PATRIOTISM

CHRISTMAS CHEER

WHEN the world conflict of democracy versus autocracy seems at its height; when daily, cheerfully, liberally we respond to the appeals for loyalty and sacrifice; when we prepare to celebrate the birthday of the Prince of Peace in the midst of the anxiety, sorrow and suffering incident to a world war; this is the time to blend our Patriotism with Christmas Cheer.

It is the bank's privilege to assist the government in the floating of the Liberty Loans and the sale of Thrift stamps and certificates, and it is this bank's pride that three of its young men have left the teller's cages and answered their country's call.

To these young men and every other soldier and sailor from this section-to their friends and relativesto all our loyal friends and patrons-to every patriotic soul of Highland Park and vicinity-we wish the fullest measure of Christmas Cheer.
