

Vacuum Cup Tires

A tag on every tire which guarantees 6000 miles

But it's a rare instance when this mileage is not far in excess of the guarantee.

☛ **A real no-skid tire.** Holds the car to the road whether wet or greasy. If it does not, returnable and money refunded, after a reasonable trial.

☛ **Oil Proof, too.** Contact with oil or grease leads to no deteriorating effects.

Side pockets in a women's bathing suit may be fashionable, but they would be a nuisance if the lovely wearer ever tried to swim.

Council of National Defense WOMAN'S COMMITTEE

Official News Notes on all War Work

Notice has been received that the week of September 17th is to be registration week for women over 16 years of age. This is the official government registration of census, to be taken in every state on uniform cards sent from Washington.

American Fund for French Wounded
Mrs. Everett Millard announces that the American Fund for French Wounded is still in the grip of an unsatisfied desire for crotonnes, brightly colored crotonnes, cheerfully flowered crotonnes—any size above a foot square. She also wishes gratefully to acknowledge the receipt of the materials that have already come in.

The American Fund for French Wounded is in need of knitted articles and goes so far as to provide the yarn to ladies who wish to make garments and turn them back into the supplies of the Fund.

Army and Navy Center
Donations, however small, to the little fund of the Army and Navy Center are received by the committee with a breathless gratitude that ought to bring tears to the eyes of the donor—however great. If you would like to see a lady half dollar do a big man's work put it under the tutelage of this organization. Address Mrs. George R. Jones, Tel. 385, Treasurer.

The Center longs for the loan of a manolin and will take such good care of it! Haven't you one you aren't using just now?

The next regular meeting of the committee of the Army and Navy Center will take place on Monday, August 13th at ten o'clock. The chairmen of all sub-committees, the patronesses and the officers are particularly urged to be present. Much important business will come before this meeting.

Everyone is invited to attend the Sunday evening services that take place in the Lake Forest park at 8:30 o'clock on Sundays, under the auspices of the Army and Navy Center. Come and sing with the soldiers and sailors.

Red Cross
A remarkable record has been established during the past week by the Hospital Supplies Packing Committee (in Chicago) under the direction of Mrs. W. L. Phelps and Mrs. Charles McNeill. Gauze dressings to the number of 32,913 have been inspected, wrapped and packed by these energetic workers, who have labored early and late in order to facilitate the shipping of these needed supplies to their destination. Of these dressings it is pleasing to learn that 60% were made in three days at our local Red Cross Shop in Highland Park—yet only a handful of our townswomen are contributing much of their leisure time to this invaluable organization.

Will you please return left-over bits of yarn to the Red Cross Shop. They can often be matched up with left-over bits of work—to the great satisfaction of all concerned.

Don't for Knitters of Socks

Don't cast on tightly!

Don't knot your wool. Join the ends by splicing or by knitting the ends double for an inch or two.

Don't make a heel with a seam on the sole.

Don't use black, dark or brilliantly colored yarn. Here lies danger of blood poisoning.

Don't use needles too fine for the wool. The knitting should be elastic.

Don't make a foot less than 10 1/4 inches long.

Don't use pins in fastening tags or pairs.

SWEDISH LUTHERAN

The Ladies Aid societies of the two churches held a joint session in the Highwood church last Friday afternoon. This meeting the first of its kind was splendidly attended. The next meeting of the Highwood society will be held at the home of Mrs. Adolph Anderson on North Ave. Mrs. E. T. Skidmore will be hostess to the next meeting of the Martha Aid society.

Next week Thursday the Lake Forest Dorcas Aid Society will be entertained by Mrs. Martha Anderson, the meeting will be held at her home on Sheridan Road.

Regular services are held as follows:

Sundays—Mornings and evening in the Highwood church.

Thursdays at 8:15 p. m. in the Presbyterian church in Lake Forest.

Fridays at 8:00 p. m. in Library Hall, Highland Park.

A SERVICE STATION

Have you ever thought of YOUR BANK as a service station? It is a service station indeed,

Where funds may be deposited safely and conveniently.

Where deserving customers may borrow on good security.

Where sound securities yielding attractive rates can be purchased.

Where a well organized accounting department assists in the keeping of your books and accounts.

Where moneys can be exchanged into denominations to meet the needs of the business man.

Where thrift is encouraged by the opening of accounts with small sums and interest is paid on the same.

Where safety deposit boxes and vault room are furnished at small cost in a fire and burglar proof vault.

Where your various needs in the banking line are taken care of promptly and courteously and where honest and expert advice is rendered to customers cheerfully and without charge.

You will find here such a Service Station.

ADVISORY BOARD RUSH HOSPITAL WORK

Continued from page 1

In order to bring about the necessary economies in construction, Architect Pingree has found it necessary to revise his plans downward. According to the latest figures submitted, the building will be 40x80, feet in size, a high basement, two full stories and an attic room—enough when fully completed for sixteen beds accommodation for a small hospital staff, a small perfectly equipped operating room, X Ray room and sterilizing room built on the unit plan.

Everything is so far advanced that within a day or two the Board will be in a position to advise the Directors to proceed with the work. The building lot is paid for and there is on hand and subscriptions, sufficient funds with which to grade the grounds, build the building and complete the basement and first floor—which will provide for immediate use six beds, the operating room, etc., but will not provide the equipment. About \$15,000 to \$18,000 is needed in order to complete the second floor and furnish the operating room, etc.

The Advisory Board for the past four weeks has been making personal calls on our citizens endeavoring to raise additional funds to complete their work. They have been most cordially received by everyone, and with but one or two exceptions have met with gratifying success, and even in those cases where they have not received a favorable response they have hopes of ultimately receiving the much needed assistance asked for. They expect to continue their efforts until every citizen living in Highland Park has been given an opportunity to subscribe or to increase his original subscription.

Mr. Walter H. Baldwin has accepted the presidency of the Hospital Association and with Architect Pingree, will have charge of the construction.

Highland Park and vicinity are going to have a hospital—not an elaborate, expensively managed institution, but a small, well-built, well-equipped economically managed hospital—something the citizens can point to with pride the same as we do to our churches, our library, our Fire Department, our magnificent schools, our many beautiful homes, and our splendid type of citizens all of which have placed Highland Park in a class by itself as the most beautiful residential city to be found anywhere in the central west.
