POSTMASTER EXAMINATION, JANUARY 12

Vacancy at Ravinia, Illinois, Post Office to be Filled by Successful Candidate

The United States Civil Service Commission has announced an examination to be held at Highland Park, Illinois, on Jan. 12, 1918, as a result of which it is expected to make certification to fill a contemplated vacancy in the position of fourth class postmaster at Ravinia, Ill., and other vacancies as they may occur at that office, unless it shall be decided in the interests of the service to fill the vacancy by reinstatement. The compensation of the postmaster at this office was \$614 for the last fiscal year.

Applicants must have reached their twenty-first birthday on the date of the examination, with the exception that in a State where women are declared by statute to be of full age for all purposes at eighteen years. Women eighteen years of age on the date of the examination will be admitted.

Applicants must reside within the territory supplied by the post office for which the examination is announced.

The examination is open to all citizens of the United States who can comply with the requirements.

Application blanks, Form 1763, and full information concerning the requirements of the examination can be secured from the postmaster at the place of vacancy or from the United States Civil Service Commission, Washington, D. C.

Applications should be properly executed and filed with the Commission at Washington, D. C., at the earliest practicable date.

PATRIOTISM

I wish to call attention to a simple, patriotic incident at the Trinity church entertainment Friday evening. It was all done so simply and so spontaneously, just as all real things are done.

Mrs. Earl W. Spencer appeared in the last act of the entertainment, and just before she left the stage two Jackies from the Great Lakes came out with an American flag. Mrs. Spencer was facing the audience smiling, all unsuspecting of the fact that the boys were holding the flag above her. When she saw the situation her face lit up for the moment with an expression that will ever remain with those who saw it, and then she retired in confusion. Her modesty completed this perfect picture of pure patriotism. It is a wonderful thing to be the mother of young men and women who are helping to save America. Five blue stars on the service flag in her home speak a greater lesson to all of us in this community than mere words can convey. The stars and stripes had a deeper meaning than ever, when held above the form of this lady. The sublime heroes in this war are the mothers who are making the supreme sacrifice for their country. After all, it is these mothers who hold us fast and true to our traditions and our duty. This simple incident needs no eloquence in the telling because it carries with itself in its simplicity a deep emotional appeal that was felt by every one who witnessed it. —Burridge D. Butler.

KEEP THE KNITTING NEEDLES GOING

Red Cross asks women to give best efforts between now and new year's day.

To the women of Illinois comes officially from both the War and Navy departments the direction: Keep in knitting.

Tales that sweaters, socks, mufflers, wristlets and the like are not wanted by the nation's soldiers and sailors are maliciously false. Tales that such articles, when turned over to the Red Cross are sold or are used by the members of that organization privately are plain lies.

"A knitted sweater is a garment of great service and is a welcome addition to a soldier's equipment," says Secretary of War Baker.

"With the cold weather coming on, the demand for sweaters, especially has been beyond the capacity of all our resources to supply," says H. D. Gibson, general manager of the Red Cross. "We have been compelled to buy in the market 550,000 sweaters, of which about 250,000 have been delivered."

"We are buying all the yarn we are able to secure that is suitable for knitters, and are sending it out to the chapters as fast as we can get delivery of it."

"We have received from the chapters about 200,000 sweaters, all of which have been delivered to the men in the camps and training stations, with the exception of a few thousand which we have had to send to France."

"We call upon the women to give us their very best efforts from now until at least January 1, that we may be able to furnish our own men with these comforts, and have some to spare for the dire needs in France."

Buy Gifts at a Store of Quality

Store Open Every Night Till Christmas
