

DEFENSE COUNCIL MEETS TUESDAY

JUDGE F. L. WEAN PRESIDED

Warren Milby's Advice to Non-Patriots is to Buy One Way Ticket Half Way Across Atlantic

The regular meeting of the Defense Council was held Tuesday night, Judge Wean, presiding. Mr. Mason, the president has been called to Washington on official business. Reports from the regular committees were given. Mr. Varcoe, treasurer, spoke of a special letter from Washington thanking the Defense Council for its work on the Liberty Loan. Also gave the amount of money raised to date for the local war relief work.

The Food Conservation Committee will have a report very soon of all the work done during the summer which will be published in full. Miss Brown spoke of the Registration and the fact that women are not responding as they should.

The following resolution was passed: "The Defense Council of Highland Park wishes to express its appreciation of the splendid work being done by the Y. M. C. A. in behalf of our soldiers at the front in Europe and in our Training Camps in this country, and for prisoners of war of all nations. We urge our Patriotic citizens to respond in the fullest manner possible to the appeal being made to raise the necessary funds to carry on this great work." Continued on Page 4

SURGICAL DRESSINGS WANTED IN MILLIONS

Aim of Local Red Cross Shop is One Thousand a Day. All Urged to Help

"Red Cross standard surgical dressings in millions must be sent over to France with all possible speed," cables Major Grayson M. P. Murphy, head of the Red Cross Commission in France.

Major Murphy's cablegram as follows speaks for itself:

"The Red Cross has direct responsibility for supplying us with surgical dressings, and nothing in the whole situation here is equally important. Red Cross Standard dressings in millions must be sent over with all possible speed. If this is not done and done immediately a serious calamity and national disgrace is inevitable. The American women who compose the Red Cross Chapters should prepare with all the enthusiasm and speed possible the dressings which are to mean life or death to our own men. This whole question deals with the most vital things that the women of America can do for the soldiers in this war."

Every woman in Highland Park is urged to help in this drive for more—many more—surgical dressings. The aim of the local Red Cross shop is one thousand a day. Come and help at the Presbyterian church. Open from 9:00 a. m. until 4:00 p. m.

Representatives of the Woman's Bureau have just arrived this week from abroad. They state it is hard for us to appreciate the great quantities of dressings that are necessary. To enable us better to visualize this, they have informed us that cases are numerous where an entire box of dressings is used on one patient.

TWO ARRESTS MADE IN ATTEMPTED BURGLARY

Dally's Ready to Wear Store Again the Scene of Action. Bars on Rear Window Sawed

At 7:45 o'clock Monday morning when Mr. Dally opened his ready to wear store on West Central Avenue, he discovered that burglars had made an attempt to enter the place by sawing bars at a rear window. This is the second visit by burglars to this store within two months, the first time nearly \$100 worth of merchandise was taken, on Monday, it developed later, the culprits were frightened away by the police while they were making their regular rounds and did not succeed in gaining entrance.

The local police now have under arrest Toney Stockey of Milwaukee and John Rowland of Chicago. About 3 a. m. Monday morning these men were seen by Officers Edwards and Sheahan to come out of the alley at the rear of A. A. Moses' store. They claimed that they had come to Highland Park in search of Stockey's brother who is an officer at Ft. Sheridan and that their automobile had been stalled at Green Bay Road and Elm Place. The officers, having known of the brother in Fort Sheridan who had been sergeant there for fourteen years, were inclined to think their story feasible after having found the stalled automobile, and later released the men, but not until they had secured the automobile license number.

Last Monday morning when it was learned that an attempt had been made to enter Dally's store, acting marshal Grant and officer Sheahan immediately went to Chicago and located the owner of the automobile, afterwards learning the names of the men who had it out Sunday night. This led to the arrest of the men now held. The police now have a full confession signed by Toney Stockey which implicates three men, John Rowland, Frank Stockey, his brother and himself. Up to the time of going to press Frank Stockey is still at large.

DISCREDIT FALSE TALES ABOUT RED CROSS

American Association is Doing a Patriotic Service and Needs Loyal Support

A concerted effort is being made by anti-patriotic propagandists to discredit the work of the American Red Cross. Stories as malicious as they are absurd are being industriously circulated generally throughout the country. These stories, while presenting a multitude of variations, follow certain well defined lines. One relates that a sweater sent to a soldier through the Red Cross was later seen being worn by a nurse, a Red Cross employee, or some civilian who claimed to have bought the garment from the society. Another is to the effect that a woman who knitted a sweater for her son at Camp Grant, finding no other way of sending the garment entrusted it to the Red Cross to be sent for her, and a short time afterward received a letter from the son that he was obliged to pay the Red Cross for the sweater. Very often a tale is adorned by a five dollar bill or a ten dollar bill sewn into the sweater.

