Girls Congress under the auspices of the Patriotic League will be held Saturday, October 13th. The afternoon meetings will be held in the assembly room of the association and are open to every girl. The evening meeting is to be held in the Elm Place Auditorium and Miss Harriet Vittum will speak. All who know of Miss Vittum realize the great treat that is in store for her hearers. This meeting is open to the general public and one should fail to hear this talented woman discuss the present day problems that are confronting us.

Miss Frances Greenough of the Central Field Board, Chicago, is in Highland Park this week arranging for the Girls Congress, October 13th.

Miss Annie Clements of Kalamazoo, Mich., is domiciled at the Y. W. C. A. headquarters. Miss Clements is to assist in promoting the work outlined by the Patriotic League movement along the North Shore during the coming winter and comes with a great deal of experience in her line of work, having been Traveler's aid secretary in Kalamazoo for the past four years, and previous to that was assistant Girls Work Secretary in Detroit.

The gymnasium classes among the children are proving very attractive. New names being added last week, thus extending the interest.

The regular monthly meeting of the Y. W. C. A. board will be held Tuesday morning at eleven thirty a. m.

GREAT LAKES BAND TO PARADE IN NEW YORK

Left Tuesday to Take Part in Red Cross Pageant Today and Tomorrow

New York has complimented Chicago and the Middle West by requesting the presence of the Great Lakes Naval Training Station band for the crowning feature of the gigantic Red Cross parade and pageant to be held in the east this week.

The band which is the largest in the world and is composed of 500 pieces, will be led by Lieutenant John Philip Sousa, in the invasion of New York.

Captain William A. Moffett, commandant of the Great Lakes Naval Training Station, received from Henry E. Davison, New York banker and chairman of the Red Cross War Council, a telegram requesting that the band and America's march king be loaned to New York Thursday and Friday of this week.

Three hundred of the bluejacket musicians left Great Lakes Tuesday in a special train over the Chicago and Northwestern railroad. Captain Moffett, accepted the invitation and accompanied the band with a staff of officers.

AMERICAN BASE-BALL IN FRANCE

"Boula" Cobb With Ambulance Corps Indulges in National Sport

The following clipping was taken from a paper printed in Paris. The Cobb referred to is Melville Cobb, known here by his friends as "Boula". He is with the American Ambulance Corps.

A Port in France, Monday. The first baseball game between teams at this point was played on the American Y. M. C. A. field yesterday.

There were two men by the name of Cobb on one team, and the immortal "Ty" could not have hit with any more success than did the two namesakes and their fellow players.

The French people were surprised at the agility of Coobles and the folly of his catcher, Russel Cobb, who deliberately stood in the way of the ball pitched by Flynn. However, they determined to practise and learn the game.

FIRE DESTROYS ROOF OF GARAGE IN RAVINIA

Small Blaze Destroys Part of J. F. Leating Property on Sunday Morning

During the forenoon, Sunday, fire was discovered on the Leating property in Ravinia. The fire department was notified at once by the neighbors, who thought that the family was away. The fire started on the roof of the garage and burned just the roof, the amount of damage being very small. The fire department was unable to render any assistance, as Mr. Leating had the fire under control pretty well when the truck arrived. The family is very grateful for the ready response of the department.

HOW ABOUT A FOREST PRESERVE FOR LAKE CO?

IT'S UP TO YOU, MR. VOTER

Committee on Arrangements Wishes Everyone to Have a Part in the Realizing of This Big Movement

What will be the fate of the beautiful spots which nature so richly scattered through Lake County? Will the lotus beds, the Waukegan flats, the valley of the Des Plaines, the Skokie, Grass Lake and the lovely places yet available around Cuba fall into the hands of private ownership or worse, be obliterated by commercialism—or shall they belong to the people as their natural heritage for all time to come?

That is the question which the public spirited citizens who are agitating the Forest preserve for Lake County are asking the farmers and land owners of the county to face while there is yet time to conserve these places which are not only a joy to beauty lovers every where but are unique laboratories for students of geology and botany, almost indispensable to the schools of the county and more important still should be large factors in keeping the young people on the farms and in the townships by providing beautiful picnic and outing places which are easily accessible.

