WORK FOR THE BABIES FUEL MUST BE CONSERVED

In these war times so much atten- ONE PRICE TO BE MAINTAINED BY ALL DEALERS

Local Dealers Cannot Purchase Coal Without Spot Cash so be Fair With Them. Discharge Your Past Obligations and Pay Cash for Future Needs

Winter is almost at hand.

The bing of local coal dealers are empty. The situation requires most strict economy.

The Committee appointed by the Highland Park Defense Council to in- held under the direction of Major restigate the coal situation in Highland Park, made a most startling re- Lucius A. Hine and staff. Led by port at a meeting of the Council Tuesday evening, which should be read the Cadet Band of the Deerfield and heeded by every consumer. Following is the report in detail: Highland Park Defense Council

Highland Park, Ill.

Gentlemen: Your special committee, appointed to investigate the coal situation begs actual work in the trenches. They leave to report that they have, during the last 60 days, made a very care- were however carefully inspected by ful investigation covering existing conditions, and during that period have all of the men and the witty exhad five meetings with the coal dealers in the City of Highland Park, all planations of the various military of whom have expressed themselves as very willing and anxious to co-op- terms by First Lieut. A. C. Purdy erate with the Defense Council in any efforts which they may put forth added much to the enjoyment of the to relieve the present embarrassing situation.

From our investigations we have learned that between the periods of the Fort was the first actual exper-April 1, 1917 and September 1, of the same year, the amount of coal deliver- lence many of the men had had ed has fallen short of the amount usually delivered in the same period in marching and they stood it excepother years by about 1800 tons, or, in other words, the amount of coal de- tionally well. It is hoped to have livered this year up to September 1 is approximately 5200 tons. The re- other hikes of a similar nature quirements for the entire year based on figures submitted by the dealers the near future. will aggregate 17,000 tons; or in other words, there will be required for Tomorrow (Friday) night the m actual consumption and for the filling of the needs of the town between litin will join with the Boy Scouts September 1 and March 31-a period of 7 months a total of 12,000, or an in a parade and demonstration to average of about 1700 tons per month.

In normal years the stock in the various yards would aggregate about second Liberty Loan issue. Details 1000 tons with which to fill orders and meet immediate necessities. At of the celebration are found elsethe present time there are 50 tons of coal available for this purpose.

On September 1 the dealers were short in deliveries or orders already placed about 650 tons. Part of this shortage has been taken care of during DEFENSE COUNCIL the month of September, but there still remain a number of orders which cannot be filled because the coal is not available. These figures are based on actual reports submitted to us by the various dealers, and are carefully elaborated in the attached report covering these details.

In a meeting held early in September the dealers felt confident at that time they were going to have deliveries in sufficient quantity to take care of not only their immediate necessities but would enable them to some extent to lay by a stock to meet orders accruing. At a meeting held in the ning and on Saturday the real work elephants" on your hands, especially Council Chamber on Monday evening, the 15th inst., we found the condition very much more serious than we had anticipated, and the dealers were cil met Tuesday evening and receivconfronted with a situation that on the face of it, was almost startling. ed from its Coal Committee a report Fort Sheridan at a point house to house canvass to see every clocks and cameras you will be do- The dealers reported that the aggregate orders which they had placed, and dealing exhaustedly with the coal and a half west giving both of these one, to encourage the purchase of Lib- ing a fine piece of work for your which had been accepted by the distibutors, would not total to exceed 1400 situation in Highland Park. The military stations a greatly desired country if you will simply call up tons, and there was no assurance given them that was dependable that report is printed in full in this is- system of good roads into Chicago. There is to be keen competition or write Mrs. Everett L. Millard who even that amount would be forthcoming . In other words, at the present sue and will justify careful study. Cook county is now building a good time if all the coal is delivered which they think will be available, it The situation is serious and demands road from Glencoe west to Dundee, will not take care of the necessities of the city for a period to exceed the co-operation of every citizen a distance of about twenty miles

We found also, upon investigation, that there was a very large amount mittee. of money due the dealers by customers in the city, the total running up into several thousands of dollars. Coal cannot be purchased today except on spot cash payments, and the attitude of the individual customer in not paying the dealer for his coal promptly is working a hardship not only nance Committee, reported that satisupon the dealers themselves but upon others.

From all the infomation available we are of the opinion that the sit- the solicitation of funds. uation is a very serious one, and may possibly require very vigorous hand- W. R. Ruffner, chairman of ling. While authentic reports would indicate that there is a real shortage in Special Liberty Loan Committee, re the Anthracite market, it may, and in all probability will be necessary for ported that a letter containing data a great many people to resort to the use of Bituminous coal for heating on the Second Liberty Loan and urg-

The necessity of coal during the cold months is just as crying as the necessity for food when people are hungry, and some arrangement must be made whereby all classes of the community will be taken care of,

At present the situation is this: There is no coal in the yards; no surplus stock has been accumulated, and the whole question must be handled as to treat each and all on the same basis. The real work of your committee is the formulating of such plan as will enable them to see that all are supplied small dustomers and large alike. This is no time for

Your committe has in view a plan which it may be necessary to resort to, which we feel to a great extent would relieve the situation. But we are in hopes that within the next 30 days conditions may so improve that we NEW CHANGES IN THE will not be called upon to put it into effect.

We do not wish to interfere in the slightest with the businesses which our local dealers have worked so long and faithfully to establish-with those dealers who have served us so satisfactory up to the present Their interests will be safeguarded and each of them will receive equal consideration. We are however confronted with the problem of seeing that all our

There must be a pooling of interests on the part of the customer and consumer and if made should not be considered seriously by the dealer. One man's necessity is no greater than the other's. There must be coop eration of that type that is genuine and prompted by the abnormal con

provement of certain roads.

Under the Federal Aid Act and the struction of a hard road from the northern limits of Chicago to the Naval Training Station, and the county is asked to take the road from that point to the state line. For this purpose it is estimated that about

The balance of the Bond Issue will be used for the consruction of the road from Waukegan west to the Fox Lake District.

Both of the projects should appeal to the voting public as we can have no greater asset in our county than a series of good roads, and the county is exceedingly fortunate at this time in getting such substantial aid from the Government and the State.

All the preliminaries have been arranged and if the voters pass favorably on the question the road will be south to the north line of Zion City: thence from the south line of Zion City to the north limits of Waukegan and from Waukegan west to the Green Bay Road; thence south to s point just west of Lake Bluff; thence west to the Telegraph road south to a point one and a quarter miles north of Everett; thence south along the Ridge Road to Shermerville to Cook county, and connecting ultimately with Lincoln Avenue in Chicago.