Most of the stories carry on their face their own refutation, but some are so cunningly embellished with detail as to trap the unwary into a belief in their truth. It must, therefore, be stated and reiterated that the Red Cross sells nothing, gives everything to their fighting men. The stories that sweaters, socks and other garments have been sold either here or abroad are unqualifiedly false. Those who initiate them are liars and traitors. Those who repeat them are giving aid and comfort to our domestic and foreign enemies.

The American Red Cross proposes to do everything in its power to ascertain the sources of this propaganda and bring the guilty parties to justice. Honorable Allan J. Carter, late Assistant United States Attorney, has volunteered his services and has been constituted the special representative of the Chicago Chapter to co-operate with the Department of Justice in gathering the evidence with respect to this concerted attack upon the work which means so much to our soldiers and sailors. Evidence should be submitted to the local chapter office and the co-operation of all patriotic citizens is earnestly invited.

GOOD MORNING, HAVE YOU REGISTERED YET?

THERE'S TIME YET, LADIES

Various Booths are Gayly Decorated and no Comfort is Missing to Make the Ladies at Home

By Blanche Mason
The registration of women is now in the fullness of its tide. With a fine, free indifference—that indifference so characteristic of unselfishness of purpose—our women are dropping into the places of registration to unobtrusively concerning themselves into the private ear of the registrars. They are. At this rate there will soon be no almost no available females who have not tried it. Well, it is quite worth while. There are the stern, solemn, anticipated advantages of registration. And then there is the remarkable feeling of the unobtrusive process itself—something absolutely new in the way of sensations, ladies. And then, most unexpectedly there is the beauty of the places of registration.

Our fellow townsman, Mr. Bahr and our other fellow townsman, Mr. Udell have respectively turned over a part of the flower shop and a part of the printing establishment as places of registration. That was a great deal to do. But then, in a burst of patriotism or elation—or something they have in a manner of speaking, laid themselves out to create a charming setting as well. The effect is perfectly lovely. Nothing could be prettier than Mr. Bahr's registration place unless it were that of Mr. Udell and nothing could be more pleasant than Mr. Udell's registration place unless it were Mr. Bahr's. All this, it must be understood, is perfectly free. Nor does generosity confine itself to these two men. Mr. H. K. Coale, whose place of business lies in that mecca of brightness and nocturnal gaiety—the Pearl Theatre Building—has turned over his establishment to the ladies for the evenings, from six to nine, with Mr. Coale Junior in almost constant personal attendance, to see that all goes well. Also Mr. Pearl has allowed the ladies—for a week past—to interrupt his performances with a "few words from the stage," no doubt well chosen but none the less unrelated to the show and very closely related to registration. And then there is Mr. Prior. Mr. Prior has furnished chairs and tables for all the places of registration—free. Now, could anything be more genuine than the generosity and kindness of these, our fellow-townsmen?

Women, the least you can do in return is to go and register. The Registrars at the Press office are boasting that they have the honor of registering Mrs. Phillip Brand, who is a dear old lady of 92 and has offered her services to knit for the Red Cross.

The number of those registering up to date are: Press Office, 7; Pairs, 194; Presbyterian Church, 98; Lincoln School, 27; High School, 65; Ravinia, 92; Highwood, 48; Coales Real Estate Office, 19. Total 623.

There is yet time for those who have not registered to do so.

COAL PRICES FIXED BY DEFENSE COUNCIL

Committee so Far Has Succeeded in Securing Coal Enough to Supply Immediate Demand

The Coal Committee of the Highland Park Defense Council has been making every effort to relieve the serious situation which is confronting us this winter. So far they have been able to secure steady shipments in small quantities, but barely enough to supply the demand, and they earnestly urge that every household be as saving of fuel as possible. The Committee has carefully examined and tabulated costs for coal and having made allowances for delivery and dealer's profits, under the rulings of the United States Government, have fixed the prices for delivery in Highland Park, until further notice, at the following rates: Hard Coal, egg, \$10.25, nut and range, \$10.50; Soft Coal, Pocahontas, \$8.00, and Illinois lump at \$6.85 per ton. These prices must not be exceeded. Deliveries will be limited to amounts and long credits will not be extended.

