Choose a Lyon & Healy-made Washburn Piano at \$225, or a Lyon & Healy Piano at \$325 up, and you will have rare value indeed. Act without delay. Promptness will pay you a big dividend.

**DEFERRED PAYMENTS** \$5 on delivery and the remainder monthly will secure a Lyon & Healy-made Washburn Piano.

### Flashes from the Red Cross Trenches in Illinois

The total Red Cross membership in Illinois total is 610,416.

The Wilmington branch of the Will county chapter has over 50 per cent of its population.

The Fayetteville branch of the Cairo chapter has approximately 80 per cent of its population and modestly announces that it proposes to lead the state.

Elizabeth in Jo Davies county—population 703—has 315 members.

One family in Carmi has enrolled five of its number in the Carmi chapter as life members.

Sandwich, population 2,750 has 1,168 members—and the membership committee there is working on the other 1,582.

Alado, Mercer county, with a population of 2,144 has 100 members. Mercer county, already has more than its quota—and is still working.

Oneida, Knox county, population 599, has 238 members.

**We'd Starve to Whip the Kaiser**  
"Cut down on meat" Friend Hoover says.

Your calves and piglets spare:  
The good old bread of other days is taboo: cornshakes' the bill of fare. Next winter when the skies are gray, And coal stocks low are running, In bed all day they'll bid us stay, That war plans may keep humming, Perhaps they'll have an "endless day" With nary a crust of bread. Bill Sherman wasn't far astray, When "War is hell" he said, But if to slave and 'tint, and save The kaiser's power 'twill crush; Give us mealless, wheatless, heatless, endless days, We'd thrive on cornmeal mush.

—Joe Ryan

### Your Neighbors have been Called to Join the Colors

The nation's call to its patriots is sounding from coast to coast this week. Men from your community are leaving their offices, shops and farms to fight for their country. This means that they will fight for YOU and the members of YOUR family. Your neighbors and relatives and friends are going to the front. Help the Red Cross care for them skillfully and with tenderness when they are hurt. Every chapter in Illinois should push its membership NOW far beyond the quota.

### The Boy Scouts

The Boy Scouts of America performed a notable service to the country in their campaign for the sale of the Liberty Loan Bonds. Through their efforts more than \$25,000,000 of the bonds were sold directly. How many sales were due indirectly to their activity can not be known.

The Boy Scouts worked systematically and thoroughly and with an earnestness that was inspiring. They covered fields that could not have been well covered by other agencies and effected sales that would not have been made without their efforts.

The Scouts have not only proven their patriotism. They have shown their efficiency and their civil value.

### Liberty Loan Buyers

The oldest purchaser of a Liberty Loan Bond is Mrs. Louisa K. Thers, of Milwaukee, Wis., who is 102 years of age and a real daughter of the Revolution, her father having served in the Continental Army which won our independence.

The youngest subscriber to a Liberty Loan Bond is Miss Florence Estelle Rogers, of Medford, Mass., whose father purchased her a bond when she was 8 hours old.

The purchaser of a Liberty Bond with the longest name was Mr. Gunst J. Papatheodorokomoundurgitomi-chaliskopunolis of Chicago.

### A ONE HUNDRED PER CENT PEOPLE

It is a pleasing coincidence that the Red Cross campaign for \$100,000,000, which immediately followed the conclusion of the Liberty Loan campaign resulted in an oversubscription of practically the same percentage as the oversubscription to the loan.

The American people are well over 100 per cent patriotic and well over 100 per cent generous.

### REAL ESTATE TRANSFERS

### Speaking about the burial of sectionalism, we note today in the orders to junior officers of the army the assignment to duty of young Captain Ulysses G. Lee.

With Pershing and his staff in France, and the American war-ships off the coast of France, the Kaiser may soon revise his opinion that America can do nothing in this war.

We can picture certain of the moving picture directors tearing their hair at the thoughts of 1,000,000 pounds of dynamite being exploded without any opportunity of filming it as a real thrill for a war scenario.

When afflicted with thoughts of your own shortcomings, abuse the government, state or national.

Of course those who fled to Mexico to avoid registration will have no conscientious scruples against calling upon the government for protection in case Mr. Villa decides to entertain them.

Don't have an empty preserving jar in your neighborhood next fall.

It is hoped that all the American war boards will get their internal quarrels settled before the big drive begins.

With Marshall Joffre's assistance, Gen. Pershing should be able in short order to give the first American expeditionary army to arrive in France all the instruction it may need.

One encouraging thing about the registration was the need of interpreters to enable the many foreign born youths to register their eligibility for military service for their adopted country though unable to speak its language.

The cables carry reports of fights and riots among the Socialists at Stockholm. The usual fate of a peace meeting.

The federal Trade Commission will make it hot for the coal producers now, the latter may have to make it warm for us next winter without having to sell all of our liberty bonds.

Occasionally a word leaks out from the "bureau of information" which sounds something like Old Subscriber telling the editor how to run his weekly newspaper.