The fathers of this generation were more concerned with removing the forests from the land to make it cultivatable; to none of them did it occur that a future generation would be compelled to plant trees and flora and to organize to conserve the natural beauties of the country. Yet we have only to look back a few years to remember the strips of woodland, beautiful marshes, happy hunting grounds of boyhood which have vanished before the advance of industrialism to realize that our children will be deprived of this natural heritage unless we take steps to insure to them forever what was the natural environment of the youth of a generation ago.

Realizing the necessity for immediate action a group of public spirited citizens of Lake County last June called together representatives from every village and town in the county and organized a Lake County Forest Preserve committee whose object shall be to launch a publicity and educational campaign which shall result in the rousing of every citizen in the county to a realization of the seriousness of the matter and the opportunity to serve his own and all future generations by demanding the conservation of desirable places throughout the county.

Several meetings have been held since the initial one. Funds have been collected for the work, the cooperation and active backing of numbers of representative citizens of the county secured and the prospect looks very encouraging.

"Before the county can have a forest preserve to serve you and your children after you, it will have to be voted upon and you, Mister Voter, will have a chance to go on record for the well being of your county, for all time to come."

The committee wants every man in the county to have a share in securing the forest preserve. Speakers for church and town meetings will be cheerfully furnished by the committee. Application to Mr. Paul Willis at Waukegan will bring immediate cooperation. It is also planned to secure the cooperation of the school children and the young people throughout the county. Slides showing the beauty of some of Lake County's natural gifts will later on be available for use in Sunday and day schools, clubs, etc.

From time to time the press of the county will be asked to do its important share in presenting the matter to the public. In other words it will be everybody's affair to bring the forest preserve into being.

DuPage and Cook counties already have such preserves and it is believed that Lake County will be greatly benefited by not only the preservation of her own interesting features but by cooperation with the larger plans of Cook county.

The movement is fostered by such people as W. Scott Keith, J. W. Barwell, Fred W. Buck, Elam L. Clark and C. H. King of Waukegan, Jens Jensen, prominent landscape architect, E. L. Millard, Payette S. Munro, Mrs. Julius Rosenwald of Highland Park, E. L. Ryerson, Stanley Field, and others of Lake Forest while there are other prominent representatives from North Chicago, Lake Bluff, Zion City, Wauconda, Lake Zurich, Fox Lake, Lake Villa, Libertyville, Wadsworth, Round Lake and other places in the county.

W. Scott Keith is president and treasurer; Jens Jensen, vice-president, Paul Willis, secretary, E. L. Ryerson chairman of the finance committee and Messrs. E. L. Millard, Elam L. Clark and Paul MacGuffin, council.

In Department Circular No. 90 Secretary of the Treasury W. G. McAdoo says in part:

Large numbers of National Banks, State Banks, and Trust Companies, Investment Bankers, Express Companies, Newspapers, Department Stores and other corporations, firms, and organizations have patriotically offered to receive and transmit applications for the Second Liberty Loan without expense to the applicants. The Secretary of the Treasury appreciates the value of these offers, and will have application blanks widely distributed, through the Federal Reserve Banks, to these institutions throughout the country, as well as to the post offices. No commissions will be paid upon subscriptions, and those who receive and transmit applications are therefore rendering the service as a patriotic duty.

This bank is anxious and glad to render the service indicated above and it invites the patriotic people of Highland Park and community to do their full share in subscribing to this Loan. Detailed information bearing upon the same will be furnished cheerfully.

Chapter has organized for that purpose a Medical Service Department to deal with all phases of medical and surgical relief of these dependent families in Cook, DuPage and Lake Counties. It is necessary that there be a number of Red Cross doctors in the different sections of these counties who will render service in their districts. In order that this voluntary service shall not fall too heavily upon a few shoulders, a number of volunteers are to be called, and the burden thus distributed. In case you are called are you willing and able to undertake this patriotic and humanitarian work?

"So far we have met with a very generous response, and hope you can see your way clear to lend a helping hand to this service. It is for the best interest of our community. It is vitally important to the morale of the men at the front fighting our battles. Let these men who are offering up all, feel that their families are not suffering from lack of attention. A prompt reply is urged. Very truly yours, Chicago Chapter, American Red Cross (Signed) John W. Champton, Executive Secretary.

