FLOWER AND VEGETABLE SHOW ATTRACTS MANY

Continued from Page 1
 impetus of the Highland Park Patriotic Food Growers Association. With the encouragement that their success this year will bring to them, these growers will surpass those results next year. But let us hope that the great war will be over ere then. "The gardens will bloom and produce next summer in Highland Park as never before because the workers who have done their "bit" this year in the war, have found the work well worth while for itself and its results and when peace comes the gardens will still always be with us.
 The boys and girls were the charms of the show and every visitor looked carefully over the exhibits admiring and noting the name of each young exhibitor. These junior exhibits alone made all the work that was done, well worth while, for 1917 has inclined many of the boys and girls with a wholesome appreciation that will be an influence with them all their lives.
 The Exmoor caddies came in for special notice and were prominent

among the prize winners in the vegetable classes. The club prepared the ground for the boys and President F. Edson White generously paid the price for the seed. The boys did the work. The sod-land was turned over and there were weeds and grass to fight aplenty but the boys came through on top with the true Exmoor spirit. Out of sixty plots originally allotted, very few were allowed to go back from lack of cultivation, and some of them were so fine, that the inspecting committee said that they showed results as good as in any private home gardens in Highland Park.
The Prize Winners
 The prize winners were indicated by red, white and blue ribbons for first, second and third prizes respectively. In addition to the ribbons there were attractive special prizes for the young people, both boys and girls:
 Following is the list of prize winners reported by the judging committee:
Boys and Girls
 1. String Beans, wax, 1st prize, Emil Johnson.

 Those who have not received their prizes or ribbons may call for the same at the Highland Park Club.
Note of Appreciation
 Highland Park Press,
 Gentlemen:—
 In behalf of the Board of Directors of the Garden Club of Highland Park, I wish to thank you for your courtesy and kindness in making the Country Fair, held at Highland Park Club Saturday last, a success.
 M. H. Raymond,
 Corresponding Secretary.
 Sept. 4th, 1917
Your Part in This War
 The United States of America is in war, more horrible, more severe, and more dangerous to its people, their homes, lives and property, than has ever happened in this world before. It has only begun! Right in our own country, in our own neighborhood, are those who would help our enemies destroy our homes, our freedom, and with it this great opportunity-giving country. They would make us subject to the will and power of the most cruel and autocratic clique of rulers upon the earth. There are those, who positively wish for Germany to win this war, and will in every way try to help to this end. There are others who don't realize the situation as it really is and are not helping their own country, to win. There are others who are helping and encouraging Germany, Austria, Bulgaria and Turkey, by criticizing our leaders. There are others, (for various reasons) who are hurting, instead of helping this country win this war. The time has come when those who do not help this country with their own direct, personal efforts, are positively and absolutely helping Germany, and all it stands for (broken agreements, poisonous gases, Turks, killing of innocents, etc.) to win this war, against this country begun years ago. The shown of Germany's designs upon this country begun years ago. The time has come. Where do you stand? Where does your neighbor stand? The real and best things of life demand your stand, and your action. Love for your neighbor, demands your desire to help him to see the right side. Love for your country and what it stands for, demands your neighbors support, or his place in the country for another citizen, that is loyal. Wake up, watch and help!
