NO PUBLIC CANNING AT THE HIGH SCHOOL

The Food Conservation Committee Unable to Procure Outfit. Recipes to be Published

The committee appointed to look after the conservation of food has been greatly disappointed in not being able to procure the canning outfit which they had so desired to have. For that reason there will be no public canning done at the high school as had been planned.

The Women's National Defense Council suggested to the committee that they publish each week recipes for the canning of fruits and vegetables which they will endeavor to do. Next weeks issue will contain recipes for the drying of peas and corn and also one for the canning of beans in brine.

Mrs. O. L. Oleson,
Chairman of Canning Committee

LAKE SHORE LODGE TO GIVE SOCIAL

Saturday Evening, August 18, at 8:00 on Blauert's Lawn, Burtis Avenue, Highwood

On Saturday evening, August the eighteenth at eight o'clock an ice cream social will be given under the auspices of Lake Shore Lodge No. 558 on Blauert's Lawn, Burtis Ave., Highwood. There will be good music and various kinds of entertainment. The proceeds of this affair will go toward the Christmas fund. Tickets are now on sale.

Daughters of the American Flag
The girls of the Barbara Fritchie Chapter of the D. A. F. made a good sum at their cake and candy sale last Saturday. They will meet as usual, Saturday next at Ridgewood. Very special requests for work have come from the Lakes and the girls hope there will be a full attendance.

There is also considerable need in this country for an "order of the Benedict Arnold" the model of which appropriately might be struck off in silver—German silver.

Mr. D. H. McClure and daughter Esther and son Dwight spent a few days this week with Mr. and Mrs. Charles Green and Mr. and Mrs. H. McClure.

PATRIOTIC RALLY HELD MON. EVE. IN HIGHWOOD

Chaplain Adams of Fort Sheridan R. O. T. C. Spoke, Nearly the Entire Population in Parade

The Patriotic Rally held Monday evening in Highwood was an inspiring meeting.

Led by the band and Spanish American War Veterans the members of Patriotic League marched around town being joined from time to time by interested spectators so by the time they reached the headquarters it looked as though the entire population had turned out.

A very interesting program was carried out under the direction of Chaplain Adams of Fort Sheridan R. O. T. C.

Mayor Meyers of Highwood, being called upon gave a very cordial welcome to the League and extended to them the hospitality of the city. His cooperation and help is very gratifying to those who are opening up this center.

Miss Helen McQuillan who has been in Highwood since July 5th planning and working for the opening of the center followed with a very wholesome talk to the girls.

Miss McQuillan has won all, by her attractive personality and the interest she is showing in the work she is doing.

Chaplain Adams closed the program with an inspiring patriotic appeal to his hearers to assume their share of the responsibility that is laid on the women and girls of the North Shore at this time and complimented the city and Patriotic League for the opening of the pleasant headquarters. The room was appropriately decorated in flags and bunting.

Lemonade and cake were served by the girl members.

TWO LOSE LIVES IN GREAT LAKES WRECK

Continued from Page 1
A two car electric train of the Chicago North Shore & Milwaukee Electric railway drew into the little station which stands squarely in front of the entrance to the training station. A local train commonly is composed of one car. Because of the unusually pressing passenger traffic yesterday, a wooden trailer was attached. This was filled with men, women and children.

Officials of the road believe Motorman R. A. McVey of the limited to be the blame for the accident. Some say that he was racing with a train on the C. & N. W., while others maintain that his attention was attracted for a moment by the sham battle going on at the station. It is said the train was going thirty miles an hour and should have been operated at no more than ten miles an hour at this point, according to recent orders issued by officials.

Almost in a twinkling the stretchers were at the platform. Jacob Portman, who died on the way to the hospital, was taken up with both legs crushed. Elizabeth Whitaker, who with her mother, was on a holiday, was found with her right leg torn off. She died in the Great Lakes hospital.

Among the first to visit the scene of the disaster were State's Attorney James G. Welch of Waukegan and officials of the electric railway. Mr. Welch said he would immediately begin an inquiry.

"I think there is no doubt it was the fault of the motorman," said B. J. Fallon, maintenance engineer of the road.

Suspects Gross Carelessness
"Regardless of what the coroner does in the inquest on Friday," said State's Attorney Welch, "I shall make an independent investigation. From first evidence it seems there has been carelessness of the grossest nature."

Mr. Welch and Mr. Sonsteb were high in their praise of the efficiency of the Great Lakes jacksies. Mr. Sonsteb, who was a passenger on the limited, saved himself by jumping, and was able to be of assistance in caring for the victims.

Announcement

Pasteurized Milk is Good Clean Milk heated to approximately 145 degrees Fahrenheit and held at that temperature for 30 minutes, then cooled suddenly.

This process in no way destroys the nutritive value of the Milk. It does however, destroy harmful germ life that Milk may contain.

We say "May" because there is always a chance that Milk "may" contain harmful bacteria no matter how carefully handled before it reaches us. So to Safeguard you we Perfectly Pasteurize it—then cool it—then automatically bottle and cap it. So it comes to you untouched by human hands.
