How many income taxpayers will there be in this county? If you can guess how many married persons living with wife or husband will have net incomes of \$2,000 or over and how many unmarried persons will have net incomes of \$1,000 or over this year, then you know.

Returns of income for the year 1917 must be made on forms provided for the purpose before March 1, 1918. Because a good many people don't understand the law and won't know how to make out their returns, the government is sending in this expert to do, it for them.
