Highland Park folk consider the nearby Army and Navy boys their own special property and whenever there's a benefit the citizens feel that it is their pleasure to do the biggest part of the work. Exmoor members have decided to give a splendid affair at the club on Saturday, August eleventh. The event will be an officers ball and supper and will benefit the Red Cross and Navy Relief Society. The Naval band from the United States naval station will play on the Exmoor lawn from 4 to 6 in the afternoon, and the music for the dinner will be in charge of the military band from Fort Sheridan. The dancing will be in the main ballroom at the clubhouse and in the Robert F. Carr pavilion, which will be appropriately decorated for the occasion. A large committee is already at work on the details of the event.

The affair will benefit the navy recruits now at the station.

Hair Cutting by Electricity at Lung's Barber Shop

The present is an age of invention—of doing things that were heretofore deemed impossible—and of devising machines and instruments for performing, easily, quickly and in a more satisfactory manner, tasks that were laborious and slow under former methods. Among the several most noteworthy mechanical achievements of this Twentieth Century advance is the

MOORE ELECTRIC HAIR CUTTING MACHINE

which we have just installed. Quick action. Little time lost waiting for the call "You're next." One half time saved in the chair, having the work done. Artistic and perfectly satisfactory work, such as is practically impossible with shears. Individuality of style in combing the hair and trimming the beard is preserved, whether it's a "trim" or a "cut." Shears seldom accomplish this. No possibility of cutting, pricking or otherwise hurting a customer.

Come in and give this new machine a trial.

All around the horizon, a review of the year's work was the topic. What have Christian Missions accomplished was related by Mrs. S. P. Hutchinson. Brief accounts of the work in Japan, by Mrs. George Pettis; in China by Mrs. Bert Easton; in India

by Mrs. R. E. Holmes; in Latin America and Siam by Miss Woodman, were given. Mrs. Reichelt, Jr., told of "Our Muddle in Mexico." Mrs. Goldring's reading of the Old Times, concluded the program, which was followed by a social hour.