DINE AND SHOP AT THE TRINITY BAZAAR

NOVEMBER 22nd IS DATE

There Will be the Best of Candy for Sale, to Send to the Boys in France, Afternoon Tea and Supper

Do your shopping for Thanksgiving and Christmas at the Trinity Church Bazaar to be held in the Parish House on Thursday the twenty-second of this month. The doors will open at eleven o'clock so you will have time to look over the attractive wares to be offered before luncheon which will be served from half after twelve to half after one. The price will be fifty cents so now is a chance to entertain your friends either at noon, or afternoon tea from four to five-thirty or at supper at six thirty. Tea is thirty-five cents and supper seventy-five, but when you realize that Mrs. George Allan Mason and Mrs. Tom Wyles are at the head of this committee with some of the best cooks in Highland Park as their aids you will say the price is more than reasonable. After the evening repeat Mrs. Daniel Cobb will appear with her aggregation of vaudeville specialists and a genuinely unique entertainment is promised. She says by next week more may be told about it.

We are nothing if not patriotic these days but the thing is to keep our balance and even things up in as normal a way as possible. It is a fine thing that so many are giving up candy but it should only be given up, ourselves that we may spend the same amount (or much more) in buying sweets for the soldier boys. Mrs. John Norcross has the candy table and if every one who visits the bazaar will just buy one box and send it to one of our boys "over there" just think what that would mean. Orders may be sent right now to Mrs. Norcross so there will be no danger of running short. A fellow in the trenches wrote what it would mean to him to have a taste of "good American candy," so by giving up candy ourselves it will mean just so much more for the "boys". The candy workers have never had such an incentive before to make their very best and plenty of it.

Mrs. Lafean at her "baby" table will have some very superior cold cream suitable for the delicate skin of infants (and equally agreeable to grown ups) besides many attractive articles for the wee mortals whose wants may be supplied.

There will be many novelties at the book table among them Mr. Walter Carr's charming book of dog stories. Orders for this may be sent in to Mrs. George Merryweather so the supply will be adequate. Best of all there is to be no admission fee, you may come and go as often as you like. Just mark up the day on your calendar right now—Bazaar at Trinity Parish House, November 22nd from 11 a. m. to 11 p. m.

COMPANY "C" GOES TO GLENCOE, SUNDAY

D. S. High School Band Accompanies Detachment in Command of Major Hine

Company "C" of the State Reserve Militia boarded a special car on the C. N. S. & M. R. R. Sunday afternoon and proceeded to Glencoe where, together with companies A, B and D held a battalion drill. The companies assembled at the school grounds and marched to the Skokie Country Club where the drill took place. Major Hine put the companies through some strenuous drill and great improvement in the lines is noticeable. The D. S. H. S. band accompanied the "boys" and furnished the music. Highland Park and the militia are to be congratulated upon having such a good band, one that is always ready to come out on these patriotic occasions and help put a little "pop" into the work.

Several citizens of Highland Park together with several hundred from Glencoe were on hand to witness the drill.

ST. PAUL STATION AT DEERFIELD BURNS

Fire Destroys All But Freight Room on Tuesday Morning. Local Department Called

The Deerfield Station on the C. M. & St. Paul railroad was almost completely destroyed by fire, caused from crossed electric wires Tuesday morning. Two women in the neighborhood noticing the fire first saved the express packages before the men of the volunteer fire department arrived. As the building was old and highly varnished the fire quickly spread. The freight room is the only part of the depot remaining. The Highland Park Fire Department was called out and responded immediately, but was too late to be of any assistance.

LAKE COUNTY TO RAISE \$50,000 FOR Y. M. C. A.

CANVAAS STARTS MONDAY

Men are to Make a House to House Campaign and Each Householder Should Make Donation

The period from November 11 to 19, inclusive, has been designated for the conduct of a nation-wide campaign for contributions with which to carry on and extend the work of the Y. M. C. A. in the training camps and prison camps and behind the fighting lines. Every individual should give, no matter how small the amount, but no amount should be so small that it does not represent a sacrifice. If every household, in all this land on November 19 stands recorded as having contributed to this fund there could be no more splendid proof of national duty and no more heartening message to our allies and our men far from the front. Will you not therefore help to make the Y. M. C. A. but with its comforts and its blessings, a veritable symbol of the earnestness, the sacrifice and the devotion of a united people at home?

Lake County's share of this campaign is set for \$50,000, of this amount Deerfield township's quota is \$10,000, Shields township \$10,000, Waukegan township \$10,000, West Deerfield township \$1000, Libertyville township \$3500 and Lake Villa township \$1000, and smaller amounts for the remaining townships of the county.

A bulletin board will be erected in Highland Park on the C. & N. W. right of way and returns from all the townships in this county will be posted each day.

A house to house canvass will be made and a record kept in the confident expectation that the Highland Park Committee may report that every household has subscribed. In order that no household may have justification for withholding a subscription, any amount—no matter how small—will be accepted. Men only will be asked to make the house-to-house canvass so that our women may not be taken from their Red Cross and other war work, but the heads of all (Continued on Page 5)
