have. Also there is not nearly as much wool in the machine-knit sock as there is in the other kind. Another important feature of the hand-made socks, not to be overlooked, is that they will wear much longer than the machine-made ones. In addition, they furnish the spring padding between the shoe and the foot which is most desirable to men who must be on their feet constantly, as the soldiers necessarily are.

In the matter of the machine-made socks against hand-made ones, America is reaping the benefit of the experience of French, English and Canadian soldiers, who have tested both kinds thoroughly during their three years of warfare, and now will not listen to any arguments in favor of the former variety.

Next after the socks in order of necessity in the matter of knitted articles for soldiers comes the sleeveless sweaters.

Last week a large shipment of gingham and black pinafores, draw sheets, and hospital shirts was sent to the Red Cross headquarters in Chicago. The pinafores go to French children. There is need for many more. Please come and help increase the number of shipments by making more garments.

Notice

Trained nurses needed—Young women who desire to render patriotic service of the greatest value, are urged to enroll as regular students in schools of nursing. There is a great and increasing need for the professional trained nurse. Committee on Instruction for Women 1207 Tower Building.

Navy League

Complete instructions for all knitted articles for Navy League may be had at Central Red Cross Shop.

Aviation Corps

Directions for special helmets mentioned in last week's Press are now ready at the Central Red Cross Shop.

A. F. F. W.

Materials for garments and yarn will be delivered to people who will make articles at home and when finished will be called for.

Army and Navy Centre

During the past week the boy scouts have been assisting in the rooms. Mr. West, from Northwestern University will have charge and will co-operate with Chaplain Adams in his work. Mr. West is a social worker among boys and men.

The centre wishes to announce that it is now a branch of the recreation department of the Woman's Committee of National Defense.

DEFENSE COUNCIL HOLDS  
AN IMPORTANT MEETING

CENSUS OF WOMEN PLANNED

Treasurer Reports a Balance on Hand of \$572.35. Books, Periodicals and Other Reading Matter Needed

An important meeting of the council was held Tuesday evening in the council chamber at 8 o'clock. The president urged the necessity of a full attendance of the members of the council and the chairmen of the various committees. It was the sense of the meeting that whenever a committee chairman is unable to be present that he appoint somebody to act for him.

Miss Margarette Brown, representing the Women's Committee of the Council of National Defense and the Women's Committee of the State Council of Defense, addressed the council as to the method of taking a census of women in Highland Park. She will co-operate with James H. Duffy, chairman of the Labor Bureau and Census Committee, and with E. A. Warren, City Clerk, and Burridge D. Butler, in working out a plan for the census, which is to be taken at once. The president of the council was directed to write to the Governor of the State and ascertain whether census taking will be compulsory throughout the State and if so the method of taking the same.

The treasurer reported that the total receipts to date were \$695.50 and the expenditures \$123.14, leaving a balance on hand of \$572.36. The chairman of the finance committee was requested to submit a detailed report at the next meeting of the council.

John M. Tuttle, chairman of the Americanization committee reported on the entertainment and recreation activities now being conducted in the City of Highland Park.

Earl W. Spencer, chairman of the Patrol committee, was instructed to ascertain the legal status of the Home Defense Guards and to recommend at the next meeting whether the men should be affiliated with the new state guards, or whether they should be sworn in as special police or assistant deputy sheriffs.

William R. Ruffner, chairman of the conservation and relief committee, was instructed to co-operate with similar committees of the National and State Councils of Defense with reference to the distribution of information pertaining to the conservation of food.

The publicity committee announces that the council of defense is ready to assist all organizations in Highland Park in furthering the cause of national and local defense. Books, periodicals and other reading matter are needed at the naval station. All persons interested are requested to deliver material at Bahr's store and the committee will ship the reading matter to the naval station. The committee will also get in touch with the National Committee of Patriotic and Defense Societies, the Councils of National and State Defense for the purpose of getting information and data or the use of the local council.

The next regular meeting of the council will be held Tuesday, the 24th inst, at 8 o'clock p. m. in the council chamber of the City Hall.

PRESBYTERIAN CHURCH

The Highland Park Presbyterian church is enjoying again the very helpful sermons of Dr. McClure of Lake Forest, who has but recently returned from a few weeks visit in the East. Dr. McClure preached last Sunday and will continue to occupy the pulpit for the remaining Sundays of the month of July. Anyone who has had the privilege to hear Dr. McClure, whom it should be remembered is the President of the McCormick Theological Seminary, knows what a message he gives out of the abundance of his long experience of serving Christian people and we feel sure all will make special efforts not to miss any of his sermons at the Sunday morning 11 o'clock services.

The Sabbath School holds its usual Sunday morning exercises at 9:30 and it should be noted that adults are invited to come and join with the younger people in their worship.

Additional Local  
The Ladies of Highland Park are invited to attend a display of attractive children's dresses at the Moraine Hotel on Tuesday, July 24th.

Mr. Fred Garling and Mr. Ernest Garling are in La Porte, Ind., today where they will attend the funeral of Mr. Ernest Maahs, who died on Tuesday.

Word has been received of the death of Mr. Ernest Maahs of La Porte, Ind., formerly of this city, which occurred on Tuesday.

Rev. Frederick L. Gratiot is spending a two week's vacation at his home in Kirkwood, Mo.

REAL ESTATE AND INSURANCE OFFICE

Henry K. Coale and Son Open Office in New Pearl Theatre.  
General Automobile Ins.

Mr. Henry K. Coale, who has conducted a real estate business in this city for the past years and his son, H. Kelso Coale, Jr., recently of the Kelso Loan, have opened up a real estate, loan and insurance business in the new Pearl Theatre building. The proprietors are also conducting a general auto and fire insurance business. The office is open every day from 7:30 a. m. to 9:00 p. m. The business goes under the name of Henry K. Coale and Son.

Beware of Burglars

When people go away for the summer or for a visit or vacation only, that is the favorable time for the house burglar to ply his trade.

He locates the unoccupied home, robs it by night and next morning by motor car he is many miles away.

You can make it hard for him and protect yourself absolutely by moving your trunks, silverware, etc., into our fire and burglar proof vaults and renting one of our safety deposit boxes.

PHYSICAL TRAINER OFFERS SERVICES  
Charles M. Postl Gives Time to Bring Rejected Candidates up to Standard  
Mr. Charles M. Postl, the Chicago Physical Trainer, has offered his services to the government for the purpose of training men who have been rejected for minor physical disabilities.  
Mr. Postl's work has met the approval of all the various marine, navy and army heads. To date he has trained sixty men so that they have been accepted when re-examined.  
Mr. Postl is favorably known in Highland Park and recently made a large contribution to the Highland Park Hospital Building Fund, as he is interested in everything pertaining to health.  
Young men in Highland Park who feel they cannot pass the army or navy physical examinations on account of being too short of stature, over or under weight, etc., will do well to consult him at his Chicago training quarters. This service is free of charge and is contributed as a patriotic act.  
REGULAR MEETING OF THE CITY COUNCIL  
Bonds of Huber Electric Co. for Wiring and Fred Schaefer for Plumbing in City Hall, Accepted  
At the regular meeting of the city council Friday evening bills and pay rolls covering a period from July 1 to July 13 were approved and ordered paid.  
The bond of H. W. Huber Electric Co. covering a contract for the electric wiring in the addition to the city hall, in the amount of \$337 with D. C. Purdy & Sons as surety, and the bond of Fred Schaefer, covering the contract for the plumbing, gas fittings, sewerage work, etc., in the amount of \$718.00 with Alexander Robertson as surety were accepted.