The following doctors in Highland Park signed this letter: (Signed) Dr. A. Carlton Harkness, Dr. Lloyd M. Bergen, Dr. H. S. Haskin, Dr. Albert R. Sheldon, Dr. Frank M. Ingalls, Dr. R. B. Jacks, in Medical Reserve Corps, Fort Reilly, Kansas, Dr. H. B. Roberts, in Medical Reserve Corps, Iowa, Dr. H. J. Ullmann, in service in France, Dr. C. Johnston Davis, at Ft. Benjamin Harrison, Ind.

Through the chairman of the Labor and Census Committee, Mr. James H. Duffy, the local merchants have made an appeal to the Council to urge all housekeepers in Highland Park to order only once a day in so far as possible. This plan will lessen the work at the store in putting up the order and will only necessitate one delivery thereby making the lack of labor felt less keenly both at the store and in the delivery service. The Council urges the women to cooperate with the merchants in this matter.

The Council also urges all good citizens to "Dig up" for the Liberty Loan.

Back your belief with a bond.

Do you not realize that this is your war and your children's war; your neighbors war and your country's war—a war for your freedom and your God? If you do not "believe" in this war, then you do not believe in yourself or your children, in your neighbor or in your country; you do not believe in the righteousness of Freedom or in your God. But if you do believe in all these, back your belief with a bond! Buy one of the new bonds today.

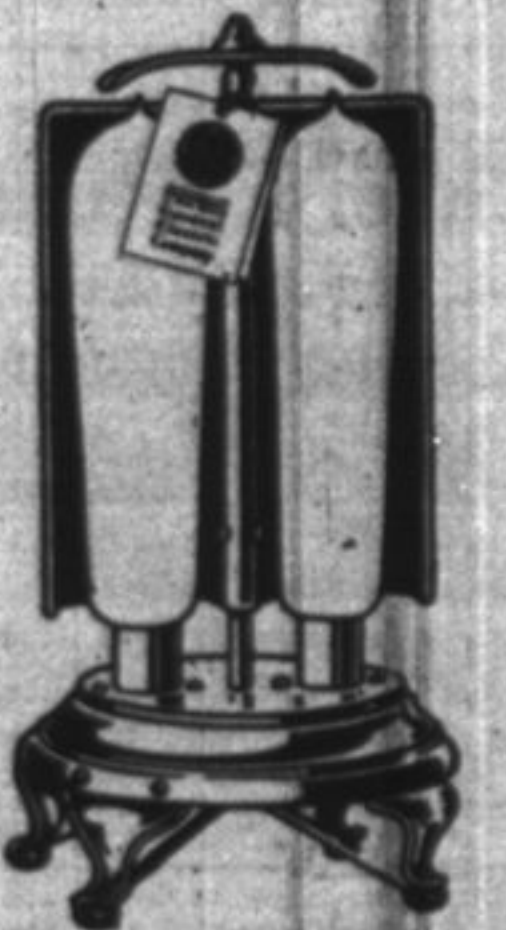

America must win the war. If we don't, says Governor Lowden, nothing else in the world matters. America's first task is to win the war; all private, family and community interests must be subordinated to that tremendous undertaking.

That has been the idea of the State Council of Defense in all its activities, it is a doctrine the Council is to proclaim in every community of the state through its neighborhood committee. It is a doctrine to which Gov. Frank O. Lowden subscribed with all the force of expression he can command.

Gov. Lowden has said frequently that his great desire in life, when his term ended, is to return to Mississippi, there to herd his flocks and tend his fields, but he adds:

"If we don't win this war I don't care what happens to my fields; nothing on earth matters if we don't win this world-wide conflict."

There is something for the juke-warm especially to ponder. It is something for all to remember and work up to. And it should remind all that for America to win, the countries fighting with her must win also.

WITH THE BOWLERS

Owing to so many of the old regular bowlers being in the many branches of service for Uncle Sam, it will be a great year for the new bowlers everywhere, and special attention will be given them in the way of getting the right start in the game, and a new bowler who gets the knack on the start will give the old man in the game, a hard battle for honors before the present season is well started. We especially invite new recruits to the national indoor sport to visit the Majestic. Register soon bowlers who wish to roll in the League.
