**Announcement**

Pasteurized Milk is Good Clean Milk heated to approximately 145 degrees Fahrenheit and held at that temperature for 30 minutes, then cooled suddenly.  
 This process in no way destroys the nutritive value of the Milk. It does however, destroy harmful germ life that Milk may contain.  
 We say "May" because there is always a chance that Milk "may" contain harmful bacteria no matter how carefully handled before it reaches us. So to Safeguard you we Perfectly Pasteurize it—then cool it—then automatically bottle and cap it. So it comes to you untouched by human hands.

**"SINEWS OF WAR"**  
 Money has been called the "sinews of war"

IN the case of your telephone system, however, the real sinews of war are the things that money buys—cable, wire, pole lines, switchboards, and other equipment necessary in furnishing telephone service.

The Bell System's "sinews of war" include a billion dollar telephone plant, of which the following are parts:

- Poles enough to make a solid fence across the continent.
- Lead and Tin enough to load more than 8,150 coal cars and make a train 62 miles long.
- Switchboards enough to extend 23 miles in one solid line.
- Wire enough to wind around the earth at the Equator more than 800 times.
- Telephones enough standing side by side to extend 820 miles, or from New York to Grand Rapids, Michigan.
- Buildings enough to house 180,000 trained telephone workers.

Such are the telephone "sinews of war" mobilized for service to the Nation.

**NOTICE TO CONTRACTORS**

Notice of letting contract for unfinished work under contract formerly let. Special assessment 236.

Notice is hereby given that bids will be received for the furnishing of all labor, tools and materials necessary for finishing the uncompleted portion of the work remaining and necessary for the grading, draining, curbing, paving with Asphaltic Macadam Pavement and otherwise improving Michigan Avenue, from the west corporate limits of the City of Highland Park, east to the westerly line of the paved roadway in Green Bay Road, to complete such work as a whole in accordance with the ordinance therefor.

Said bids will be opened on the 2nd day of November, A. D. 1917, at the hour of 5:15 p. m. at the office of the Board of Local Improvements of the City of Highland Park in the City Hall.

The specifications showing the nature and amount of the unfinished portion of said improvement, necessary to be constructed, and blank proposals will be furnished in the office of the Board of Local Improvements of the City of Highland Park, in the City Hall.

The contractor will be paid in bonds, which bonds draw interest at the rate of five per cent per annum.

All proposals or bids must be accompanied by a certified check, payable to the President of the Board of Local Improvements of the City of Highland Park, for a sum not less than ten (10) per cent of the aggregate of the proposal. Said proposal or bid must be delivered to the President of the Board of Local Improvements in open session of said Board at the time and place fixed herein for the opening of the same. No proposal or bid will be considered unless accompanied by a check as herein provided.

The Board of Local Improvements reserves the right to reject any or all bids should they deem it best for the public good.

**THE GREAT SOUTHCOTT BOX**

As a great deal of confusion has recently arisen in the public mind respecting the Box of Sealed Writings left by Joanna Southcott at her death, on December 27th, 1814, I should like, as her biographer, to clear up the mystery. Inquiries have daily reached me, and the following reply was sent to a Church dignitary: "There is only one authentic Box of which we have the names of the successive custodians from the time of the death of the prophetess, when it was placed in the charge of the Rev. T. P. Foley, Rector of Old Swinford, Worcestershire. There are other old boxes containing copied MSS. which are in the possession of the descendants of old believers, of which I have one. But these have nothing to do with the 'Great Box' as Mr. Foley calls it, in his Journal of the Trial of the truth of the Writings, held at High House, Paddington, in 1805. I have seen and examined the outside of this Box; it is large, and is strongly nailed and corded; I can vouch for it that it has never been tampered with, but is as left 163 years ago. The past holders, as well as the present, have been men of eminent respectability and of well-known integrity. The present custodian is a staunch churchman and an active worker in his parish."

but the bundles of Sealed Writings, most of which have remained entirely secret from the moment they were written, as they were commanded to be put into the Box and kept for a future period it is foretold that it will be sent for by the Bishops "suddenly and unawares, in a time of national danger"; that on its opening all present will be convinced of the truth of the Visitation to Joanna Southcott.

The scenes in England will then begin to change and this will become the First happy land among the nations. The believers maintain that there was a birth on December 24th, 1814, which perfectly fulfilled Rev. XII. Dr. Reece, the eminent London physician, declared that the child was gone. (See the "Express," Vol. II Simpkin, Marshall, London.)

The charge that she ever sold any "Seals" has been, again and again, abundantly disproved.

Alice Seymour, Crapstone, South Devon.

A recent newspaper from England states that many Bishops, including Dr. Boyd, Carpenter, Canon of Westminster are arousing themselves for the opening of the Box of Sealed Writings which should have been accomplished between the years 1904 and 1914.
