**Rally. All You Citizens.
Around the Liberty Loan**

The following letters have been sent out by the Highland Park Defense Council to our citizens. The letters are urging everyone to buy a Liberty Loan Bond.

To Americans of Foreign Birth
You are Americans by your choice. You came here to enjoy personal Liberty and Safety—and to reap the full results of your labor; in this land, where greater freedom and plenty exists, than in any other country upon earth.

Your kinsman abroad have suffered, and are still suffering. Unless we protect this country, we all shall suffer likewise. If you cannot fight, let your money fight, for continued Liberty, for all time to come.

Fight for Democracy and help to destroy cruel Autocracy, and its rulers. Buy "Liberty Bonds" of the United States or pay indemnity to Germany, which? Even the humblest worker can buy a \$50 "Liberty Bond." Payable in weekly installments if desired. The amount you thus save belongs to you. Any bank in Highland Park, and Society, Church or Employer or Business man, will be also glad to explain. It is simple. Nothing but saving your own money for yourself in the soundest Savings Bank in the world, the United States Government, and which pays you 4 per cent interest. Go to any bank, in Highland Park and buy a "Liberty Bond."

Save money for yourself, and let your money fight for your continued freedom in the United States of America. Do it now.

How to Buy Liberty Bonds

Go to the North Shore Trust Company, the Highland Park State Bank, or the Highland Park Trust & Savings Bank. They offer their services free to you, and to Uncle Sam.

They will buy a \$50 bond for you from Uncle Sam and you can pay them at the rate of \$1.00 down and \$1.00 per week, or

You can buy \$100, \$500, \$1000 bonds also on weekly payments.

Liberty Loan Committee of Defense Council of Highland Park. The above banks are themselves liberal buyers of Liberty Bonds.

People of Highland Park

Some of our boys have gone to fight—more are going. They are going to protect you and yours. What are you doing to protect them? They are offering their lives. You must offer some of your money to protect them!

This does not mean giving your money away, but saving it for yourself, by buying "Liberty Bonds".

Uncle Sam buys food, clothing and ammunition for our boys, with this money, and gives you "Liberty Bonds" for it.

Uncle Sam, representing the richest nation on earth, our Country, guarantees to pay your money back to you, and 4 per cent more.

If an investment with Uncle Sam isn't safe and good, in every respect, then nothing that you can put your money into, is good, or anything that you now have it in. Plain fact. Uncle Sam needs your money now. He says he will pay your money back with interest. He has never failed to keep his promises. Any "Liberty Bond" you buy of Uncle Sam, can be sold for real money at any time. It is a quick cash asset. You can't lose by buying a "Liberty Bond," but you must help Uncle Sam win the war for Liberty.

Every workman, merchant, mother, father, preacher, employer, and employee, housewife and maid, boy and girl in Highland Park, should consider it his patriotic duty, that he and everyone near, or dear to him to own, at least a \$50 "Liberty Bond". People of Highland Park! You must stand behind our boys and Uncle Sam.

How to buy Liberty Bonds

Go to the North Shore Trust Co., The Highland Park State Bank or the Highland Park Trust & Savings Bank. They offer their services free to you and to Uncle Sam.

They will buy a \$50 bond outright for you, from Uncle Sam or you can pay them at the rate of \$1.00 down and \$1.00 per week, or

You can buy \$100, \$500, \$1000 bonds outright and also on weekly payments.

AT THE LA SALLE**

One of the Smartest Musical Comedies of the Season, Doing Capacity Business

The third month's stamp of approval has been set on "Oh Boy" the smart musical comedy which has been doing capacity business at the LaSalle Theatre since its opening night. This special Chicago Company engaged for the La Salle Theatre opening is headed by no less a favorite than Joseph Stanley; ably supported by Ivy Sawyer, Dorothy Maynard, Lawrence Wheat, James Bradbury, High Cameron, and forty others. There are five "Oh Boy" companies now playing in the United States.

When you go to town be sure to pay a visit to the LaSalle and you will be amply rewarded by one of the brightest and most successful musical comedies ever presented on the stage.

**LOCAL FIRE DEPARTMENT

This doctrine of force preached and practiced by Germany's militarists entails a prodigious quantity of plain and fancy lying.

Missing an Opportunity

OPPORTUNITIES

like good fortunes do not ring our door bells often.

By offering you at this time a Liberty Bond in sums as low as \$50.00 bearing interest at 4 per cent per annum, your Government offers you an opportunity such as has not come to pass since 1879.

An opportunity to become part owner of a Bond issue, the safest in the world, at an attractive rate of interest.

An opportunity to prove by substantial deed, rather than by loud word, your allegiance to the Stars and Stripes.

An opportunity to become a partner with Uncle Sam in the building of Armies, Navies and Defenses, that the honor of our Country and the principles of Democracy may be preserved.

An opportunity to enlist in the Army of Home Guards, backing with your money the gallant boys on the firing line, making possible the vigorous prosecution of the War and thereby insuring the earliest and most permanent Peace.

A MERICANS in time of stress are businesslike. And in the business of war when we draw the sword, we throw the scabbard away.

WE'RE at war now and in six months we have raised an army of 1,500,000 men, vastly increased the power of the Navy, created an incomparable hospital and Red Cross organization and are building a great aerial fleet and a great merchant marine. That is how we are preparing.

It has required millions and millions and millions of dollars to do this. Americans have furnished the money. They must furnish more to back up the boys in khaki and in blue who have gone across and are going across. Have you done your part?

**Have you bought a
Liberty Bond?**

The purchase is a loan to your Government for the purposes of war—to make your country safe—to win the war—to make this old world a pleasant place again to live in.

Any bank will tell you how the bonds are sold
