Those Not for Us are Against Us
 By B. F. Harris
 (Vice Chairman, Illinois State Council of Defense)

The time has come for a roll call of Simon-pure Americans. There is now no middle ground; he who is not with U. S. and for U. S. is against U. S.
 Luke-warm patriotism does not go; it must be of the real true-blue, thru and thru fiery kind that characterizes the battle front.
 We have had our doors open wide to the world, and have said "Welcome;" and all the world has come and enjoyed privileges that a citizen or resident of no other country can enjoy. That's why they came, and stayed, and have waxed fast—though not always patriotic.
 Because ours is the land of the free, we have not discriminated, as we should, between the man with an honest protest and the man with a reasonable propoganda.

That day is past; war is grim business, and the roll call of patriots is sounding.

Any act that means loss, suffering and death to American soldiers is war on us. Every breath or voice that lacks in fervor, patriotism and support of our boys and the flag to the limit, is unpardonable, criminal—TREASON.
 If punishment, swift, sure and rigorous, is imposed on those who oppose the draft, upon those who oppose or interfere with the conduct of war preparations, upon those who speak and work against the flag, belittle our allies and justify Germany, they cannot complain.
 We must announce and prove our patriotism; we must denounce and drive out the traitor.
 We should be a united people, fighting our enemies at the front in France—not divided among ourselves here at home.
 We have drawn the sword in defense of liberty and justice, and no petty peace appeals shall sheath it until the victory is complete, with autocrats and dynasties destroyed.
 Every community must make it plain that treasonable talk and acts will not be tolerated, and those who fail to respond when the roll is called for the friends of the flag—can go to the country they support.

BARN IS STRUCK BY LIGHTNING SUNDAY

Kohler Property Located Southwest of Here is Total Loss by Fire. Other Fires
 During the severe thunder storm early Sunday morning the barn belonging to Mr. Kohler located south west of Highland Park on the Clavey Road, was struck by lightning. A call turned into the local fire department brought hose and chemicals to the scene, but on account of the good start which the fire had attained, the barn was a total loss. Forty tons of hay, oats and a number of farm implements were lost by fire. The owner does not reside on the property.
 On Sunday the department was called out to put out a fire occurring at the Northwestern depot when a Ford machine caught on fire. On the same day fire broke out at Arthur St. Peter's home. The department responded. There was no damage done.
 Still, it was a pleasant summer while it lasted.
